Railway and Telegraph Lines Broken Near Edenburg - Supply Wagons and Escort Ambushed In Natal. Plans For Roberts' Departure,

LONDON, Nov. 21.-Dispatches from South Africa report that a great battle is proceeding between the British forces and the Boers under General De Wet.

Lord Roberts cables the war office that the Boers attacked a British outpost at Thaba N'Chu, in the rich grain district east of Bloemfontein, in the Orange Riv er Colony on Nov. 16 and killed a British officer and three men. They allowed a prisoner to return to the British garrison with a request for an ambalance.

Lord Roberts states that the Boers are very active in the southern part of the Orange River Colony and have repeatedly broken the milway and telegraph lines near Edenburg. He says the occupation of Klerksdorp by General Barton important, as it greatly hampers the burghers in their operations.

The commander in chief also reports

that the Boers have ambushed a wagon load of supplies and 13 men at Utrecht, Natal. They afterward released the men, four of whom were slightly wounded.

A dispatch from Cape Town says that the transport Canada is being fitted up preparatory to taking Lord Roberts home. The commander in chief's departure has been delayed owing to the illness of his daughter. Lord Roberts telegraphed the Cape Town municipality that he was still unable to name the date on which he would partake of their hos pitality. The council has tendered a reception and banquet to the field marshal before he leaves for England.

Awaiting Kruger.

MARSEILLES, Nov. 21.-No definite news has been received as to the where abouts of the Gelderland, but arrangements are going forward for a possible reception and for a banquet this evening, at which, however, Mr. Kruger is not likely to be present. "The crowd in the streets to witness the arrival of Mr. Kruger, said the prefect of the department, "will probably exceed 100,000, which is a fifth of the population of Marseilles. Never-theless no disorder, in my opinion, will occur. The sympathies of the inhabitants are undoubtedly with the Boers, and Mr. Kruger will receive a rousing reception, but except for a few isolated cries against England, which it will be impossible to prevent, but which will be promptly repressed if the penceful character of the demonstration seems likely to be in any way jeopardized, we expect nothing that would offend the English."

The Buttleship Kentucky Ordered to Smyrna.

WASHINGTON, Nov. 20.-The first class battleship Kentucky, now in Mediterranean waters, has been ordered to touch at Smyrna, Turkey, on her way to the Philippines. The Kentucky has been in Mediterranean waters for some time. has made a stop at Algerian port and is now at Naples. She is going to Manila via the Suez canal route and is in command of Captain Colby M. Chester. The Kentucky's presence in Turkish waters will be coincident with renewed efforts on the part of the administration to collect from the Turkish government payment of the indemnity claimed by United States for the destruction of missionary property in that country some s ago.

These claims have been pending for a long time. The payment of the indemnity was urged in turn by Ministers Angell and Straus, and Mr. Griscom, the Amercan-charge, now at Constantinople, has been persistent in his demands for a settlement, but thus far apparently without any definite assurance that the claims will be paid. The claims approximate in amount \$100,000.

FIGHTING RESUMED. Americans Plan an Aggressive Cam-

paign in the Philippines. MANILA, Nov. 19 .- Last week witnessed a very considerable increase in rebel and American activity in the field. Many skirmishes occurred and several small engagements in northern and southern Luzon. The termination of the rains

permits a resumption of operations on

The Americans are undertaking a series of aggressive movements against the insurgents, notably upon the island of Samar against General Lukban, whose forces hold the entire island with the exception of three coast towns, each of which is garrisoned by two companies of the Twenty-ninth infantry and a pla-

toon of artillery. The rebels are continually shooting into the garrisoned towns, and our forces have not been sufficient to retaliate effectively. Commerce in Samar has been at a standstill, and most of the influential inhabitants have departed. General Hare has arrived there with 250 men. He will bring eight companies of the Second infantry from the island of Marinduque, as they may be needed, and will proceed energetically to crush General Lukban. Meanwhile United States gunboats will patrol the coast to prevent the escape of the insurgent leader. Lukban still holds three members of the Forty-third regiment prisoners

General Wheaton, commanding in the department of northern Luzon, is sending re-enforcements to General Young's provinces, where the natives, under General Tinio and Aglipay, the excommunicated Filipino priest, are showing signs of restessness, deserting the domiciles they have occupied during the rainy season and joining under compulsion of fear the insurgents in the mountains.

Notable among the week's engagements was General Grant's advance, with Maccabebe and American scouts, upon a reb-el stronghold 35 miles north of Manila, which was defended by 200 insurgents armed with rifles. After skirmishing and fighting for the greater part of a day and night, the enemy was dislodged from the mountain fastness, and immense quanti-ties of rice and stores, with considerable ammunition, were destroyed.

General MacArthur has gone to Subig bay with Admiral Remey on the United States cruiser Brooklyn for the purpose of examining the locality. THE IMPERIAL EDICT

Chinese Decree For the Punishment of Boxer Leaders.

LIFE SENTENCE FOR TUAN AND CHWANG

Yu Hsien, Former Governor of Shan st, to Be Kept at Hard Labor In the Fathermost Border of the Country.

WASHINGTON, Nov. 21.-The Japanese legation has received from the for-eign office at Tokyo the text of the Chinese imperial edict, dated the 13th inst., on the punishment of the antiforeign offi-cials. It is to the following effect:

"Orders have been already issued for the punishment of the officials responsible for opening hostilities upon friendly powers and bringing the country into present critical condition by neglecting to suppress and even by encouraging the But as Peking and its neighborhood have not yet been entirely cleared of the Boxers the innocent people are still suffering terribly through the devastation of their fields and the destruction of their houses, a state of affairs which cannot fail to fill one with the bitterest feelings against these officials. And if they are not severely punished, how can the anger of the people be appeased and the indignation of the foreign powers al-

"Accordingly Prince Tuan is hereby deprived of his title and rank and shall, together with Prince Chwang, who has already been deprived of his title, be delivered to the clan court, to be kept in prison until the restoration of peace, when they shall be banished to Shengking, to be imprisoned for life. Princes Yi and Tsai Yung, who have both been already deprived of their titles, are also to be delivered to the clan court for imprisonment, while Prince Tsai Lien, also already deprived of title and rank, is to be kept confined in his own house. Tsai Lan shall forfeit his ducal salary, but may be transferred with the degradaone rank. Chief Censor Ying Nien shall be degraded two ranks and transferred. As to Kang Yi, minister of the board of civil appointment, upon his return from the commission on which he had been sent for the purpose of making inquiries into the Boxer affair he memorialized the throne in an audience strongly in their favor. He should have been severely punished but for his death from illness, and all penalties are ac-cordingly remitted. Chao Shuy Yao, minister of the board of punishment, who had been sent on a mission similar to that of Kang Yi, returned almost im-

mediately.
"Though such conduct was a flagrant neglect of his duties, still he did not make a distorted report to the throne, and therefore he shall be deprived of his rank, but allowed to retain his present office. Finally Yu Hsien, ex-governor of Shansi, allowed while in office the Boxers freely to massacre the Christian missionaries and converts. For this he deserves the severest punishment, and therefore he is to be banished to the farthermost border of the country and

there to be kept at hard labor for life. "We have a full knowledge of the present trouble from the very beginning, therefore, though no impenchment has been brought by Chinese officials at home or abroad against Princes Yi, Tsai Lien and Tsai Young, we order them to be punished in the same manner as those who have been impeached. All who see this edict will thus perceive our justice and impartiality in inflicting condign penalties upon these officials.

To Adopt Stronger Measures.

LONDON, Nov. 21.—"At last," says he Shanghai correspondent of The Morning Post, wiring yesterday, "the allies in Peking have resolved upon stronger measures to bring matters to a crisis. They have asked the viceroy of Nankin to state definitely his position toward the Chinese court and the question of forwarding supplies." "It is credibly reported," says the Shanghai correspondent of The Daily Telegraph, under yesterday's date, "that the empress downger has telegraphed a secret decree warning all governors and viceroys to prepare for immediate war against the allies everywhere."

CHARLESTOWN, N. H., Nov. 21 .-Charles H. Hoyt, the well known play-wright, died at his residence here at 7:15 o'clock last night of paresis, from which he had been suffering for several months past. Ever since his return to Charlestown, after his release from a private asylum in Hartford by order of the court early in August, it had been known by his attendants and nearest friends that his condition was serious and that there was little or no chance for his recovery but Mr. Hoyt had seemed hopeful of ultimate recovery.
