# THESILVERQUESTION

THINK THE PROSPECTS FOR REFORM OF THE CURRENCY GOOD.

#### Some Democrats Would Help Change the Rules to Clear the Way for a Monetary Bill Which They Would Not Directly Favor.

Washington, Nov. 10 .- Notwithstanding the apparent impossibility that any **Gnancial** legislation should get through Congress, some of the best informed Democrats and silver men insist in private that there will be a determined fight over the question, and that the outcome is uncertain. They exhibit considerable alarm and declare that there is no doubt that desperate expedients will be adopted to get through the Senate the measure that will be passed by the House on the recom-mendation of the President. They say that the fight will start in the Senate on a proposition to adopt cloture, almost as soon as Congress meets, and that there are some Senators who will vote to amend the Senate rules who could not justify themselves before their constituents if they voted directly to pass a currency-reform measure. Yet, if cloture is adopted, they believe that it may be possible to pass a currency measure which would be disas-t us to the silver party.

he Republicans say nothing of such a plan, and on the surface it does not seem possible of accomplishment, but there is no doubt that those who oppres currency legislation are extremeanxious, and are preparing for a desperate struggie, which they say my last throughout the entire session.

"he Republicans have forty-three S sators, and there being a vacancy, f ty-five is a majority. The Demof is-five is a majority. The Demo-crats have thirty-four Senators, and there are twelve Pouplists and inde-Two Democrats, Lindsay pendents. and Gray, are likely to vote for a re-form of the currency, if they have an opportunity, though they probably would not dare vote for cloture. If they did, it would pass the monetary Now, if some of those who would bill. vote for a currency measure should vote for cloture, it would open the way for those who would vote for currency reform. It is not certain how Senator J. P. Jones or Senator Kyle would vote on the cloture proposition, but it is thought likely that Kyle would vote

Senator Jones would do the same It is impossible to gst Republican authority for an assertion that this plan is in contemplation, but there is no question about the Democrats be-

for it, and it is not improbable that

REMOVALS BY COLLECTORS Judge Jackson's Decision to Be Appealed from by the Treasury.

Washington, Nov. 10 .- The decision f Judge Jackson, in the Federal Court for West Virginia, that deputy collectors of internal revenue, such as gaug-ers, storekeeper and the like, may not removed except for cause, was the subject of an earnest conference at the Treasury Department yesterday. Collector White, against whom the decision was directed, came over to Washington Monday night and passed some time with Secretary Gage and

Assistant Secretary Vanderlip discussing the situation. Treasury officials do not like the de-

ision, but their course of action, when the department closed yesterday, had not been decided upon. An appeal from the decision will be taken, but no one would authorize the publication of that fact as the determination of the Secretary.

It developed during the day that Attorney-General McKenna would not lecide the question asked by Secretary Gage as to the power of the Collectors to remove deputies or other appointees in order to make places for men of their own selection. This determination, it would seem, was reached before Judge Jackson's decision was known here, but no explanation of it was vouchsafed. The matter has been before the Attorney-General for some weeks, and it has been reported that Assistant Attorney-General Boyd had prepared an opinion that under the Civil Service law collectors had the right to make the changes. This decision has been before the Attorney-General for his approval or disapproval a month or more.

#### CHINA AND GOLD.

#### New Departure in Her Currency Not Likely to Prove Practical.

London, Nov. 10 .- According to a pecial dispatch from Shanghal, the Emperor of China and the Board of Revenue have approved a memorial resented in favor of establishing a old standard and prohibiting the exort of gold.

It is doubtful, however, whether this vill have any practical result.

Until 1889 China had no coinage of its wn except brass "cash," small discs ith square holes through them, and if which 1,350 are estimated to be with a tael.

In 1890 China opend her mint, and as coined since many millions in til-er. The standard of the country is liver, the Mexican dollar being largely

Gold is at present not even legal tener in the Celestial Empire. To-day "cash" in their daily transactions. he estimated monetary stock of the unity is \$750,000,000 in silver and 00.060,000 in cash.

China is supposed to have been the at nation in the world to experiment ith paper money, having had an bundance of irredeemable "shinplasrs" many centuries before the presnt era.

#### Botter Blown 2,000 Feet.

Sharon, Pa., Nov. 9 .- A boller explosion occurred at Stoneboro yesterday while the miners of the Mercer Iron and Coal Company were in the boller house eating lunch. David Love, en-gineer, was killed instantly. John Jackson, Joseph Dowers and Albert Jaxtheimer were hurt mortally. Two other men were hurt severely. No reason is given for the explosion. The boller had been inspected but a short time before and was found to be in rood condition. It was blown over two List of Jurors for December Court. GRAND JURORS.

#### THE SEALING CONFERENCE.

#### It Will Commence To-Morrow and Will Be on a Broad Scone.

Washington, Nov. 10 .- Gen. Foster and Sir Julian Pauncefort conferred yesterday as to the arrangements for the meeting of British, Canadian and American representatives relative to Behring Sea. A general understanding was reached that the arrival of Sir Wilfred Laurier, the Canadian Premier, and party, would permit the meeting to open to-morrow, as to-day is likely to be given to an exchange of views between the Canadians and British.

British Ambassador accom-The penied the Premier to the White House this morning and introduced him to the President. This was a call of courtesy, however, and it was not expected that any of the pending questions would be referred to. The British Embassy has extended an invitation to Sir Wilfrid to be a guest during his stay here, but he has determined to remain with the other Canadian representatives at the Shoreham, where quarters have been engaged.

It is now definitely settled that the coming meeting will take a much broader scope than was first antici-pated. At the outset there will be a comparison of notes between the seal experts, Mr. Hamlin for the United States, Prof. Thompson for Great Britain, and Prof. Macoun for Canada. The Canadian Premier and Sir Louis Davies, Sir Julian Pauncefote and Gen. Foster will be present in an unofficial capacity, ready to take up the larger phases of the question when the seal experts have concluded their exchange of technical information.

#### WILL USE CHINESE AS MINERS.

#### An Announcement Which Caused Intense Excitement in Illinois.

Streator, Ill., Nov. 10 .- The announcement that Chinamen would be placed in the mines of the Northern Illinois coal field has caused an immense excitement here, and a call has been issued for a full convention of the district to be held this afternoon in this Every shaft will send delegates, and in the meantime the various or-ganizations will get together and take

It is understood that to-day's meeting will be of tremendous importance to the craft throughout the State, as it is claimed that if Chinamen are allow ed to go to work here and elsewhere it will only be a matter of time mines employing that kind of labor will be able to undersell those employing skilled hands and thus the price will be forced down. The situation here is looked upon by business men as most serious. The Chinese question has put an entirely new phase upon it. It means to Streator alone the dis-placement of about three thousand

over two thousand feet, and the boiler house was torn to atoms.

#### Five Little Pigs Sold for \$1,150.

Fairfield, Ia., Nov. 10 .- That the prices of live stock are rapidly increasng in Iowa is shown by the records of ome Poland China pig sales recently. E. M. Metzgar sold one pig to S. E. Shellenberger, of Camden, O., for \$653. A litter of five pigs, born in February last, brought \$1,150. In all forty-one pigs were sold, netting \$3,900.

As correspondent of the Philadelphia Record from this town I desire to make a correction of the article which appeared in last week's issue of the COLUMBIAN in reference to the election returns published in the Record of Nov. 3, and which were incorrect. For some reason the returns sent from here, and which were correct, were not published, and the article dated Bloomsburg, was not wired from here, but was a telephoned report, having its origin at Wilkes-HARRY M. FINE. Barre.

A large barn on the Adam Humnel farm in Fishingcreek township, ogether with all its contents, consisting of grain, hay, straw and some live stock was totally destroyed by fire on Monday night. We have not been able to ascertain the cause of the fire. The loss will probably amount to about \$3,500.

Adjutant General Stewart issued orders last week to 1,500 Pennsylvania soldiers for free transportation to Chattanooga and return, to attend the dedication, on November 15, of the Pennsylvania monuments on the Chichamagua battlefield.

The Right Rev. Dr. Ethelbert Talbot, LL.D. bishop of the missionary jurisdiction of Wyoming and Idaho, was last evening elected by the Episcopal convention at South Bethlehem as Bishop of the Episcopal Diocese of Pennsylvania. Dr. Talbot succeeds the late Bishop Rulison.

#### The Homeliest Man in Bloomsburg
