That Cough Hangs On
You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.
SCOTT'S EMULSION
will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

MORE GOLD DISCOVERED.

Found, it is said, in Paying Quantities at the North Mountain.
The many discoveries of gold and other precious mineral hereabouts lately have robbed occurrences of this nature of the usual excitement. The latest is the finding of gold, in paying quantities at or near Jamison City.

The discovery was made by William Taylor, proprietor of a bottling establishment of this town, who claims to have known of the existence of the metal for a number of years past. It appears that Taylor has made several trips up to the land, and he in company with two other persons, Mathew and Jack Forbes, residents of Jamison City, have gone over the tract, which contains about 1000 acres. They are satisfied that the strike is a rich one and their belief is strengthened by the receipt of an assay of a quantity of the ore which Taylor had sent to Denver to be tested.

The three men in question had decided two years ago to form a company, and begin operations, but none of them had any knowledge of the business, and so Jack Forbes was sent out west, where he has been employed in the silver mines. He returned home this week, possessing, so we are informed, all the necessary knowledge to carry on the business. A smelting plant is to be erected at once. We will give a further account of the matter later.

The annual convention of the Protestant Episcopal church of Central Pennsylvania will be held in St. Stephen's church, Wilkesbarre next week, opening on Tuesday evening. On Thursday, St. Stephen's will be consecrated. It is a new church, the old one having been destroyed by fire two years ago.

Fine Engraving.
We engrave all goods bought of us absolutely FREE of charge. All work guaranteed to be of the highest type. Consider this proposition, and you cannot fail to appreciate its value. Some engraving takes an hour's time, some a good deal longer—but it's free, just the same. If you have bought goods elsewhere and want the article artistically engraved, we shall be pleased to do the work for you. Many beautiful articles are ruined by being placed in inartistic hands for engraving, or being scratched by an engraving machine. When desired, we submit a sketch of the letter to be placed on goods before engraving. Fine script and block letter work, and complicated letter monograms are our specialties.

J. E. ROYS, Jeweler.

F. D. DENTLER.

Quite a scene was made on Market street Tuesday evening by two young men, who previous to that time had been close companions. One accused the other of violating the trust he had placed in him by telling his lady friend something which had engendered trouble between him and her. Too bad. Our advice to them and to all others, for that matter, is this; never seek to be entrusted with your friends' secrets, for no matter how faithfully you may keep it, you will be liable in a thousand contingencies to the suspicion of having betrayed it.
It has become quite a fad in some localities to furnish free lunches at vendues. Wherever the new practice is observed large crowds are the result.
All members are requested to attend a business meeting of the Bloomsburg High School Alumni to be held in High School building tomorrow night at seven o'clock.
