

WASHINGTON.

From our Regular Correspondent. Washington, June 28, 1900. The Republican bluff at anti-trust legislation is being carried to the extent of devoting three days of the time of the House to speaking and voting on the alleged anti-trust resolution reported by the votes of the Republican members of the House Judiciary Committee, and the bill amending the Sherman anti-trust law. The Democratic caucus decided to oppose the resolution unless it was amended so as to strike out the encroachment upon States' rights, and to offer as a substitute the Littlefield bill. If Republicans had been sincere in the desire to enact anti-trust legislation, they would not have waited until the closing days of the session, when it is impossible for the legislation to get acted upon by the senate. It was held back purposely to prevent action by the Senate. The object being to supply stump speakers with arguments to use with anti-trust voters, while the big leaders will pat the trust magnates on the back and assure them that the action of the House was for campaign use only and has no chance of going through the Senate. These points have been brought out by the Democrats of the House and they will be kept before the people by Democratic editors and speakers.

Representative Richardson of Tenn., offered the following resolution in the House Democratic caucus and it was adopted: "Whereas, there is known to be a large and growing surplus in the Treasury, over and above the necessities of the government arising from the taxes levied and collected under the war tax act of 1898; therefore, Resolved, That we favor the reduction of the taxes provided for in said act, and we do not think the present session of Congress should adjourn until said taxes shall have been repealed as to certain articles and reduced as to others, until there is a total reduction in the aggregate of at least 40 per centum. We pledge ourselves at all times to support any measure or measures providing for such reduction." Before the campaign is over the Republican manager will be sorry that they allowed Congress to adjourn without reducing war taxation.

Orders of court are issued to be obeyed, not ignored. Justice Barnard, of the Supreme Court of the District of Columbia, has impressed that fact upon the mind of Mr. E. G. Siggers by fining him \$100 and costs, for contempt of court, in failing to obey an order of the court prohibiting his representing himself in any way as successor to or being connected in any manner with the patent law firm of C. A. Snow & Co., of Washington, D. C.

Two Democrats—Lindsay of Ky., and Pettus, of Ala.—voted with thirty-eight Republicans to kill Senator Teller's resolution of sympathy for the Boers by referring it to the committee on Foreign relations. Included in the 26 Senators who voted against such killing the resolution were four Republicans—Chandler, of N. H.; Hale, of Me.; Hoar, of Mass.; and Mason of Ill.—and three who are classed as Silver Republicans, Populists, or Independents—Heitfield, of Idaho; Pettigrew, of S. Dak., and Teller, of Col.

Hon. Martin Maginnis, one of the claimants to a seat in the Senate, has been granted the privilege of the floor of the Senate. Mr. Clark, the other claimant is entitled to that privilege as an ex-Senator.

In slapping public sentiment in the face by reporting against the election of United States Senators by direct vote, which was recently endorsed by more than two-thirds of the House, the Senate Committee on Privileges and Elections sought to let the Senate down easy by accompanying that report with another in favor of the Hoar bill for amending the present law so that after a failure to elect a Senator in six ballots, a plurality vote of a legislature shall elect a Senator.

DEAFNESS CANNOT BE CURED BY local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Sold by druggists, 75c. Toledo, O. Hall's Family Pills are the best.

The Hoar bill is merely a compromise. Public sentiment demands the election of Senators by direct vote and the demand will sooner or later, have to be met. The Washington Post flippantly charges Postmaster General Smith with hindering investigation into scandalous charges concerning the administration of the Washington city postoffice. Verily, things are getting warm in administration circles, and more than ice and electric fans are needed to lower the official temperature.

Word has been passed among Republican Senators to let everything else go and get the last appropriation bills out of the way in order that adjournment may take place on the 6th inst., as provided by the resolution adopted by the House. The Philippine bill is dead for all time and the Nicaragua Canal bill is dead for this session, and there is to be no reduction of war taxes.

The Senate Committee on Relations with Cuba began its investigation of the wholesale stealing over there, under the Bacon resolution, which was forced down the throats of the Republicans by the Democrats, by calling for information from three departments, War, Navy and Post Office as to receipts and expenditures in Cuba under the jurisdiction of each. The Democratic members of the committee will see that no whitewashing is done.

More Reckless Squandering of American Public Monies.

What will be the effect of McKinley's re-election? is a question which involves the improbable, even the impossible. It would be just as profitable to discuss the question, "What will be the policy of Augustus Caesar when he again becomes Emperor of Rome?" for there is as much likelihood of his once more sitting on the throne as there is of McKinley getting a second term. "A burnt child dreads the fire," and the American people certainly have had a sufficient dose of McHannism to last them a lifetime. But a French savant once said: "It is the unexpected which happens." On that principle, and on that principle only, is the question worthy of the least consideration.

Thomas Campbell, the author of the greatest long poem in our vernacular, says: "I watch the wheels of nature's mazy plan and learn the future from the past of man."

That is the correct rule for judging and prophesying as to human conduct.

If McKinley should by any unforeseen and unforeseeable concatenation of events be re-elected, unless he experiences a radical change of heart, of which there is no symptom, he will go on as he is going now. Four years more of Republican misrule mean a continuation of such reckless squandering of the people's money as to be justly characterized as "wicked and wanton waste," the growth of trusts until all competition is crushed out and all the power of the business world concentrated in the hands of a few men; the fostering of the high protective tariff system, which has for years prevented this great republic from being the commercial mistress of the world; the complete surrender of the money-making function—which is the supreme function of government—into the tender keeping of the national bank ring; the multiplication of useless offices at home and the multiplication of nauseating scandals abroad; the increase of the standing army to the endangerment of liberties; the cultivation of militarism as part of our political system; a continuance of the preposterous Philippine propaganda; an increasing subservency to England, which is both deleterious and humiliating; the inauguration of a ship subsidy scheme whereby the masses of the people will be fleeced for the benefit of a handful of favorites; government by carpet-baggers and pro-consuls in half the islands of the multitudinous seas; the increase of Federal courts and constant augmentation of their powers; further infractions of the Constitution and further sapping of the vital principles of Republican institutions.

With assassination as an adjunct to Republican politics in Kentucky; blackmail as against Republican politics in Philadelphia; embezzlement as an adjunct to Republican politics in Cuba, and with other sins of omission and commission as the sale bill runs, "too tedious to mention," the G. O. P. appears to be headed for what Mr. Mantalini would denominate "the demotion bowwows."

If it can survive the odoriferous and military scandals now pressing upon it and re-elect McKinley, it will be entitled to inscribe "immortality" upon its banners. Out in Michigan they have sent a few petty Republican thieves to the penitentiary for larcenies connected with the Spanish war; but the chances are ten to one that the bigger thieves who have been operating in Cuba will go scot free.

If such things as are now known to have been done in Cuba are possible within sixty miles of our shores and right under the nose of the administration, what may we not fear to hear when the light is turned upon Republican financing in the Philippines? But I am an optimist. Better to sing a jubilate than a miserere. I have implicit reliance in the ultimate good sense, perfect honesty and unyielding patriotism of the American people. In 1874 and in 1876 they arose in their might and in their wrath and hurled the ring-ridden and scandal-stained Republican garty from power. In my judgment they are about to repeat that salutary and righteous performance. Mr. McKinley's charm of manner, winsome presence and political artfulness make him invincible for the nomination; the scandals accumulating upon his administration render his re-election impossible. He is acting wisely to enlarge his "Canton Cottage." He will need it after high noon, March 4, 1901. In that quiet retreat, "far from the maddening crowd," in his capacity as a private citizen, I wish him happiness, prosperity and length of days.—CHAMP CLARK, Representative from Missouri.

ORIGIN OF THE MONTHS' NAMES. October, November and December Misnomers for Tenth, Eleventh and Twelfth Months. "January was named after the Roman god, Janus; the deity with two faces, one looking into the past and the other gazing forward to the future," writes Clifford Howard, in the June Ladies' Home Journal. "February comes from the Latin word februs, to purify. It was customary for the Romans to observe festivals of purification during that month. March owes its name to the old God of War. Among the Saxons this month was known as Lenet, meaning spring; and this is the origin of our word Lent. April was named from the Latin aperio, to open, in signification of the opening of flowers. The Saxons called the month Eastre, in honor of their Goddess of Spring, from which comes our word Easter. May was named after the Roman goddess Maia, and June was so-called in honor of Juno. July was named in honor of Julius Caesar, and August gets its name from Augustus Caesar. September is from the Latin septem, seven, this being the seventh month according to the old Roman calendar. October, November and December also retain the names by which they were known under the old calendar, when there were but ten months in the year—octo, novem and decem meaning eight, nine and ten."

Raising the Hat an Ancient Salutation. When a knight of old entered a company of ladies he removed his helmet to indicate that he considered himself among friends, and that there was no need to protect himself. This practice has survived in the custom of raising the hat when saluting a lady.—June Ladies' Home Journal.

LIKE MANY OTHERS Clara Kopp Wrote for Mrs. Pinkham's Advice and Tells what it did for Her.

"DEAR MRS. PINKHAM—I have seen so many letters from ladies who were cured by Lydia E. Pinkham's remedies that I thought I would ask your advice in regard to my condition. I have been doctoring for four years and have taken different patent medicines, but received very little benefit. I am troubled with backache, in fact my whole body aches, stomach feels sore, by spells get short of breath and am very nervous. Menstruation is very irregular with severe bearing down pains, cramps and backache. I hope to hear from you at once."—CLARA KOPP, Rockport, Ind., Sept. 27, 1898.

"I think it is my duty to write a letter to you in regard to what Lydia E. Pinkham's Vegetable Compound did for me. I wrote you some time ago, describing my symptoms and asking your advice, which you very kindly gave. I am now healthy and cannot begin to praise your remedy enough. I would say to all suffering women, 'Take Mrs. Pinkham's advice, for a woman best understands a woman's sufferings, and Mrs. Pinkham, from her vast experience in treating female ills, can give you advice that you can get from no other source.'"—CLARA KOPP, Rockport, Ind., April 13, 1899.
