NO COMPANY FROM COLUMBIA

There have been two calls by the President for volunteers for the war. Two companies have been organized in Bloomsburg and their ser-vices have been offered to the government, and every effort has been made to get them accepted, but thus far without avail. About thus far without avail. About twenty young men from this county have gone into the army, but they have had to go to Danville, Wilkes-Barre, Baltimore, Philadelphia and other places to enlist. Why is it that no company is called from Columbia county? There are many who are anxious to go, and the patriotism and loyalty of our people cannot be questioned or doubted. Should the war terminate without the acceptance of organized troops from here, it must not be placed against us that we had no hand in defeating the Spaniards. It will not be our fault. Are there any political influences at work to prevent Governor Hastings from calling on this county for troops, or is it because the offers of troops have been greater than the demand? We are informed that several hundred comdefeating the Spaniards. It will not panies have offered themselves There are but 18 companies needed to fill the quota, and there are 26 counties that have no companies in the field, and this may be the reason why we have not been called upon. Our boys are ready and anxious to go, and we hope they may be given an opportunity.

PRESIDENT'S PROCLAMATION.

President McKinley last week sued the following proclamation:
To the people of the United States of America:

At this time, when to the yet fresh remembrance of the unprecedented success which attended the operations of the United States fleet in the Bay of Manila on the first day of May last, are added, the tidings of the no less glorious achievements of the naval and military arms of our beloved country at Santiago de Cuba, it is fitting that we should pause, and staying the feeling of exultation that too naturally attends great deeds wrought by our countrymen in our country's cause, should reverently bow before the throne of Divine grace and give devout praise to God, who holdeth the nations in the hollow of his hands and worketh upon them the marvels of his high will, and who has thus far vouchsafed to us the light of his face and led our brave soldiers and seamen to victory.

I, therefore, ask the people of the United States upon next assembling for divine worship in their respective places of meeting to offer thanksgiving to Almighty God, who in his inscrutable ways; now leading our hosts upon the waters to unscathed triumph, now guiding them in a strange land through the dread shadows of death to success, even though at a fearful cost; now bearing them without accident or loss to far distance climes, has watched over our cause and brought nearer to success of the right and the attainment of just and honorable

With the nations thanks let there be mingled the nation's prayers that our gallant sons may be shielded from harm alike on the battlefield and in the clash of fleets, and be and in the clash of neets, and be spared the courage of suffering and disease while they are striving to uphold their country's honor; and withal let the nation's heart be stilled with holy awe at the thought of the noble men who have perished as heroes die, and be filled with compassionate sympathy for all those who suffer bereavement or

endure sickness, wounds and bonds by reason of the awful struggle. And above all; let us pray with earnest fervor, that He, the Dispenser of all good, may speedily remove from us the untold afflictions of war and bring to our dear land the blessings of restored peace, and to all the domain now ravaged by the cruel strife the priceless boon of security and tranquillity.
WILLIAM M'KINLEY,

Executive Mansion.

The independent voters in Penn-sylvania who wish to put an end to machine government in the State and yet refuse to meet halfway 450,000 of their fellow-citizens, who offer them an irreproachable candidate on a satisfactory platform, are very much in the position of Sampson's war ships, which are shooting their shells over the hills at an invisible city. They are wasting their ammunition. They should join the Democratic army in a direct assault, and make George A. Jenks the next Governor of Pennsylvania.— Record.

Colonel Theodore Roosevelt is already being boomed for Governor of New York. Campaign buttons bearing the picture of the Colonel in full uniform have made their ap-pearance. The inscription on the button is: "For Governor, Theo-dore Roosevelt." Praise For Our Army.

Major De Grandprey, Military Attache of the French Embassy, has just returned to Washington from the American headquarters, near Santiago, where he has been observing for his government the progress of military operations. He paid a glowing tribute to the fighting ability of our soldiers.

"I have the most complete ad-

miration for your men," he said.
"They are a superb body, individually and as an army, and I suppose not throughout the world is there such a splendid lot of fighting men. It is the fighting characteristic of the men which is most apparent. They are aggressive, eager for action, never needing the voice of an officer to push them forward.

"Another marked characteristic is the self-reliance of each man; what we call the character of 'initi-ative.' It is almost unknown in European armies, where every movement and the move to mee each action of the enemy awaits the initiative of an officer. But with your men they fight to the front, meeting each emergency as it arises, overcoming obstacles by their own initiative. Such self-reliant fighting men make an exceptionally in ous army, for every unit contributes in the irresistible onward movement.

"The Spanish troops do not have this same characteristic. They are more passive, more cautious. sides the impetuosity of such fighting material, it has the effect of in-spiring a morale among the troops, making them feel that success is assured, and at the same time carrying disorder and depression to the ranks of the enemy."

Dun & Co.'s Review.

R. G. Dun & Co.'s weekly review

of trade says:

The usual half yearly statement of failures by branches of business is pe-culiarly interesting because it shows that war and fears of war have not caused increase of commercial disas-ters. The fiscal year has ended with ters. financial results a shade beyond general expectations, and the new war tax begins to increase revenue, not seriously disturbing business in any line.

The cotton crop looks better and the prospect is reflected in a decline of a sixteenth in the spot price. There is no disheartenment in other textile manufactures and business is good and growing in silks, baggage, hemp products and linen.

The manufacture of wool hesitates, although a distinctly better demand has appeared during the last ten days, because prices at which western wool is held are too high tor profitable manufacture.

Child Was Weak, Had Night Sweats and Peor Appetite.

"Our youngest child was in a bad condition. One physician said the trouble was malaria and another thought it came from the stomach and liver. Meantime the phild kept specific weekers. We had from the stomach and liver. Meantime the child kept growing weaker. He had night sweats, poor appetite and various other troubles. We worried along for two years, and then we determined to try Hood's Sarsaparilla, and from the first day we noticed a change in our little boy. We kept on until he had taken about three bottles. Today he is a strong, hearty child. We have always had to keep him indoors in winter, but had to keep him indoors in winter, but last winter he was out with other children and we found no trace of the old trouble returning." We purchased one of the Home Comfort Hanges five years ago and are pleased to say it gives entire satisfaction; for heating and baking it is superior to all other ranges, it taking one-half the fuel of our cast iron stove; also for cleanliness it can not be surpassed; there is an ample supply of hot water at all times.
