Court.

During the session of court at Lancaster, Saturday morning Judge Brubaker called the County Commissioners before him and charged them with disobeying the Court's order in refusing to give a contract for supplies to the party whom the Court had designated.

The Judge charged the commissioners with giving contracts for political purposes; being mere figureheads, saying that they merely obeyed the diction of their chief clerk, W. W. Griest, who is universally recognized as the political leader of the dominant faction of the Republican party in

that country. Judge Livingston was on the bench, but took no part in the discussion, Judge Brubaker announcing that he spoke for himself alone.

The County Commissioners publish a statement in which they deny the correctness of Judge Brubaker's 1 doz. " allegations, saying that the Judge's action is due to his disappointment in not being able to compel the award

It's the best thing for the hair under all circumstances. Just as no man by taking thought can add an inch to his stature, so no preparation can make hair. The utmost that can be done is to promote conditions favorable to growth. This is done by Ayer's Hair Vigor. It removes dandruff, cleanses the scalp, nourishes the soil in which the hair grows, and, just as a desert will blossom under rain, so bald heads grow hair, when the roots are nourished. But the roots must be there. If you wish your hair to retain its normal color, or if you wish to restore the lost tint of gray or faded hair use

The Economy of Poor Farms. The county of Clearfield saved \$29,000 in the cost of maintaining her poor last year, through the alms-house plan, in comparison with the

old system of farming out the paupers to individuals. A large farm was purchased, 2 commodious buildings constructed, and the poor have a home and such comforts they never enjoyed before. In a few years the almshouse will be self-supporting and the poor of the county as well as the taxpayers will have reason to thank the county commissioners for having decided to adopt the plan. What is true of Clearfield county is also true of other counties of the State in which the almshouse system has been conducted honestly and successfully, and the same satisfactory results would undoubtedly follow the adoption of the scheme for Lycoming county .---Williamsport Sun.
