#### RATTLESNAKE EATER.

A Georgia Negro Who Captures and Sells the Reptiles Sometimes Makes a Meal of Them.

Moses Henderson is a sable son of Africa and lives two miles from Americus in a rocky field where rattlesnakes are most plentiful, says the Savannah News. Moses makes a living by cup turing snakes and selling them. This is the truth, strange as it may seem One day lately he killed a large one with 11 rattles on it. This was a fat snake and Moses ate it. The other day he brought a very large snake to the city, trying to sell its hide. There were 33 rattles on it. The snake was very poor, and Moses said it would not do to eat, and he stuffed its hide and sold it SECOND WEEK-FIRST MONDAY OF OCTOBER. for a good price. Every year Moses makes a good deal of money selling snake oil. He says right down the vertebrae of a rattlesnake is a fatty streak of flesh that makes an oil, when fried, that will cure any case or rheumatism. It is strange to how many people he sells this rheumatic snake oil. He has a long list of certificates from people he has cured. Some of them are from intelligent whites, who declare that the oil has cured them when all other remedies have failed. He sells a vial of the oil for one dollar and guarantees a lasting cure. Moses says his father was an African

voodoo doctor and taught him how to cure all aches and pains with snake oil. The negroes of Sumter county ver erate and fear him as a mysterious doctor who can cure when all else fails, and look upon his snake oil as some thing enchanted.
