BLOOMSBURG, PA.

Kaiser Murder Case.

Lizzie DeKalb, Suspected of being Implicated. Given a Hearing.

Lizzie DeKalb, who was arrested given a hearing, Tuesday, before Magistrate Lenhardt, on the charge of being implicated with Charles O. Kaiser in the murder of the latter's wife, Mrs. Emma P. Kaiser, on October 28, 1896.

Benjamin Hughes testified to seeing a man and a woman in a carriage which followed the carriage in which Mr. and Mrs. Kaiser rode. He, however, could not identify Miss DeKalb as the woman he had

William Jackson, of Gloucester, N. J., identified Miss DeKalb as the woman who hired a team from him in September, 1896, which team was never returned. After the Kaiser murder it was discovered that the wagon Mrs. Kaiser was shot in was the one that had been hired from Jackson.

After Coroner Kurtz and Dr. Umstead had testified regarding the killing of Mrs. Kaiser, the hearing was continued until December 20.

ANNOUNCEMENTS.

It is entirely different from Every lady is invited to attend our at the grand Opera House, Saturday, Briarcreek township.

Good Sense and Good Law.

Judge John Stewart, of Franklin county, has decided that neither magistrates nor constables can collect fees from the county for the arrest of men convicted of drunkenness, disorderly conduct, penalties under the game laws, tresspass and similiar offenses, where the parties are sent to jail for non-payments of fines and costs. At least two other Pennsylvania judges have also held that the costs of certain petty suits sent up by the magistrates, who should have known better, may be put upon those magistrates when the bills are ignored by the grand jury.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or diseases, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often. by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder trouble. The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney, and bladder remedy, is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free you. by mail. Mention THE COLUMBIAN finest in the city, and the price is very and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The pro-prietors of this paper guarantee the genuineness of this offer.

CURRENCY REFORM.

FORMER GOV. MERRIAM SAYS IT IS NECESSARY TO PROSPERITY.

Congressman Fowler on His Monetary Bill-Government Should Retire Its Demand Obligations-Let the Banks Conduct Commerce.

Ex-Gov. Merriam of Minnesota, who is in Washington and has had frequent conferences with the President, said

"There is no question before the American people that begins to equal in importance the movement for a reform in our monetary system. We can-not have thorough and permanent prosperity until the national finances are put on an indisputably solid basis. The business men of the country, re-alizing that the fruits of last year's victory are not complete until this is brought about, are looking to see Congress take the matter up and deal with it energetically and patriotically. The Monetary Commission is working along right lines, and their plan, when formulated, while not likely to be accepted in all its details, will, no doubt,

be valuable to the legislators.

"Personally, I favor the retirement of the greenbacks, which will always be a source of danger. They were a necessity of a war epoch, but the time has come when, in the interest of a stable system some better plan should be adopted. The danger of currency contraction is overestimated, for it is easy to provide other forms of money. "In the meantime the country is get-

ting in good shape. In my section everybody feels the improvement. Our cereals have brought large revenues to the farmers, and another leading source of wealth, lumber, is in demand at better prices. My belief is that at least we are touching the edge of pros-perity, if we have not as yet pierced its centre."

Mr. Fowler's Currency Mensure.

Mr. Fowler of New Jersey, has col lated the comments of the financial press on his explanation of his currency reform measure. In addition to the arguments advanced in his address Mr. Fowler says:

"Our present system of currency i such that the slightest doubt thrown upon our ability or disposition to main-tain it upon a gold basis shakes every business to its very foundation, spreads devastation of values everywhere, paralyzes enterprises and brings upon our people losses of un-told millions. In addition to this dis-turbance to business and incomprehensible less to the people, the Actuary of the Treasury has informed us that since 1879 it has cost the Government \$339,984,232 to maintain our paper upor a gold basis, or an average of \$21, 600,000 per annum. This shock to commerce, loss to the people and cost to the Government can be obviated by throwing the maintenance of our stan-dard of value upon the banks, where the burden belongs.

"The Government should retire it demand obligations and let the banks assume the conduct of commerce, taking with it the right of note issue upon certain conditions. As a first consideration of the privilege they should carry the Government debt at a rate of in-terest not to exceed 2 per cent., thereby saving to the people more than fifteen millions in interest annually. As a second consideration they should maintain gold payments by currently redeeming their notes in gold, which should be guaranteed by the payment of a sufficient sum into the Treasury of the United States in the form of a tax upon circulation. In addition to Sarah Lowenberg et. al. to Alfred should have a first lien upon the aspose of ultimate redemption in case of r land in Bloomsburg.

E. B. Tustin and wife to Margaret they should be required to pay into the United States Treasury a sufficient tax upon deposits to insure all deposcase of failure. Such a tax would not have exceeded an average of one-twelfth of 1 per cent. per annum during the past thirty-three years, which is an infinitesimal sum compared with the great advantage to be derived therefrom, not only to the people, but to the banks themselves.

"Certainly, the saving annually of more than thirty-six millions in interest and the cost of maintaining gold payments with an absolute guarantee to the note holders and depositors in our national banks against loss would not only be an adequate, but a rich consideration of note issue."

The jury in the case of Frederick Rockwell at Ridgway, Pa., charged Thursday evening last returned a ver dict of guilty of murder in the first wear possible. degree. This is the second time that Rockwell has been declared guilty, the first conviction being followed by a new trial. Rockwell boarded with Haines, and murdered him, it was HOSIERY and alleged that he might marry his widow. The crime was committed in a blacksmith shop, which Rockwell set on fire to hide evidence of his crime, first stripping the body of his victim and appropriating his clothing. Rock-well proposed to Mrs. Hames but his arrest prevented their marriage.

The right of a wife to search her sleeping husband's pockets is to be tested in an Allegheny Court. As husband and wife are one before the law there can be no question legally as to the right of the search. But it is very curious that women should have a predilection for their husband's pockets when they are so averse to pockets themselves that they will carry change anywhere else in preference and even use their mouth's as money jugs.

Don't give them tea or coffee. Have you tried the new food drink called Pork, Hams, Bacon, Tongues, Grain O? It is delicious and nourishing and takes the place of coffee. The more Grain O you give the children to all parts of the town. the more health you distribute through their systems. Grain O is made of CENTRE STREET, pure grains, and tastes like choice of Geo. E. Elwell, will confer a favor coffee but costs about the price. All tf grocers sell it. 15c and 25c.
