The Gun Goes Off
instantly when you pull the trigger. So sickness may come on suddenly. But it takes time to load the gun, and it takes time to get ready for those explosions called diseases. Coughs, colds, any "attack," whatever the subject be, often means preceding weakness and poor blood.

Are you getting thin? Is your appetite poor? Are you losing that snap, energy and vigor that make "clear-headedness?" Do one thing: build up your whole system with **SCOTT'S EMULSION OF Cod-liver Oil.** It is the essence of nourishment. It does not nauseate, does not trouble the stomach. And it replaces all that disease robs you of.
