NEW SOURCES OF ALCOHOL.

The Stimulating Product Is Now Obtained from Several Atrican Plants.

It is announced in the Revue des Cultures Coloniales (Paris) by Ch. Riviere, of Algiers, that alcohol may be obtained from several African plants, namely, the carob, the asphodel, the squill and the alfa. The fruit of the earob is a pod with very sugary contents. The saccharine gum that forms on its surface often ferments of itself. Dry pods yield 41 per cent, of sugar and 100 kilograms (62 pounds) give about 20 liters (five gallons) of absolute alcohol, or 40 or 50 per cent. of alcohol. The alcohol is of good quality, but cannot be freed from a disagreeable smell and taste. Asphodel alcohol has a repulsive odor and disagreeable taste and is as harmful as it is displeasing.

It is the tuberous root of the plant. which is very common in Algiers and Tunis, that yields it. M. Riviere be-lieves that with sterilization and purification it will furnish a grade of alcohol superior to that obtained from beet root or molasses. As for the squill, which is also very abundant in Algiers, it gives interesting results, notwithstanding its scrid and toxic qualities. The alcohol is not of as high grade as that from the asphodel, but it is free from furfurol and contains a very small proportion of the higher alcohols, Finally, the alfa yields alcohol from its leaves. This alcohol has a very bad edor, but it is more likely to be used practically than that from the other plants, since alfa is already cultivated as a grain and for paper-making.

RIGHT UP TO DATE. (Benzon's Plaster is Pain's Master.)

These are days of records and of the beating of records. Benson's Porous Plaster, for quickness of action and thoroughness of cure, has no records to beat except its own. Benson's Plaster, always the best, always the leader, is to-day better than ever. It sticks to the skin but never sticks in its treaks.

tracks. It marches on.

The people not only want to be cured but cured quickly—and Benson's Plaster does it. Coughs, colds, lumbago, asthma, bronchitis, liver and kidney complaints, and other ills approachable by an external ramedy, yield to Benson's as ice does to heat.

Neither Belladonna, Strongthening or Capsicum plasters are to be compared with Benson's. People who have once tested the merits of Benson's Plaster have no use

for any other external remedy.

More than 5,000 physicians and druggists (and a thousand times as many non-professional persons) have called Benson's Plasters one of the few (!) home remedies that can be trusted. Fifty-five highest awards have been made

to it in competition with the best known plasters of Europe and America. Better proof of its merits is inconceivable. Be sure to get the genuine.
