DURRANT'S NEW LEASE OF LIFE.
His Hanging Indefinitely Postponed by the Court.

W. H. T. Durrant, the condemned murderer of Minnie Williams, and presumably of Blanche Lamont, at Sacramento, Cal., who was Thursday, sentenced to be hanged Friday, has secured another respite from the gallows.

The Supreme Court has granted a writ of probable cause and Warden Hale, has been instructed not to hang Durrant until further orders from the Court. All the Judges concurred.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.
Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or diseases, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney, and bladder remedy, is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention THE COLUMBIAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

A FINE CALF.

A fine bull calf from the Guernsey herd of Dr. J. P. Welsh at Orangeville, was shipped last week, to Youngstown, Ohio, via Adams Express. This calf is only about 4 1/2 mos. old, but in appearance was more like one six or seven months old. He is very finely bred. His dam is a young cow "Queen of Orange" No. 7733, but one of most remarkable qualities. This is her second calf and at the end of her fourth month in profit she had to her credit 210 pounds of butter. When only a heifer, after her first calf she produced 350 lbs. of butter during her milking term. There are a number of other remarkable cows in this herd. The milk is weighed from each cow separately every night and morning, and frequently tested by the Babcock test, so that every cow in the herd is made to give an account of herself.

This Guernsey herd is under the management of Mr. Mahlon Sager, the well known poultry-man. During 1896 and 97 five bull calves were sold. Every one of them went out of Columbia county. They sold for from \$30 to \$40 each, which seems like a high price for a calf a few months old, but they must be worth the price or it could not be gotten; and if they are worth that much to dairymen in N. Y., N. J., Conn., and Ohio, why not to farmers here in Columbia county.

They were bought, we are told, by men who wish to breed up their common stock to better milk and butter production, which can be done only by the use of a dairy bull. The following article on this subject, written by Mr. F. Bollert, a Canadian dairyman, for the Farmers' Advocate, will be of general interest:

"To produce a superior and profitable dairy cow, it is of the utmost importance that we select a sire bred on dairy lines for generations, and the further back we can trace him descending from superior dairy sires and dams, the better. A few extra dollars spent in this direction are well spent, and will return a high per cent. of interest on the invested capital.

Take, for instance, that you raise four heifers in a year from a sire of the right type and breeding, raise them properly, and when they come in milk and will only produce three or four pounds more, daily, than their dams (very often they produce 10 pounds more), take only four pounds for 300 milking days, and you have 1,200, which, at 75 cents per cwt., will give you an increase of \$9, or \$36 per year for the four improved cows from only one year's produce of a good dairy bull.

Supposing that you milk these cows ten years, you have a grand profit of \$360 on the investment of \$40 to \$50. How a dairyman can say he cannot afford to use a good bull is beyond my comprehension.

It is a fact that dairying has become the foremost and most profitable industry for the farmer. No other branch of his business has, for a number of years, given him so good returns, and yet in no other branch does the average farmer show so much neglect as in the breeding and raising of his dairy stock.

Little or no thought is given as to the proper selection of a dairy bull. In many instances any bull at all is used, no matter how ill-bred or scrubby he is, or how inferior individually, as long as he can be had for little or no service fee. Others use sires of true beef type and breeding. Would a breeder of trotting horses ever think of using a draft sire to produce trotters, or a breeder of draft horses use a trotting-bred sire to produce heavy horses? I think not; they breed for their special purpose. How, then, can the dairyman ever think of obtaining the best results under the manner in which he frequently pursues his calling? When dairying can be made to pay under such circumstances, what would the possibilities be if intelligent use were made of the material within the reach of all?"

Well Pleased.

The following letter has been received from the purchaser of the calf shipped from Dr. Welsh's farm last week. The purchaser is a prominent breeder of high-class Guernsey's in Ohio.

Ohio, Nov. 11, 1897.
MR. MAHLON SAGER,
Orangeville, Pa.

DEAR SIR,—The calf arrived Tuesday morning shortly before I got into town. He was in good shape, though stiffened up as they always are after being shipped, but he is getting all right now. He is much larger and finer than I expected. Your description of him was just as he is. I thank you for your fair dealing in this transaction. I was born and raised in Penna. Allegheny Co., and I have always had a good deal of faith in Penna. people for honesty. Trusting we may always remain friends, I am

Very respectfully,
C. M.

CIVIL WAR IN SPAIN.
THE RESULT OF WEYLER'S LANDING IN SPAIN IS FEARED.

Annexation Believed to Be the Only Salvation of the Island—Insurgents to Make a Demonstration Before Congress Meets.

Havana, Nov. 17.—Considerable anxiety is expressed in official circles here as to what will happen after the arrival of Gen. Weyler in Spain. Some believe trouble will follow any determined effort of the Spanish Government to discipline the former Captain-General, and that in any case serious events will occur in January or February next. Many Spanish officers are returning home on leave of absence, and their number has commenced to attract attention. Even in this city there is a feeling of suppressed resentment against the Sagasta Cabinet, and murmurs are heard against the Queen Regent, due to her permitting the Premier to attempt to establish autonomy in Cuba, and because she is alleged to have permitted the Spanish press to insult the Spaniards residing here, without taking into consideration the enormous sacrifices of men and money made in behalf of the crown.

It is intimated that a civil war in Cuba would be certain to follow the establishment of autonomy. It can be said that there are no signs of the troubles in the island ending at any early date. On the contrary, it would appear that the mere prospect of autonomy is making matters worse than ever, and the belief grows that annexation to the United States is the only thing that will save Cuba from anarchy.

Concerning the movements of the insurgents very little is apparently known here, but a reliable man who has just arrived from the interior says that Gen. Maximo Gomez has not been able to pass the Moron Juarez trocha, and that this is the reason why many of the insurgents' leaders were unable to take part in the Presidential election. It is also said the report that Domingo Mendez Capote was recently elected President of the Cuban Republic is untrue. It is asserted that Cisneros continues to act as President. Rumors are current that the insurgents are contemplating an important demonstration previous to the meeting of Congress, in order to strengthen the hands of their friends in the United States.

Senor Quesada's Tour.

Washington, Nov. 15.—Senor Quesada, the secretary of the Cuban Junta, who has just arrived at the Washington headquarters after a tour of the United States and Mexico, says: "I have been on a tour from Michigan to Vera Cruz. Everywhere the people are enthusiastic in their belief that Cuba should be free. The feeling is universal. It would be utterly impossible to describe the fervor of our sympathizers. It has been a most encouraging tour in every way."

DR. THOMAS W. EVANS DEAD.

The Famous American Dentist, Expires in Paris.
Paris, Nov. 16.—Dr. Thomas W. Evans, the famous American dentist, who assisted in the escape of ex-Empress Eugenie, died here Sunday night. Dr. Evans was born in Philadelphia about seventy-five years ago, and went to Paris in 1846, where he won a great reputation. He attended Napoleon III. and many other royalties. His fortune was estimated at from twenty-five to thirty-five million dollars.

Half a Million Lost.

English, Ind., Nov. 16.—Excitement grows over the failure of the three banks in the county. Cashier Richard H. Willett, of the Leavenworth Bank, has not been heard from, but John H. Wentworth is said to have telegraphed to friends here that he will return and pay 75 per cent. if the depositors will accept and protect him from injury. It is thought this will be accepted.

Must Marry or Retire.

The Official Board of the Stroudsburg, Penn. Methodist Episcopal Church, at a meeting held Saturday evening, decided to ask for the return of the assistant pastor of the church, the Rev. Robert H. Crawford, as pastor for next year. Mr. Crawford is a single man, and in order to make his return sure, the official brethren would like him to marry.

To Hasten Durrant's Execution.

Washington, Nov. 16.—On motion of Assistant Attorney-General Anderson, the Supreme Court has decided to issue immediately its mandate in the Durrant murder case. Mr. Anderson thinks this will settle the matter and hasten Durrant's execution.

JONAS LONG'S SONS' WEEKLY CHAIRS.

WILKES-BARRE, PA.
November 18th, 1897.

What bread is to life, silk is to the feminine apparel, its the one great indispensable fabric. No matter how plain the costume a touch of silk here and there increases its dignity adds to its beauty. There are a number of good silk stores, but many bad ones; reliability in silks is a good card for a firm, that's why we make a specialty of silks in our business. You may always depend upon our qualities. This week we offer some special values. Possibly the prices are misleading. The test is in the samples—by mail if requested.

Large assortments of Fancy Silks for waists or combination purposes, including plaids, stripes and novelty effects; former prices 75c to \$1.00, this week about half, 50 cents.

New Fall Novelties in Fancy Silks, including the popular Roman stripes, plaids, etc.; formerly sold for \$1.00 and \$1.25, we sell it this week at the yard 75c.

A limited quantity of All Pure Silk Satin Duchess, only four pieces in the lot; very handsome; quality unsurpassed; fully worth \$1.37, while the lot lasts we offer it at 98c.

45-inch Tinsel Gauze for waists on over dresses, combination trimming and fancy draping; the effect is gorgeous, especially under light; others charge 68c for it, our price is 44c.

For the many Christmas ornaments you are making, the use of Plain China Silks is a factor. Forty-three different shades to select from here; pure China silk always retails for 50c., our special price is 39 cents.

Just 550 yards of All Black Figured Damasse, Silk Gros Grain, with pretty satin figures, all pure silk; value 89c., our special price 57 cents.

GLOVES.

We want you to know our \$1.00 Kid Gloves for ladies, its the kind advertised elsewhere as the \$1.25 article. If we padded our prices to show a reduction you would probably believe us. We don't do business that way. The price is \$1.00 always, was \$1.00. We've built our glove reputation on this quality. Its simply the best \$1.00 glove in America. It can't be excelled. Then we have Dog Skin Gloves, excellent for winter wear, four-button, full assortment of shades and colors in tans, browns, greens and white, handsomely finished with three rows of embroidery, 59c.

Women's four-hook Foster Lacing Gloves, perfect fitting, newest shades of tan, brown, ox-blood and black with white embroidery at 75c.

Women's Fine Gauze Black Cashmere Gloves, all sizes, 15c.

HOSIERY.

Extra quality Women's Black Cotton Hose, real Maco yarn, double sole and spliced heel and toe, celebrated Hermsdorf dye, at 25c.

Women's fine Black Hose, with split white feet, some with all white feet, are extra value at 25c.

The newest idea in Women's Hosiery are the fancy Scotch plaids and striped effects, fine quality, nobby ones for 50c.

Women's fine Cashmere Wool Hose, plain and ribbed, comfortable, durable, at 25c.

TOY ROOMS.

The big Toy Room, the headquarters of Santa Claus is ready. We can't begin to tell you of the things we have for the children. Come with the family, let the youngsters romp about as much as they please, its a grand X-mas exhibition and is calculated to make the little ones happy. We hold goods bought now until you want them. Come while the selections are here.
