Americans Begin a General Southern Advance.

Documents Seized In Mantla Involve a Thousand Filipinos In the Intended Rising-Wife and Sisters of Aguinaldo In Custody.

MANILA, Jan. 2.—The first movement of a general southern advance occurred yesterday morning, when two battalions of the Thirty-ninth infantry landed and occupied Cabuyao, on the south side of Laguna de Bay. Two Americans were killed, and four were wounded. Twentyfour of the enemy's dead were found in one house. One hundred and fifty prisoners and four 6 pounder rapid fire guns were captured. Three Filipino officers also surrendered to Major March and two American and two Spanish prison-

The gunboat Laguna de Bay bombarded the town before the disembarkation of the troops from the cascoes, which was made under the enemy's shrapnel fire. The enemy evacuated the place before the charging Americans, retreating to Santa Rosa, to which town they were pursued. Heavy fighting occurred along the road to Sauta Rosa, which was occupied by the insurgents retreating south toward Silang. The Americans burned the country between and around Ca-

buyao. The gunboat returned to Calamba for re-enforcements and thence came to Ma nila to fetch ammunition. She recently captured two of the enemy's steam launches, one under the fire of artillery at Calamba, and also four eascoes loaded with rice.

Other regiments are mobilizing at San Pedro Macati and Pasig preparatory to continuing the southern advance.

Sunday's capture of bombs involved the scizure of documents inculpating 1,000 Filipinos who intended to rise against the Americans. Papers were also found showing a distribution of the city into districts and a careful assignment of leaders and followers. The precautions taken by the Americans on Saturday, it is now evident, alone prevented an uprising.

The provost marshal has requested two more regiments to be detailed for the pro-tection of Manila. Three thousand troops are now actually in the city.

Aguinaldo's wife, sisters and 18 Filipinos have surrendered to Major March's battalion of the Thirty-third infantry at Bontoc, province of that name.

It was announced from Manila Dec.

23 that Colonel Wilder some time previ-

ous to Dec. 15 or perhaps that day had telegraphed to Vigan from Bayombong that Aguinaldo, with a number of Igorroti litter bearers, had crossed the moun tains near Bayombong, going southward, and that his wife had died in a village in that vicinity. It was added that she had been unwell since the birth of their son and that the hardships of their flight proved fatal.

A naval officer who has arrived here from Guam brings a proclamation issued by Captain Leary, naval governor of that island, decreeing the absolute prohibition and total abolition of slavery, or peonage, the order taking effect Feb. 22.

The prologue of the proclamation de-clares that the Spanish system of peon-age, amounting to slavery, is a menace to popular liberty and a violation of the privileges guaranteed by the American

Captain Leary also deported all the Spanish priests for reasons which were sufficient for him.
