Let none miss this rare and interesting performance.

It is reported that the republican candidate for Associate Judge is sending out circulars to members of different secret organizations, announcing the fact that he is a member of such societies, hoping thereby to secure their votes. Secret societies have little to do with politics, but it any one is to be influenced by the fact, it may as well be known that Alexander B. Herring, the Democratic candidate for Associate Judge, is a member of the Masons, the P. O. S. of A., the G. A. R. and the Columbia County Veteran Association.

AGNES WALLACE VILLA.

Every lover of pure and wholesome drama liberally interspersed with comedy, songs and dances throughout, should not fail to see Agnes Wallace Villa, in the greatest of all dramas in "The World Against Her" at the Opera House on next Friday evening Oct. 29th. This play is regarded as one of the strongest now before the English-speaking public. It is full of action—all the incidents are stirring, the language is vigorous, the character sketches are vivid and each climax is ingeniously contrived and thoroughly effective. The plot is decidedly absorbing and, as worked out in incidents, situations and dialogue appeals strongly to the sympathies of men and women alike, exciting the purest emotions of human nature.

A large number of up-to-date specialties are introduced throughout the five acts to give it a liberal quantum of fun.

Miss Villa, regarded as one of the foremost of emotional actresses, who appears as Madge Carlton, has the support of a strong company of 15 clever artists. A clever feature in this cast is Baby Cerrette but 3 years of age. A clever actress, also Little Vashti in her picturesque dances. Don't miss this intensely exciting drama.

Death Trap For A Burglar.

With Plunder Worth \$2500 He Opens a Door That Fired a Gun.

With diamonds, rings, watches and chains worth \$2500 on his person Thomas Oswald, of Baltimore, whom the police branded as a notorious crook, killed himself in the act of committing a burglary at Etna, Pa., Saturday night. He jimmied open the door of Jacob Blumling's shoe store, on Bridge street, and the opening of the door pulled a string that discharged a gun loaded with buckshot and set as a trap for just such an occasion.

The victim received the entire charge in his groin, and died soon afterward without saying a word about himself or his crime. A satchel that he carried contained an assortment of skeleton keys and other belongings of burglars.

A Republican circular says that the state of Pennsylvania has not lost a dollar, by reason of the default or mismanagement of a state treasurer, since 1840. What do the people know as to what may have been lost by such default or mismanagement since the treasury has been in machine Republican hands? Leading Republicans openly allege that much of the treasury assets are fraudulent and worthless, and nobody can get at the books. Nobody ever will until the machine is voted out.

The Republicans have assumed the defensive. They are seeking to explain the treasury steals. Their theory is that as the state grows the cost of running it grows. But not, Messrs. Republicans, because of that growth. The growth will not account for the difference between \$30,000,000, the cost of Pattison's first term, and \$48,000,000, the cost of Hastings' term.

It is an evidence of weakness that the Republicans are lugging in the tariff and the money question to save Beacons, McCauley and the state machine. They are even appealing piteously to the war veterans to aid them in their distress. The state is being flooded with circulars containing such appeals.

The Philadelphia "Record" is right in declaring that a vote for any but the Democratic candidates is a vote for the Republican machine. The one and only chance of redeeming the treasury of the state from Republican machine control is in Democratic success.
