

RIOT AT THE RACES.

Demonstration Against Loubet at Auteuil.

BLOWS AIMED AT THE PRESIDENT.

The Police Quell the Disturbance and Arrest Thirty Rioters—Special Cabinet Council Called—Government Will Act With Energy.

PARIS, June 5.—President Loubet, accompanied by the premier, M. Dupuy, and the chief of the military household, General M. C. Baillois, drove to the Auteuil races yesterday afternoon, closely followed by Mme. Loubet in a second landau. As they drove along the Avenue des Champs Elysees the crowd bowed respectfully, but on arriving at Auteuil they were met by a violent demonstration, evidently organized and directed against the president.

There was a storm of hoots, yells and cries of "Panama!" "A bas Loubet!" and "Vive l'armee!" A few shouts of "Vive Loubet!" were drowned in the clamor.

A strong force of police kept order and arrested many of the disturbers, including a man who tried to force his way to the president's carriage.

During the second race the clamor increased to violence and was plainly directed by a committee of the League of Patriots, collected with their supporters both before and behind the presidential stand, around which a formidable affray proceeded.

During the grand steeplechase many blows were struck, and several policemen were injured in their endeavors to prevent an invasion of the presidential stand.

At the crisis of the excitement, while shouts of "Vive l'armee!" and "Vive Deroulde!" were heard on all sides, Count Christiani rushed toward the president, brandishing a stick, and directed a blow against him, striking his hat.

The crowd rushed upon Christiani, who only escaped severe handling by being taken under police protection.

President Loubet remained all the while quite unmoved, talking to the premier, while the officers of his military household were defending him against violence.

Finally, after 30 arrests had been made, the prefect of police ordered the Republican guards to surround the presidential stand.

The principal leaders of the demonstration were M. Joseph Lassies, anti-Semite and Nationalist deputy for Gers, and M. Firmin Faure, anti-Semite and Nationalist deputy for Oran, Algeria.

Police Inspector Grilliere had his head seriously wounded in the melee, and President Loubet has since decorated him with the cross of the Legion of Honor in recognition of his devotion to duty.

A special cabinet council was summoned at 9 o'clock last evening to consider the situation, and important measures were concerted to be submitted to the president at another council today for the preservation of order. The ministers, who were in session until 11 o'clock, maintain strict reserve as to the nature of these measures, but a semi-official note has been issued, which says:

"The government will act with the greatest energy and will impose respect for the president and for the state."

The Abductors of Marion Clark Positively Identified.

GARNERVILLE, N. Y., June 2.—Marion Clark, the 21-months-old infant kidnaped from her parents, Mr. and Mrs. Arthur Clark of New York city, on May 21, was found two miles south of Shoatsburg, a village about eight miles from here, yesterday afternoon. She was found at the farmhouse of Charles Youmans and was in the custody of Mrs. Jennie Wilson, who took the baby to that place during the early part of last week. Mrs. Wilson was accompanied by her husband and stated to Mrs. Youmans that she wanted board for the little girl for the summer.

The kidnaping trio—Wilson, his wife and Belle Anderson—lived since last August at 13 Varick place—the Mills hotel annex, New York city.

It was here the kidnaping plot was formed. Wilson, known at Varick Place house as Beauregard, told the hotel people that he was a reporter on The Evening Journal.

Belle Anderson, who answers the description of Carrie Jones, the nurse, left the Varick Place house three weeks ago. Wilson's wife left ten days ago, at the time the baby was stolen, and Wilson was last seen there last Saturday.

Wilson's real name is George Beauregard. His father is a judge and bank president in Little Rock. After stabbing a man and blowing up a building with dynamite in his native town he came to this city.

Four years ago, under the assumed name of James Arthur Wilson, he married in Jersey City Addie Margaret McNally, daughter of an editor at Goshen, N. Y.

Since then he has been employed as a detective in a Broadway store, in the circulation department of an evening paper and was one of Captain McCullagh's election deputies.

NASH NOMINATED.

Ohio Republicans Name an Administration Man For Governor.

COLUMBUS, O., June 3.—George K. Nash of Columbus, the candidate of Senator Hanna and the national administration for governor of Ohio, was yesterday nominated for that office by the Republican state convention in session here. Mr. Nash was formerly attorney general of the state and was subsequently made supreme court justice. He was a leading candidate for governor in 1895 when Governor Asa S. Bushnell was nominated.

Nash was nominated on the second ballot.

The nomination of Judge Nash was made possible by the desertion from the anti-Hanna forces of George B. Cox, the Cincinnati leader. He had been counted with the anti-administration crowd and, holding 86 votes from Hamilton county, was a power in the convention.

Ex-Congressman John A. Caldwell of Cincinnati was nominated for lieutenant governor.

GERMANY GETS CAROLINES.

At the Opening of the Spanish Cortes the Queen So Announces.

MADRID, June 3.—The queen regent yesterday opened the cortes with the usual ceremonial, and in the speech from the throne announced that the Mariana, Caroline and Palaois islands were ceded to Germany by the late Spanish cabinet.

During the course of the speech her majesty said:

"At the opening of the cortes all the sorrows which have wrenched our hearts through the disasters which have visited our country are reawakened. We must preserve sadness in order to derive experience therefrom, but the woes of our country are of such a nature that reflection and silence avail better than complaints."

The queen regent then referred to the financial measures and expressed confidence that the nation would show the same resignation during peace as it showed during the war.

Quay Will Control.

HARRISBURG, June 5.—Pennsylvania this year will elect a state treasurer, superior court judge and two supreme court justices, and the scramble for office is pretty lively. In the Republican ranks the factional fight that has been waged so fiercely for the last five years will not enter into the contest this year, as the anti-Quay people have practically made no effort to control the convention, and Quay will have everything his own way. It is understood that at the first showing he will have at least two-thirds of the delegates.

Major Marchand Welcomed.

PARIS, June 2.—Major Marchand arrived here yesterday. He was vociferously cheered as he alighted from his special train at the Gare de Lyon by a crowd numbering 50,000 persons. None of the ministers was at the station to receive him. He was guarded by the police in his carriage to prevent him from being overwhelmed by the rushes of his admirers, who covered his carriage with flowers and shouted "Vive Marchand!" as the hero of Fashoda was driven away to the ministry of marine.

NEW YORK, June 7.—The contest for the speakership of the Fifty-sixth congress ended yesterday when Representative James S. Sherman of Ulster sent this telegram to General Henderson of Dubuque, Ia., the successful candidate:

"The Republican representatives from New York state, at a meeting held today, Mr. Wadsworth and Mr. Ray withdrawing therefrom and Mr. Payne not being present, tendered me their support for speaker. I acknowledged with gratitude the honor, but stated that in my opinion a majority of the Republicans of the Fifty-sixth congress had already voluntarily expressed a preference for you and that such support was not confined to any section, that from long

D. B. HENDERSON.

acquaintance and service with you I was aware of your eminent fitness for the position of speaker and that a unanimous election would tend to strengthen you, whereupon the meeting at my request instructed me to notify you that the New York Republican representatives tendered you their support."

This result of the conference of the Republican congressmen of this state was reached after a prolonged conference that once came near ending in a row.

Senator Platt was at the hotel during the morning. Practically all of the Republican politicians at the hotel agreed that Representative Sherman could not get the nomination for speaker and that the New York members would decide to support Henderson.

Directly after the taking of the vote Mr. Sherman was called to the meeting room and informed of the result. He thanked his colleagues for their assurance of support and then said that, under present circumstances, he considered it proper to withdraw from the contest.

Formal action was at once taken pledging the state's support to General Henderson, and Mr. Sherman was authorized to inform the Iowa candidate of the New York delegation's action.

THE WHEAT CROP.

June Reports Show a Bad Condition of Winter Grain.

CHICAGO, June 6.—The June crop report of the Orange Judd Farmer shows a condition of winter wheat of 70.8 against 72.6 on May 1. There has been severe decline in the promise in the Ohio and Missouri valleys, and some decline in California. Insects and rusts are reported over an increasing area, but the main trouble is the lack of vitality in the plant, which resulted from the root damage of the severe winter. The acreage, which last fall was reported at nearly 30,000,000, has been reduced by plowing up and abandonment to 24,574,000, or nearly 2,000,000 acres less than was harvested last year. The maximum possibility may now be conservatively placed at 275,000,000 bushels.

The spring wheat area is reported at 19,223,000 acres, or 100,000 acres larger than last year, and the average condition 91.9 against 90.1 a year ago. It is lower only because the crop is started a little late. Should present conditions be maintained till harvest, the crop result might easily reach 275,000,000 bushels.

The corn acreage is the largest ever planted, the preliminary report reaching fully 84,000,000 acres.

DREYFUS TO RETURN.

Great Rejoicing Over the Revision Verdict of the Court of Cassation.

PARIS, June 5.—The cabinet council has decided that the French second class cruiser Sfax, now at Port de France, Martinique, should proceed immediately and bring Dreyfus from the Isle of Devils to France.

The cruiser is expected to arrive at Brest about June 26, when Dreyfus will be handed to the military authorities and lodged in the military prison at Rennes.

His conviction having been annulled by the united chambers of the court of cassation, his military rank and title are restored to him. He will occupy an officer's cabin on board the Sfax and will be allowed on deck from 1 to 4 o'clock every afternoon.

The papers point out that the court of cassation voted unanimously for revision and only debated the process whereby it should be carried out.

Filipino Actors May Enter.

WASHINGTON, June 2.—It has been decided to allow the company of Filipino actors now detained at San Francisco to enter the United States for the purpose of giving exhibitions. They will be required, however, to furnish a bond that they will return to their homes after the expiration of their engagement. This case has been a difficult one to decide, because of the fact that these Filipinos came to this country under contract to give exhibitions. It will be held, however, that they are not contract laborers within the meaning of the contract labor law.
