

A RIGID CENSORSHIP

Meager Reports From the War In South Africa.

BOER FIRE HOT AT MODDER RIVER

It is Reported That the Seventh Division Will Be Mobilized at Aldershot - Cavalrymen Kept Back by Parsimony.

LONDON, Dec. 6.—The censorship continues to be of the strictest character. Virtually no news is allowed to pass except diaries of events within the beleaguered garrisons and positions.

According to the latest accounts of the battle of Modder River, the Boer fire was the hottest on record and will revolutionize existing theories. It was effective up to 1,000 yards, but the casualties among the prone troops was trifling.

The Morning Post complains that there are plenty of cavalrymen available at home, but that parsimony prevents their being sent to South Africa, where they are urgently needed.

The Daily Mail announces that Colonel W. A. Yule, who succeeded General Sir William Symons in command of the British troops in Natal after that officer was wounded in the battle of Tzanan Hill, and who was promoted from the rank of substantive lieutenant colonel in the army to that of major general on the staff, to command the Eighth brigade of the South African force, with substantive rank of colonel in the army, is on his way to England, being in broken health.

A special dispatch from Estcourt censures Rear Admiral Sir Robert Harris, commander in chief of the Cape of Good Hope and West African squadrons, for his delay in sending Captain Scott and Captain Lambton, with guns, to Ladysmith. "It is notorious," says the correspondent, "that only at the last moment, on Oct. 30, while a decisive action was pending, did Captain Lambton of the Powerful arrive at Ladysmith. A week, a day, a few hours might, and I doubt not, have saved the situation and delayed the investment, if it had not ended the Boer attempt."

A Modder River special, dated Thursday, Nov. 30, says: "The Boers occupy a strong ridge about six miles north of this point. Today the lancers came into contact with them."

The Daily Mail has a dispatch from Mafeking, dated Tuesday, Nov. 28, which says, "All well."

Mines Filling With Water. PRETORIA, Dec. 6.—The Standard and Diggers' News says that Wednesday last Mr. Cecil Rhodes' dispatches, intercepted near Kimberley, said the De Beers mines were filling with water and that Mr. Rhodes estimated the damage at \$50,000 per day.

Railroad Earnings. WASHINGTON, Dec. 6.—The preliminary report on the income account of railroads in the United States for the year ended June 30, 1899, compiled by the statistician to the Interstate Commerce Commission from the returns of operating railway companies, representing 185,245 miles of line, received prior to Nov. 24, shows that the gross earnings of the railroads embraced in this advice report were for the year ended June 30, 1899, \$1,307,253,484, or \$7,057 per mile of line. Passenger earnings were \$360,227,319; freight earnings, \$913,358,488, and other earnings from operation, \$83,667,677. The gross earnings shown in the final report for 1898 were nearly \$90,000,000 less than this amount. The operating expenses for the last fiscal year were \$872,428,105, or \$4,692 per mile of line. The net earnings or income from operation were \$434,825,379, an increase of 31,073,304 being shown in this item for the year.

A Visit to Sulu. CHICAGO, Dec. 6.—Mrs. Laura Schwichtenberg, who has been in the Philippines as inspector of the National White Cross hospitals, is in Chicago, en route to Washington. Mrs. Schwichtenberg left Washington last April. She traveled through the islands where a white woman had never been seen by many of the inhabitants and accompanied General Bates and his staff on their visit to the sultan of Sulu. She returned on the United States ship Solace via Guam and Japan. "The visit to the sultan of Sulu was interesting," said Mrs. Schwichtenberg. "The sultana was dressed in a black waist and a white shirt, and her head was wrapped in a veil. She wore a white glove, too large, on the wrong hand, and with this hand she greeted us. The children, who were nude, evidently thought we had painted our faces, so they took rice flour and covered their faces. Their black bodies and flour pasted faces made an amusing picture."

Destructive Fire in Clinton, Mass. CLINTON, Mass., Dec. 5.—A fire started in the cellar of the Clinton theater building last night, and before the apparatus could be put into use the whole lower portion of the structure was in flames. From it the flames spread to adjoining property on every side, so that within two hours the theater building was leveled and one and a half acres of property left a mass of smoking embers. A dozen business firms lose everything, and a score of families are rendered homeless. The entire loss will probably exceed \$150,000, but a portion of the loss is covered by insurance.

Buffalo Grain and Flour Receipts. BUFFALO, Dec. 2.—The receipts of flour and grain by lake at this port show a big falling off from last year. From the opening of navigation to Nov. 30 the receipts of flour have been 8,403,580 barrels, a decrease of 1,337,000 barrels as compared with last year. The receipts of grain have been 135,548,970 bushels as compared with 133,778,065 bushels last year, a decrease of over 58,000,000 bushels.

KENTUCKY CANVASS.

Board of Election Commissioners Finishes Its Work.

FRANKFORT, Ky., Dec. 6.—The state board of election commissioners, sitting as a canvassing board, finished its work at 4 o'clock yesterday afternoon, and today at 11 o'clock the members will sit in the state senate chamber as a canvassing board to hear arguments in the cases of 11 contested counties. The first great fight will come up on the question of whether or not the board has the right to go behind the certified returns filed with the secretary of state by the different counties. Upon the issue of the argument on this point will rest the name of the next governor of Kentucky. On the face of the returns now on file with the committee Taylor has a plurality of 2,838, his total vote being 193,714, against 191,331 for Goebel. If there is to be no "going behind" the returns the board will have no option but to issue the certificate of election to Taylor. If the board decides that it has the power to go behind the returns there is no telling who will receive the certificate. It will depend entirely upon the results of the contest to be decided before the board, and the matter will without doubt be carried for final settlement to the state legislature which meets next month.

The proceedings were culled by Governor Bradley, who made an address to the board regarding the statement that he had brought soldiers into Frankfort.

PENSIONS DECREASE.

Report of Secretary of Interior Shows 991,519 Pensioners.

WASHINGTON, Dec. 2.—The annual report of Secretary of the Interior Hitchcock, just made public, while summing up the work in all the bureaus, is of special interest by reason of its statements regarding pension matters. At the close of the fiscal year there were 991,519 pensioners, a decrease of 2,195 during the year. The average annual value of all pensions was \$132.74. The Spanish war probably will increase the pension roll during the current fiscal year.

The secretary concurs in the recommendations for legislation providing that no pension be granted to commence prior to the date of filing the claim, for an early revision and codification of the pension laws as the numerous amendatory laws and decisions have made the whole system a labyrinth of laws and local opinions. Secretary Hitchcock urges legislation to definitely construe the act of June 27, 1880, relating to widows' pensions.

FIGHTING YAQUIS.

Several Severe Engagements, With Loss of Life.

AUSTIN, Tex., Dec. 4.—Information reaching here from Ortiz, state of Sonora, Mexico, states that Marshall Terburn, an expert mining engineer who has been in the mines in the Yaqui country for some months past, has arrived at Ortiz. He announces that since Nov. 18 the Yaqui Indians and the Mexican military forces have had several severe engagements, attended with loss of life and a number of wounded. The first of these engagements was on Nov. 18, just north of Cocori, and during the engagement there were 18 Indians and five soldiers killed outright.

In addition thereto there were 23 soldiers wounded and something over 100 squaws and Indian children captured by the military forces. These prisoners will be sent to Guaymas by the military authorities to be held as hostages.

THE PATERSON DISASTER.

An Entire Family Killed—Engineer Blamed For D. L. and W. Wreck.

PATERSON, N. J., Dec. 1.—All the dead and wounded in the wreck of an express train on the Delaware, Lackawanna and Western railroad here Wednesday have been identified. Six persons were killed, 21 seriously injured and many others cut and bruised.

An entire family was wiped out of existence. All of the victims of the wreck were in the express train.

YOUNG IN SANTACRUZ

Americans Welcomed by Citizens With a Brass Band.

AGUINALDO IN THE MOUNTAINS

It is Thought He May Be Captured in Benguet Pass—Spanish Transport Reports German Occupancy of the Carolines.

MANILA, Dec. 5.—A dispatch from Santa Cruz, province of South Ilocos forwarded by courier to San Fabian says that General Young, with three troops of the Third cavalry and Major Peyton C. March's battalion of the Thirty-third infantry, arrived at Santa Cruz yesterday. The Americans left Namacpac, province of Union, in the morning expecting to have a hard fight at Tagudin, in South Ilocos province, but they found on arriving there that 600 rebels under General Tino, had evacuated 30 hours before, deserting an almost impregnable position.

The insurgents had been entrenched at Tagudin on the north side of the river where 100 well-disciplined troops could have slaughtered a whole brigade crossing the river, with the men up to the axils in water.

The residents of Tagudin received the Americans outside the town with a brass band. They had been robbed of almost everything by the insurgents and were glad to welcome friendly and protecting troops.

A similar reception awaited General Young at Santa Cruz. Prominent citizens, headed by a band, escorted the American officers to homes where rest and refreshment were offered.

General Young's command was almost without food. The men had been living on the country, which affords but little and the horses are completely worn out, most of them without shoes.

The inhabitants of Santa Cruz and other towns through which the Americans passed say that Aguinaldo and his entire refuge army have gone into the mountains eastward since the Oregon Samar and Callao attacked Vigan and landed a force there.

In several towns General Young was shown letters written by Lieutenant Gillmore, showing that he had been kindly treated by the citizens and had been entertained by them when he passed through last May.

Reports indicate that all the American prisoners, some 25 or 30, were at one time in Benguet province, but it is supposed now that they have been removed into Lepanto province.

General Young's desire is to pursue the rebels into the mountains. There is no communication between his small command and any of the other American columns except indirectly perhaps by sighting and signaling United States gun boats bound to or from Manila.

Captain Rumbold, with 35 men of Company G, Thirty-second infantry, while escorting the signal corps laying the wire from Porac to Florida Blanca, charged and routed 70 insurgents, killing a captain and several privates. The Americans found on the captain the sword and revolver that were taken from the body of Naval Cadet Welborn C. Wood, who was killed by the insurgents while in command of the gunboat Urdaneta when that vessel was captured in the Orani river.

A dispatch from Dagupan containing advice later than those from Santa Cruz says that General Young hopes to find Aguinaldo in Benguet mountain pass and to capture him there. Both entrances to Benguet are fortified. Two troops of the Third cavalry will re-enforce General Young in the pass.

Colonel Hood, while reconnoitering near San Miguel, drove a force of insurgents from Idefonso, killing several. Five Americans were slightly wounded.

Our Postal Service. WASHINGTON, Dec. 4.—The annual report of Postmaster General Charles Emory Smith is made public. Its chief feature is a plan for congressional action to stop the abuse of second class mail privileges, which, he says, results in an annual waste of upward of \$20,000,000. The financial exhibit for the fiscal year shows a total expenditure of \$101,632,161 and total receipts of \$95,021,384, the deficiency being \$2,422,747 less than last year.

OATH OF THE BOERS.

The Holy Covenant Which Binds Burgers of the Transvaal in Peace and War.

This peculiar solemn pledge was subscribed at a meeting held by them on April 12, 1879, Wonderfontein, in the Transvaal, and is given as reproduced in the Natal Witness:

"In the presence of Almighty God, the Searcher of Hearts, and praying for His gracious assistance and mercy, we, burghers of the South African republic, have solemnly agreed for us and our children to unite in a holy covenant, which we confirm with a solemn oath. It is now 40 years ago since our fathers left the Cape Colony to become a free and independent people. These 40 years were 40 years of sorrow and suffering. We have founded Natal, the Orange Free State and the South African republic (Transvaal), and three times has the English government trampled on our liberty, and our flag, baptized with the blood and tears of our fathers, has been pulled down. As by a thief in the night has our free republic been stolen from us. We cannot suffer this, and we may not. It is the will of God that the unity of our fathers and our love to our children should oblige us to deliver unto our children, unblemished, the heritage of our fathers. It is for this reason that we here unite and give each other the hand as men and brethren, solemnly promising to be faithful to our country and people, and, looking unto God, to work together unto death for the restoration of the liberty of our republic. So truly help us, God Almighty."
