

BRYAN IN NEW YORK

Democratic Presidential Nominee Warmly Welcomed.

FOUR SPEECHES IN THE METROPOLIS

Preceded by a Reception and Banquet at the Hoffman House—The Speaker Seemed in the Best of Health and Spirits.

NEW YORK, Oct. 17.—William Jennings Bryan, Democratic and Populist candidate for president, arrived at the Grand Central depot at 2:55 o'clock yesterday afternoon.

Looking fit for half a dozen speeches in the course of the evening instead of the four arranged for by the committee, Mr. Bryan made his formal entry into the city to meet with one of the greatest receptions ever accorded him in his whole life.

The enthusiasm of the thousands that filled the streets and railway station when they saw the leader of the Democratic hosts knew no bounds. A multitude followed him down Fifth avenue to the Hoffman House, running after his carriage and shouting, "Bryan, Bryan, Bryan!" at every step.

The Democratic nominee looked first bewildered, then delighted and as the carriage in which he sat rolled down the avenue took off his slouch hat and bowed right and left.

Richard Croker was the first to greet Mr. Bryan when he stepped off the private car Lucullus at the end of the train shed in the Grand Central yards. The train was on time, and the reception committee did not have to wait, though the streets were thronged for an hour before the candidate's arrival.

The Democratic candidate was dressed in a gray check suit that looked much the

worse for travel. He also wore a travel stained black soft hat and a tie that had seen much service. But his face glowed as he grasped Mr. Croker's hand, and he looked the picture of health and spirits.

Mr. Bryan held an informal reception in the parlor of his suit at the Hoffman House and was then escorted to the dinner in the Moorish room.

Before he went to dinner Mr. Bryan tarried in his apartment for a few minutes, while the Rev. Dr. Sumner, pastor of St. Matthew's Lutheran church, Brooklyn, presented to him a gold-headed cane voted to him at a fair of the church. Holding the cane in his hand, Mr. Bryan said:

"I do not as a rule use a cane, but if I do as much work in the next few years as I have in the last few years I will have need for one. If I should be fortunate enough to succeed this fall, this cane will be at the White House, where the members of your flock may at any time have the pleasure of seeing it."

Mr. Bryan spoke to large and enthusiastic audiences in four different places in the city. The first meeting was held in Madison Square Garden at 7:30 p. m. An hour later he appeared before a vast throng of waiting humanity on a stand erected at Twenty-fourth street and Madison avenue.

After a short address there Mr. Bryan, escorted by Mr. Croker, was driven to Tammany hall. There he spoke for about half an hour. The last speech of the evening was at Cooper Union, where a large assemblage previously entertained by the Democratic candidates for governor and lieutenant governor, Messrs. Stanchfield and Mackey, gave the Nebraskan a generous welcome.

Bryan's Programme in New Jersey. NEW YORK, Oct. 17.—The programme of W. J. Bryan's visit to northeastern New Jersey, which will be on Oct. 25, has been arranged. He will be met at the Marion station, Jersey City, at 7 p. m. by a committee and Democratic clubs and will make an address. He will then be escorted to St. Joseph's hall, where he will speak, and then to St. Peter's hall, where a third address will be made. Next day Mr. Bryan will talk at 8:30 a. m. in the Lyric theater, Hoboken, and will then go to Orange, Summit, Morristown and Dover.

Roosevelt in Ohio. COLUMBUS, O., Oct. 17.—Not once since the great Blaine demonstration in 1886 has this city been so crowded with visitors as it was last night, the occasion of the appearance here of Governor Roosevelt. Every hotel was full, and thousands of those who came to hear or see the governor were cared for at the homes of residents of Columbus. Ten speeches made to large audiences since leaving Cincinnati at 8 o'clock in the morning had not impaired the governor's vocal organs, nor did he show any evidence of fatigue when he was introduced at the Auditorium at 9:30 p. m. An impatient throng had been awaiting him nearly two hours.

Kisses Highly Valued. NEW YORK, Oct. 16.—Fifty thousand dollars is the price asked for two kisses by Mrs. Antonio Filzkow of 170 East Fourth street. She has rendered a bill for that amount to Dr. Anthony Hoffman, a practicing physician at 111 Second avenue, and in part 1 of the supreme court today she will try to convince a jury that the rate of \$25,000 a kiss is not too high and that the doctor ought to be made to pay it.

Miss Gast Completes Her Ride. NEW YORK, Oct. 16.—Miss Gast completed her ride of 2,000 miles at 7:05 p. m. last evening. She covered the distance in 22 1/2 days, beating the record of Will Brown by 3 1/2 m. At the conclusion of her ride Miss Gast was examined by two physicians, who pronounced her to be in good condition.

MORE FIGHTING REPORTED.

Lord Roberts' Forces Have Several Encounters With Boers.

LONDON, Oct. 17.—Lord Roberts reports from Pretoria under date of Oct. 13 as follows: "French started from Machadodorp toward Heidelberg to clear a part of the country not yet visited by our troops."

"Mahon, commanding the mounted troops, successfully engaged the enemy on Oct. 13, but our losses were severe, three officers and eight men being killed and three officers and 25 men wounded. "French occupied Carolina yesterday, capturing a convoy during his march."

Lord Roberts also reports a number of minor affairs, showing that the Boers are still active over a wide field. The British re-entered Bloemhof, near Kimberley, Oct. 14, unopposed and captured 50 Boers.

Commenting upon the activity of the Boers and the statement from Cape Town that Lord Roberts has postponed his homecoming, The Standard says: "There are certain indications pointing to the conclusion that unexpected difficulties have arisen which Lord Roberts deems grave enough to demand his presence for some time to come. All the facts suggest that it is impossible yet to denote South Africa of any substantial portion of the large army now engaged in dominating a sullen and recalcitrant population."

The editorial finally calls for the severest measures against irreconcilable Boers—"prompt and ruthless punishment for every insurgent burgher caught in delicto."

A dispatch from Pretoria says that Lord Roberts, in an army order announcing the return of General Buller to England, thanks Sir Redvers for his great services while he was commander in chief of the British forces in South Africa and for the ability with which he carried out the operations while serving under Lord Roberts.

The order declares his operations "resulting in the collapse of the Boers in the eastern Transvaal."

Boer Commando Suffers. DURBAN, Oct. 17.—Near Vryheid a Boer commando was taken in ambush by Bethune's mounted infantry, the Boers losing 60 killed, 35 wounded and 65 taken prisoners.

CAPTURE OF PAO-TING-FU. Doubtful in London—Southern Rebellion Spreading.

LONDON, Oct. 17.—There is no confirmation of the reported capture of Pao-ting-fu, of which, according to the Shanghai Echo, M. Dechene, the French consul there, has received news. The report is generally discredited in London, especially as there is no direct telegraphic communication between Shanghai and Pao-ting-fu.

Hongkong dispatches tell of the continued spread of the southern rebellion. The Hongkong correspondent of The Daily Express sends a report that the British torpedo boat destroyer Handy shelled 2,000 rebels who were advancing on San-chun, killing 40 and wounding hundreds.

A dispatch from Shanghai, dated Oct. 16, says that official confirmation has been received of the report that the Russian southern army has occupied Fiehling, the terminus of the Shan-hai-kwan railway. The occupation was effected Oct. 4.

Fatal Fire in Detroit. DETROIT, Oct. 17.—As a result of a fire which started soon after 1 o'clock yesterday afternoon in the building at 15 Jefferson avenue, occupied by the Witehik Bros. company, limited, manufacturers of elk skin shoes, two men are dead and eight persons are more or less seriously hurt. The fire started in the basement, which was used as a store-room for boxes and lumber. At first it was thought barrels of rubber cement had exploded. These were stored in an arway under the alley, but after the fire was extinguished the barrels were found to be intact. The origin remains a mystery.

Baseball Season Closed. NEW YORK, Oct. 15.—The final game on the National league schedule was played at St. Louis yesterday. The home team shut out the Cincinnati, thus tying with Chicago for the fifth place.

Table of Percentages.

Table with 4 columns: City, W., L., P. C. Rows include Brooklyn, Pittsburgh, Philadelphia, Boston, Chicago, St. Louis, Cincinnati, New York.

Hanna's Speaking Tour. WATERTOWN, S. D., Oct. 17.—Senator Hanna's train stopped at 14 towns in Minnesota and South Dakota during yesterday, with Watertown for the principal stopping place. At nearly every town of any importance through the valley of the Minnesota river and across the prairies of western Minnesota and eastern South Dakota Senators Hanna and Frye and Victor Dooliver of Iowa made speeches varying in length from 2 to 20 minutes. Large crowds were present at nearly every stopping place.

Paying Census Takers. WASHINGTON, Oct. 17.—Up to yesterday \$3,419,378 had been paid to census enumerators who made the enumeration for the twelfth census. These men numbered nearly 53,000, and all but about a couple hundred of them have been paid off. Those who have been settled with averaged an earning of \$64.94 each, which is about \$10 each more than was paid for similar work in the taking of the eleventh census.

Goebel Law Repeal Falls. FRANKFORT, Ky., Oct. 13.—The conference committee on the repeal bill to the Goebel election law failed to agree. The house adopted a resolution providing for sine die adjournment today at midnight. The senate adjourned to meet today. The assembly will most certainly adjourn today without repealing the Goebel law, and the election will be held under that law.

Mark Twain's Back From London. NEW YORK, Oct. 16.—Among the passengers who arrived last night in quarantine on board the steamer Minnehaha were Mr. S. L. Clemens, Mrs. Clemens and the Misses Clemens.

Another Football Fatality. SACO, Me., Oct. 15.—Injuries received in a scrimmage in a football game Saturday resulted in the death of Ernest H. Townsend, 19 years old. His spine was hurt.

NO SETTLEMENT YET

Coal Carrying Companies Confer With Headquarters.

SCRANTON RESOLUTIONS UNNOTICED

Operators Opposed to Any Recognition of the Miners' Union in Their Transactions—Strikers Think Companies Will Yield.

WILKESBAIRE, Pa., Oct. 17.—The representatives of the coal carrying companies here have been in communication with headquarters in New York regarding the settlement of the miners' strike. The resolutions adopted by the Scranton convention were mailed to all the coal companies and individual operators. They all bore the seal of the United Mine Workers' organization, and there was a request that a prompt reply to the communication would be thankfully received.

The communication still remains on the desks of some of the coal companies unopened. The reason for this is some of the operators do not want to commit themselves in any way as recognizing the miners' union.

To enter into any negotiations with the officers of the organization would, in the

opinion of the operators, be an admission that the operators recognized the union. One operator said last night: "Once we enter into correspondence with the United Mine Workers we are going to have the same trouble the operators in the bituminous region have. There will be nothing but correspondence all the time, and the owners of a mine will not know whether they are running it or the United Mine Workers are running it for them."

The strikers here profess not to be discouraged with the outlook. They say eventually the companies will give in and the men will be ordered back to work.

CALL FOR TROOPS DENIED. Quiet Day at Headquarters—Marching Strikers Return.

HAZLETON, Pa., Oct. 17.—The report that Frank Pardee, manager of the Calvin Pardee & Co. colliery at Cranberry, had requested the governor to send troops into Luzerne county is not exactly correct. Mr. Pardee denied that he had done so, but said he and Governor Stone had talked on the advisability of having soldiers in this region. It is Mr. Pardee's belief that if troops were stationed here it would have considerable effect in the way of keeping the peace and preventing marches. Mr. Pardee added that the governor told him he would refer the matter to Brigadier General Gobin, who is now on duty in Schuylkill county.

Yesterday was exceedingly quiet around the headquarters of the United Mine Workers. President Mitchell spent most of the day in disposing of the mail which had accumulated during the miners' convention last week. Mr. Mitchell said he had received no communication or even an intimation that the operators would accept the proposition made by the convention.

It was long after nightfall when the last of the strikers who marched to the Panther Creek valley returned. They were for the most part footsore and weary. The distance of 18 miles from Hazleton to Condale is principally down grade, and the walk there was scarcely noticed by the enthusiastic strikers. The up hill march back home, however, with the added facts of a sleepless night and a failure to accomplish their purpose, tended to dampen their ardor somewhat.

Troops Disperse Marching Miners. LANSDOWN, Pa., Oct. 17.—About 1,500 men and 60 women and girls marched 18 miles from the south side of Hazleton region for the Panther Creek valley, where they expected to close all of the ten collieries of the Lehigh Coal and Navigation company. But just as they were nearing their destination they were met on a mountain road by three companies of infantry and at the point of the bayonet were driven back four miles to Tannagan and dispersed. Another crowd of 800 strikers from the north side of Hazleton also marched here and succeeded in closing the company's No. 1 colliery at Nesquehoning, near Mauch Chunk, before it was scattered.

Good News From Porto Rico. WASHINGTON, Oct. 17.—Secretary Long has received a letter from Governor Allen of Porto Rico in which the latter tells of an extensive tour of the island, of the prosperous condition of the sugar crop and the outlook for a very satisfactory coffee crop. Governor Allen predicts that with these prosperous crops the people of the island soon will be up on their feet financially.

Earthquake in India. LONDON, Oct. 17.—A severe earthquake, says the Bombay correspondent of The Daily Express, has occurred at Jodhpore, in Rajputana, doing great damage, although causing but slight loss of life.

Many Injured in Street Car Collision. SEATTLE, Oct. 17.—Fourteen persons were injured in a collision of street cars on the line between Seattle and Renton. A dense fog prevented the motorman seeing ahead.

Governor Roosevelt will spend Sunday, Oct. 28, in Binghamton. His itinerary the following week will be largely through western New York, and he will reach Buffalo on the night of Oct. 31.

A DEATHDEALING STORM. Three Killed and Several Injured by Collapse of a Building.

NEWARK, N. J., Oct. 17.—The storm late yesterday afternoon struck this place with frightful force and caused the death of three men, fatal injuries to at least two others and seriously injured three more. When the storm came up, these men were at work on the new building of the Mairn Linoeum works. The building was to have been a brick structure. The brick work had been carried to a height of 50 feet, and the iron and steel girders for the floors and roof had been put in place, but the windows had not been put in place, and the roof was not covered.

The men were employed by John F. Lay, a contractor of this city, and were engaged in taking down the scaffolding inside and outside of the building. When the wind hit the building, it rushed through the openings and formed a whirlwind inside the walls, and in a moment the whole collapsed like an eggshell, and very few of the bricks remain in the position they were in.

All four walls went down with a crash, and the nine men were buried under the avalanche of brick and steel. Rescuers were quickly at work, the dead bodies taken out and the injured removed to a hospital.

NEW POLAR EXPEDITION. To Be Fitted Out in New York and Commanded by E. B. Baldwin.

NEW YORK, Oct. 13.—William Zeigler, a well known and wealthy citizen of New York city and large interests in Brooklyn, announces that he will purchase two vessels, fully equip and man them and send them in quest of the north pole during the summer of 1901.

The expedition is to be in charge of Evelyn B. Baldwin, who was a companion of Lieutenant Peary in his attempts to reach the pole in 1893 and 1894 and also a member of Walter Wellman's expedition.

Earthquake at Skaguay. VICTORIA, B. C., Oct. 16.—A severe shock of earthquake occurred at Skaguay on Tuesday last, lasting from 2:30 to 3 a. m. The news was brought by the steamer Amur, which returned yesterday afternoon. The shock was not as serious as the heavy ones of September last year, when some of the glaciers were shattered, but it was universally felt on the Lynn canal and in the vicinity. Whether it was felt along the coast or in the interior could not be learned.

Claims Leaving New England.

Over the greater part of the New England coast the supply of claims has suddenly diminished to an extent which has become alarming. Extensive areas which four or five years ago produced great numbers of claims are now practically barren. The explanation is simply that the demand has increased at such a rate that too large a number of the natural "seed" claims have been removed and extinction suddenly follows.

The Kaiser's Mustache. Emperor William has had to abandon that peculiar curl of the mustache which has helped to make the Kaiser famous because Haby, the imperial barber and the only man that knew how to do it, has been dismissed for impudence and for trading on the royal favor he enjoyed.

Nature "makes all things beautiful in their time." Every one of life's seasons, when life moves on Nature's lines, has its own charm and beauty. Many women dread that period when they must experience change of life. They fear that face and form may suffer by the change, and that they may fail to please those whom they love. The value of Dr. Pierce's Favorite Prescription in this crisis of woman's life lies in the fact that it assists Nature. Its use preserves the balance and buoyancy of the mind and sustains the physical powers. Many women have expressed their gratitude for the help and comfort given by "Favorite Prescription" in this trying period. Its benefits are not passing but permanent and conduce to mental happiness as well as physical strength.

When a woman gets her mind set on a dress she is likely to change it.
