Incoln Thought He Was Not Even Fit to Draw a Hearse to the Cemetery.

Lincoln used to be fond of telling a story which he got from Mr. Connant of a lawyer in a western town who desired the nomination for county judge. says the San Francisco Argonaut. On the morning preceding the evening on which the county convention was to meet he applied to the livery stable keeper in his village for a horse and buggy in which to drive to the county town, 16 miles distant, where the convention was to be held. "Give me the hest and the fastest horse you have. Sam," said he, "so that I will have time to go around and see the boys before the convention comes in." The liveryman, however, was supporting a rival candidate, and gave the lawyer a horse that outwardly appeared perfect, but which broke down entirely before half the journey was completed, so that when the candidate arrived the convention had adjourned and his rival had been nominated.

On his return to the stable late the following afternoon, knowing that it was useless to resent the trick played upon him, he said to the owner: "Look here, Smith, you must be training this horse for the New York market. You expect to sell him to an undertaker for a hearse horse, don't you? Well, it's time wasted. I know from his gait that you have spent days training him to pull a hearse, but he'll prove a dead failure. Why, he's so slow he couldn't get a corpse to the cemetery in time for the resurrection.'

How To Take Cod Liver Oil .- Nearly everyone knows that when they are thin there is one know that was they are the solution of the more promptly. Yet there is nothing against which they rebel more promptly. There were a great many was recommended for making cod liver oil pleasant. Among these we would mention placing a pinch of salt in the mouth before and after taking the dose of oil. Syrup of bitter orange peel was also recommended. But now all this is unnecessary. Science has found a way of making cod liver oil not only pleasant to take, but easy to digest. Messrs. Scott & Rowne have brought this science to perfection in their Scott's Emulsion, which is cod liver oil free from disa reeable odor, and taste, and already partly digested.
