**Legal advertisements on page 7.**

The latest slang word is "you're no Klondike."

Yellow fever has broken out in Mississippi, but it is not believed that it will spread.

J. A. White has severed his connection with Jerry Frederick's Iron Street meat market.

The employees of Harman & Hassert's car shops had a holiday Saturday, work being suspended in order to make some necessary repairs.

**A QUIET WEDDING.**

The announcement that W. H. Magill had been married yesterday was a great surprise to his many friends in town. The wedding was kept rather quiet. The bride was Miss Catharine Coffman, an estimable young lady of Danville. The COLUMBIAN extends congratulations.

**Practise Economy**

In buying medicine as in other matters. It is economy to get Hood's Sarsaparilla because there is more medicinal value in Hood's Sarsaparilla than in any other. Every bottle of Hood's Sarsaparilla contains 100 doses and will average, taken according to directions, to last a month, while others last but a fortnight.

**Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.**

**Pennsylvania's New Game Law.**

The new game law provides for many improvements over the old statute. The measure is as follows: Woodcock, July 1 to July 31, and from October 15 to December 15; quail, October 15 to December 15; pheasants, October 15 to December 15; rabbits, November 1 to December 15; squirrels, October 16 to December 15; deer, month of November.

Another section provides that no one man can kill more than fifteen quail, ten woodcock, ten pheasants or two turkeys in one day, or more than two deer in one season. The sale of game is prohibited, as are shipments out of the state.

**HORSE'S BOARD, \$25 A DAY.**

Flour and Rice the Only Food for Nags at Circle City.

"This is the greatest man-trap that God ever made," writes John Gallagher, formerly of Pittston, now of Circle City in the Klondike gold region, in a letter just received by his father, James Gallagher, of Railroad street, Pittston. He went to Circle City from Colorado about four years ago, and ought to know what he is writing about. Here are some of the "eye-openers" from his letter:

"There are only three horses at Circle City. The price of feeding them is not encouraging to increase that number. It costs \$25 per day to feed each horse, as the only feed that can be obtained for them is flour and rice, and these are luxuries, even for man."

**DEADLIEST OF MOSQUITOES.**

"The mosquitoes are terrible. They would kill a horse if proper precautions were not taken. Both man and beast must guard against the ravages of this terrible insect. One man in this locality who went about unprotected went crazy from mosquito bites. A moose is more afraid of the mosquitoes than a rifle bullet. Wild hay never ripens, and it is very rare. It is generally dried by the use of smoke."

"A horse that died here was sold as dog meat at 25 cents a pound. The entire horse brought \$200. HE HOPES BRYAN WON."

"This is May, and I have not yet heard who was made President. I

The blacksmiths employed in that department of the Bloomsburg Car Manufacturing Company's shops are all working piece work at present. The change was made one day last week, and seems to give much better satisfaction among the employees at least, than the custom of working by the day.

"A Photograph of Mother" a new song, now being published will be one of the catchiest pieces of the day. It will have a pretty melody and will be presented in handsome shape, with a beautiful half-tone cut on the title page. The words and music are by D. J. Tasker, author of "Gone Forever," which is in the repertory of prominent vocalists all over the country. Don't fail to purchase a copy of "A Photograph of Mother."

The Wilkes-Barre Wheelmen numbering in all about fifty-two, arrived in town about ten o'clock Monday morning all covered with dust and glory. They were making a century, the run being from Wilkesbarre to Danville and return. Being some minutes ahead of their scheduled time going down they took a few minutes rest here. They took dinner here on their return somewhere about 1:30. In a conversation with one of the crowd, he said, that with the exception of a puncture or two, no bad luck had befallen, on the run from Wilkes-Barre to here.

The dwelling house of Pierce Cole, a short distance below Benton, was destroyed by fire early Tuesday morning. A sewing machine was the only thing saved, all the other household goods being destroyed.

In the large show window of H. J. Clark & Son are the skins of two brook trout handsomely mounted on bark, and framed. One of the fish is 27 inches long and the other is 24 inches. They were caught by Hon. Grant Herring while on a fishing expedition in Canada recently.

Amos Ritter, an old and highly respected farmer was brutally murdered just on the outskirts of Watson-town, Monday night. The murdered man was seventy years of age. He had been in Watsontown purchasing some goods and when he left for home he had about \$15 on his person. As there was no money about his dead body, robbery was no doubt the motive for the crime.

Pitcher William Brandt, of the Bloomsburg base ball team was arrested by Chief of Police Arlington Shultz, on Tuesday evening. The arrest was made in compliance to a telegram received from Chambersburg, asking that he be arrested and held. He was placed in the lockup to await the arrival of the officer from the above mentioned city. Brandt was secured by the local ball club from Norfolk, Virginia about two weeks ago in the hope of strengthening their pitching department, but he proved ineffective in the box, and had received his release on Monday night.

We have since learned that Shultz, on being told that he had no right to hold a man in a case of this kind, at once gave Brandt his freedom, and it is said he left town, as the officer from Chambersburg arrived here last night, but was unable to find the ball tosser.

**Are You Thin?**

Look about you! See for yourself! Who suffer most from sleeplessness, nervousness, nervous dyspepsia, neuralgia, despondency, general weakness? Who are on the edge of nervous prostration all the time? Those who are thin, Opium, chloral, bromides, headache powders, only make matters worse. Iron and biters are only stimulants. To be cured, and cured for good, you need a fat-making food. You want new blood, rich blood; and a strong nerve-tonic.

**SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites is all this. It feeds the tissues, makes rich blood, and strengthens the nerves.**

Book about it free for the asking. For sale by all druggists at 50c. and \$1.00.
