The continuance of the unusually beautiful and balmy spring weather which has blessed this section of the country has afforded an opportunity for much outdoor enjoyment. The whole country is beginning to look lovely in its green robes, and the bright reds, yellows, and pinks of the fruit trees is indeed a vision of exquisite and rare beauty.

Since April, 1898, West Hemlock township has lost, by death, five aged and respected residents, whose names and ages are as follows: Jacob Stine, 72; Hiram Kitchen, 69; Wincent R. Shultz, 79; Reuben less and yet be identified. It is based upon knowledge that no two ness of West Hemlock and the longevity of the inhabitants.-Danville Democrat.

With the exception of the blowing of some of the factory whistles, at about half past five Monday morning, Dewey Day passed off very quietly in Bloomsburg. It was remained open. A parade made up of Normal School students on bicycles took place about ten o'clock. The procession was headed by a hack load of ladies also from the school.

The stars and stripes floated from many buildings during the day. In the evening the Bloomsburg Band held a dance in the Town Hall, at which a general good time was had, although a thunder storm which occurred about eight o'clock interfered very much with the attend-

But notwithstanding the fact that the demonstration was of a mild order, it was Dewey Day anyhow and always will be. The anniversary of one of the most momentous and far-reaching naval victories of modern times.

Strawberries have made their appearance in market, but the price is away up, and the berries are not very nice at that.

School boys claim that it is too hot to go to school, but the same boys say it is just prime weather to play base ball, and right in the sun at that.

A woman bearing the romantic name of Roxina Rosencrance, living in the beautiful village of Towanda was arrested Saturday evening, charged with kicking a seven-yearold boy to death. The lady kept house for Jerry VanSickle, the boy belonged to his brother, S. P. Van-Sickle, and report says the woman was in the habit of beating him unmercitully. The boy told his father that Miss Roxina sprang at him, uttering an oath, and kicked him in the abdomen, lifting him clear off the floor. He was placed in the hospital where he died Saturday. If size of the flock the next morning. the charge is proved Bradford county justice is apt to send her to jail for a full week.—Dushore *Review*.

Very frequently circulars address-ed to the police department are received by authorities from different places in the country containing descriptions and portraits of criminals, and offering rewards for their capture. Some of the pictures of these circulars are very interesting. We were shown one on Monday, containing a new system of identifying criminals which has been adopted throughout the world. It is a very complete method, in fact so based upon knowledge that no two erously ill for many months, we roam The average age of these old gen-tlemen was therefore 77 years. A good showing as to the healthful-the hody limbs hands and feet ore the body, limbs, hands and feet are taken. Every minute scar, mole or mark that would be permanent unless cut out is recorded and its precise location designated upon an outline cut of a human figure. It is a wonderful method, but of course can only be employed to effect the capture of such criminals as have not a legal holiday and the banks been subjected to examination by officers of the law.

Well now, maybe candidates havent been swarming around here this week. There was a double attraction for them in the regular May term of court and the meeting of the school directors for the election of a County Superintendent. Wherever you turned you could see one or more of them bobbing up serenely. The hustling aspirants whom we saw getting in their big licks with the residents of the rural districts, who were brought here by one or the other of the above stated events, were: Wilson Yeager, Jerry Snyder, and W. B. Snyder of the South Side candidates for the Treasurership, and W. H. Fisher, of Main township and Charles Gibbons of Benton township, candidates for County Commissioner. J. C. Rutter and A. N. Yost of this town, candidates for Register and Recorder were also sharing in the fun, and am a Democrat and will continue to were making hay while the sun was shining. In fact they were all on hand, rubbing up against each other, but the best of good humor prevailed, and while many are opposing each other, and each putting up a stiff fight for the Democratic nominations, for the respective offices they are as they should be, all good

A musical and oratorical contest was held in the Lutheran church Tuesday evening. The audience was very large and the program ex-cellent. The prizes were awarded to Miss Julia Martin, for music, and for oratory to Miss Minnie Diely.

A thunder and lightning storm of unusual severity visited this town Tuesday afternoon. There was also considerable hail fell. The wind was of a violent nature and did considerable damage to the electric light wires. On Market Street limbs were torn from many of the trees, and similar damages were done in other parts of town.

David Wright, a locomotive en-gineer on the Philadelphia and Reading Railroad, met with a serious accident at Catawissa Tuesday afternoon. He was under the engine examining some of the workings, when the iron steed moved forward just far enough to catch his foot, crushing it so badly that amputation was necessary. Mr. Wright has been in the Company's employ for many years.

A weasel has taken up its abode under the steps leading down to Glascoe Cameron's barber shop, and has furnished considerable amusement for a great many people during the past few days. Yesterday morning it made its appearance in front of the postoffice, and attracted the attention of half a To b dozen men and boys, who were Tob standing near. An attempt was made on the little rascal's life, but making use of its agility, for which its kind is remarkable, succeeded By e in dodging the sticks and stones fired at it, and made its escape down the steps. Rats will be scarce in the vicinity of its abode, By b and should it run across any hen- by b roosts while on its nocturnal rounds,

#### HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours: a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and book that tells more about it, both Greas sent absolutely free by mail, if you G. B. Martin, agent, smithing Co., BINGHAMTON, N. Y. When writing be sure and mention that you read D. L. & W. R. k. Co. this generous offer in THE COLUMBIAN. E. L. Barton
