Methods to Condemned Men.

It Is Feared He Will Not Agree to Commit Suicide-The Chinese Army Under His Control.

PEKING, Feb. 13.-Prince Ching and Li Hung Chang have received a long dispatch from the court which they have not disclosed to the foreign envoys. It is understood to contain, in addition to the recent celebrated reform decree, an account of how Emperor Kwang Su has sent a choice of methods of suicide to all those named for punishment by the envoys, closing with the inquiry whether Prince Ching and Li Hung Chang think the envoys will be satisfied.

It is understood that the Chinese plenipotentiaries in their reply to the court said the foreign envoys could not object strongly to an accomplished fact, but that they would probably insist upon the senexecution being published throughout the empire and possibly upon the heads of those condemned being exhibited at various points.

It is very seriously doubted in Chinese circles here that General Tung Fu Hsiang will agree to commit suicide. The ar my worships him. He has absolute con-trol of the Mohammedans and is believed one himself. He refused to allow the disbandment of 5,000 men, and the emperor ordered him far from the court attempt his execution, it is thought in Chinese circles, might mean civil war.

This morning the foreign envoys met and considered the question of quarters for the legation guards. The matter of indemnities was also mentioned, especial ly as bearing upon the damage done to the personal property of farmers.

The reply of the court protesting against what the Chinese describe as the "inconsistency of the death penalties required by the powers" was also discuss The envoys resolved to ignore the protest and decided that it was desirable to proceed immediately to the delimita tion and organization of the diplomatic

quarter.
In the course of the afternoon Li Hung Chang called officially upon M. de

Acceptance Only a Blind.

SHANGHAI, Feb. 13.—According to The North China Daily News, the Chinese say that the acceptance of the con ditions of the powers by the Chinese peace plenipotentiaries was merely a blind and that a large force of Chinese is proceeding to Tai-yuen-fu to oppose an expected allied expedition.

COLONEL A. D. SHAW.

Past Grand Army Commander Found Dead In Washington.

WASHINGTON, Feb. 11.—Representative Albert D. Shaw of Watertown, N. Y., formerly commander in chief of the Grand Army of the Republic, was found dead late Sunday morning in his room at the Riggs House. A physician sum-moned immediately after the discovery of the body pronounced death due to apoplexy, probably about 2 o'clock in the morning. Colonel Shaw had returned about 1:30 o'clock from a banquet at the Ebbitt House in honor of his suc cessor, General Leo Rassieur, and before he left the banquet hall had responded eloquently to a toast and appeared in excellent health and spirits. The body was discovered lying face downward on the floor. The features were slightly bruised, showing he had fallen suddenly and heavily. After his return to the hotel Colonel Shaw asked for hot water, complaining of indiges-tion. The water was brought to him,

and that was the last seen of him alive. Colonel Shaw was 50 years of age and a veteran of the civil war. He was a widower, his wife dying just one year

ago yesterday.

Colonel Shaw was born in Lyme, N. Y., Dec. 27, 1841. He served a term of enlistment in the Thirty-fifth New York volunteers and as a special agent of the war department at provost marshal headquarters during the civil war. Later he was a member of the state assembly for one term, was appointed consul to Toronto in 1868 and promoted to Man-chester, England, in 1878, from which latter place he was removed by President Cleveland in 1885 for being "an offensive partisan." Afterward he filled office of department commander of the Grand Army of the Republic for the state of New York, commander in chief of the national body and a representative in congress, succeeding the late C. A Chickering, who met a tragic death in

New Jersey Tax Legislation.

TRENTON, Feb. 13.-The senate after an hour's discussion passed Senator Reed's bill providing that no deduction should be allowed on the assessed valuation of real estate for any indebtedness to any bank or trust company. Senator Martin opposed the bill in a long speech, he said it would work an in justice to honest debtors. Senator Reed said the bill simply restored the law as it existed previous to 1898 and that its purpose was to put an end to tax shirking by persons who borrow money from banks before the assessors come around and then swear off the amount from their property valuations. The bill pass-ed, with only Senator Martin voting in the negative. The senate then adjourned for a week.

Country Homes Looted. MIDDLETOWN, N. Y., Feb. 9.—The police of this place have been notified of systematic robberies occurring in the country districts south of here by men claiming to be washing machine agents. WILHELMINA WEDS

All Holland Celebrates the Happy

Event.
THE HAGUE, Feb. 8,-Queen Wilhelmina's marriage to Duke Henry of Mecklenburg-Schwerin, who yesterday became Prince Heinrich of the Netherlands, was a huge family affair. Holland that could came to The Hague to participate. Those who staid at their GENERAL TUNG FU HSIANG MAYOBJECT nomes in other cities and villages of the kingdom celebrated with parades, decorations and banquets.

Never was seen a more beautiful and happy wedding. The popular belief is that it is a love match, like that of Victoria and Albert, and this gives mantic coloring to the event which is generally lacking in royal marriages.

The ceremonies were the same simple and unritualistic rites of the Reformed church by which the humblest of Queen Wilhelmina's subjects are married. whole spirit of the affair was plain and democratic, although the costly gowns and jewels and the showy uniforms of

distinguished personnges, high officials of the kingdom, the army and the navy and representatives of the people in parliament and the municipalities furnished a regal stage setting. The venerable pastor administered to the bride and groom a caution that their high positions would not shield them from the common sufferings and sorrows of humanity.

Queen Wilhelmina made a very win-ning and human bride. She blushed and became confused over the ceremonial with the ring, as all brides are supposed to do, while her happiness and pride over the enthusiasm of her people were plain-

ly deeper than a mere matter of form.

The scene as the royal couple stood with clasped hands before the chaplain in a circle of brilliantly arrayed personages, including their relatives and people com-posing the highest families of Holland and the neighboring German principalities, almost beggars description, the mass es of variegated coloring rendering more effective the blue, gold and white banked up high against the walls of the church It was wonderfully gorgeous. The building itself is a cathedral in size, but is plain as a Quaker meeting house in its furnishings.

DISTURBANCES IN SPAIN. Situation Grows More Menacing, and

Madrid Is Alarmed. MADRID, Feb. 13.-Yesterday afternoon about 800 students, led by a woman and bearing French and Spanish flags. assembled in the Puerta del Sol and started cries for the army and against the Jesuits and the Count of Caserta. They were quickly dispersed, but continued reassembling in various parts of the city.

The afternoon was one of continual manifestations, though without serious incident, owing to the vigilance of the police. In fact throughout the entire day civil guards, mounted and on foot, were everywhere visible, dispersing crowds wherever found. These assemblages were largely composed of youths and street idlers, but behind them are agitators and the sentiment of the people.

Last evening 200 mounted civil guards paraded Puerta del Sol with drawn swords, preventing any collection of people. All the avenues centering on the sonare are closely guarded.

There can be no doubt that the feeling of the populace is deep rooted, needing only a successful leader to encourage the people to menacing deeds,

Owing to their attitude the torchlight procession scheduled for last evening was abandoned, the authorities fearing that the slightest opportunity for a clash might lead to serious results.

Gomez May Be President.

HAVANA, Feb. 12.-The followers of General Maximo Gomez triumphed yesterday in the Cuban constitutional convention. The clause making him eligible to the presidency of the republic was adopted by a vote of 15 to 14. There was no discussion. Just before the question was put to a vote Senor Giberga said he did not think the convention was called upon to recognize the revolutionary element in the constitution, but this protest elicited no reply. Senor Llorente, who is classed with the anti-Gomez faction, was not present at yesterday's session owing to sickness. General Rivera absented himself in consequence of his wish not to take part in this particular dispute. Senor Betancourt, who voted last week with the opponents of General Gomez to postpone the discussion, cast his vote for Gomez, making a majority of one in favor of the clause.

Mary Coudit-Smith Weds.

WASHINGTON, Feb. 12.-Lieutenant Richard S. Hooker and Miss Mary O. Condit-Smith were married at noon yes-terday at Epiphany church by Bishop Satterlee. After the wedding the couple left for a short tour. Upon their return they will take up their residence at the Brooklyn navy yard, where Lieutenant Hooker is stationed. The bride is the daughter of the late J. Condit-Smith of New York. While sojourning in China several months ago she became a prisoner during the siege of Peking. The groom is the son of Mrs. Bessie Stewart and the grandson of Senator Stewart. He received his commission over a year ago and recently was promoted.

MONEY FOR THE ARMY

Appropriation Bill Passed by the House.

SENATE TAKES UP AGRICULTURE.

Supply Bill For That Department Unfinished-Committee Recommends Half a Million Increase to Postal Budget.

WASHINGTON, Feb. 13.-The house yesterday passed the army appropriation bill and entered upon consideration of the sundry civil bill, the last but one of the big money bills. The debate on the army bill was confined largely to a discussion of the question of passing bills to remove the charge of desertion against soldiers and was made notable by a statement of Mr. McClellan of New York comparing the cost of the soldier in European armies with the cost in the United States. According to his figures, including the cost of pensions, etc., each United States soldier involved an expense of \$2,828, while a German soldier costs \$229 and a French soldier \$232. Previous to the consideration of the appropriation bills the etter reflecting upon Mr. Perry S. Heath which Mr. Sulzer introduced into the proceedings yesterday was expunged from the record. During the debate upon the his statement of Monday that he was willing to father the statements in the letter and declaring that if action was brought against him he would not plead bis constitutional immunity.

At the close of the day the house adopt ed the usual resolutions of regret on the death of General A. D. Shaw of New York and adjourned out of respect to his memory. Owing to the tangle in which the house found itself just before adjournment (being without a quorum) the announcement of General Shaw's death

could not be made. During the entire session of the senate the agricultural appropriation bill was under consideration. After six hours of consideration the bill was little more than half completed. The debate upon the measure dealt almost entirely with administrative details of the department of agriculture, many commendations of the work of the department being made by senators on both sides of the chamber.

The increase of postal appropriations recommended by the senate committee amount to \$525,000 making the grand total of the bill \$124,308,088, or \$7,675, 046 in excess of the estimated postal rev enues for the year. In addition to the appropriation for the pneumatic tube system there is a small appropriation for free delivery of mail in towns and small cities and another small appropriation for experimenting with return postage envelopes and postal cards. The bill probably will be taken up for consideration next Monday.

GENERAL RUGGLES DEAD.

Had the Honor of Drafting the First Republican Platform.

SPRINGFIELD, Ills., Feb. 11.-General James M. Ruggles, one of the founders of the Republican party, who drafted the first platform on which the Republican party was founded, is dead at Hopping sanitarium, Havana, aged 81 years. General Ruggles was born March 7, 1818, in Richmond county, O., and was of noted ancestry, his great-uncle being Brigadier Timothy Ruggles, who was president of the first congress that ever met in America in New York in 1755. A great-uncle, John Ruggles, was three times elected United States senator from Maine, and another, Benjamin Ruggles, was first United States senator Ohio, serving 18 years from 1818. His father, Judge Spooner Ruggles, was state senator in the Illinois legislature from Ogle and Winnebago counties in 1842.

Worst Blizzard In Years.

SYRACUSE. Feb. 13.—Northern and central New York are feet deep in the worst blizzard of the winter and in some respects in recent years. Over a territory extending from Rochester to Utica and from Watertown to Ithaca the wind is blowing a gale, and while it is not exceedingly cold the fine snow driven by the wind makes travel dangerous. the cities snowplows and shovel gangs are keeping the street car tracks in semipassable condition, but in the country districts the roads are drifted to such debts that travel is practically impossi-ble. Specials to The Post-Standard from outlying towns say that worse conditions have never been known. In some cases communication with other villages except by wire is entirely cut off. In Cortland county drifts ten feet high are reported in the main roads, and travel is impossible. In the northern counties the same story is told.

Costly Blaze In Scranton, SCRANTON, Pa., Feb. 8.-A fire which caused \$400,000 damage broke out yesterday afternoon and raged furiously for hours. The flames started in the motor room of the four story Henwood building at 316 Lackawanna avenue, occupied as a clothing store by P. J. Horan and on the upper floors by the Delaware, Lackawanna and Western car accountant's of-fice and Gramber's photograph parlors and Moses, overall manufacturer.

THE MEN TAKE A HAND.

Topeka Business Men Say "Joints" Must Go.

TOPEKA, Feb. 11.-Three thousand male citizens of Topeka in mass meet-ing here have decided that the numerous of the city must close their places. They issued an ultimatum giving the "jointists" until Friday next at 12 o'clock noon to quit business. If this shall not be done, warning was given that 1,000 armed men would immediatefy move on the "joints" and remove them by force. This action is the result of the crusade started in Topeka less than ten days ago by Mrs. Carrie Nation. The meeting yesterday afternoon was a remarkable one in every respect. It was called by a committee of the Law Enforcement league and was attended by nearly all the prominent business men of the city. A feeling of intense earnestness pervaded the meeting. Conservative men who have hitherto advocated moderation in the dealings with the lawless element insisted in unmistakable terms that the time had come when patience had ceased to be a virtue and that the people of Topeka should take the law in their own hunds.

The meeting was opened with prayer. After a few short, snappy addresses, which worked the audience to a high degree of enthusiasm, an ultimatum was proposed and passed amid the loudest cheering.

Tweive hundred men signed their names to cards pledging themselves to be motion to expunge Mr. Suizer renewed ready at a moment's notice to join the his attack upon Mr. Heath, reiterating army which has been recruited to stamp out the joints by the time the limit set by the ultimatum expires.

MRS. NATION IN CHICAGO.

Made Speeches En Route-Arrival

Causes Little Excitement. CHICAGO, Feb. 13,-Mrs. Carrie Na tion arrived in Chicago at 8:40 last night, coming over the Rock Island road, and within 15 minutes after reaching the city she was facing a somewhat diminutive audience gathered under the auspices of local members of the W. C. T. U. in Willard hall. On her trip toward Chicago she delivered a number of short address es from the rear end of the car, speak ing at nearly every station where a stop was made. Her coming was marked by special incident contrary to the expectation of the ladies who had invited her to visit Chicago.

She entered her carriage at once and was driven rapidly to Willard hall, five blocks distant. Here a small crowd had been awaiting her arrival since 7:40, it having been announced that Mrs. Nation would speak at 8 o'clock

An impression existed with many that the lecture was to be free, instead of which an admission fee of 50 cents was charged. This balked a good many, and at the time of Mrs. Nation's arrival there were as many in the hallway who had refused to pay the admission price and stood around waiting to see her enter as there were in the hall waiting to hear her speak. Before entering the hall Mrs. Nation

declared that it was her intention to get the saloon keepers of Chicago together and talk to them. She was determined

COMMISSION WELCOMED. Music and Cheers Greet Americans

In Luzon. SAN FERNANDO, Province of Pampanga, Island of Luzon, Feb. 13.—Bacolor and all the towns adjacent to the railroad whose names are historic on account of the fierce battles of the earlier periods of the American occupation turned out to welcome the United States Philippine commission as it proceeded northward on its first trip to organize provincial governments. At every station, including the

hamlets where the train did not stop, there were bursts of music from the native bands and cheers for the Americanos-Filipinos commission and the partid Federale. The crowd at Malolos, the former sea.

of the insurgent government, was smaller in proportion to the population than in the case of the villages. At all the stops addresses were made by natives, and responses were made by Judge Taft, the president of the commission; Professor Worcester, General Flores, Chief Justice Arellano and Dr. Tavera, president of the Federal party. The natives repeatedly declared the people were be-ginning to understand the purposes of the Americans, adding that the commission's acts showed their promises will be

EX-KING MILAN'S DEATH.

Most Despised of European Monarchs

Has Passed Away. VIENNA, Feb. 12.—The death of ex-King Milan of Servia, which occurred yesterday, after a short illness, was in some respects peculiarly sad. Neither his wife, ex-Queen Natalie, nor his son, King Alexander, was present when he breathed his last. The dying ex-king early in the day had telegraphed to his wife, who is at Biarritz, to hasten to him, but she replied that her condition was such as to make it impossible to undertake the jour-

Milan of Servia was born on Aug. 10, 1854, at Jassy, the son of Melos Obrenovie and a Moldavian woman, whose clope ment with Prince Cuza shortly after the birth of Milan caused a scandal at the court.

Upon the assassination of his uncle in the gardens of his palace at Belgrade on June 10, 1868, Milan was called to assume the government.

He made himself one of the most eccentric and most thoroughly despised of mon-archs in the history of European royalty.

Fight Preparations Go On.

CINCINNATI, Feb. 13.—The prepara-tions for the contests between Jeffries and Ruhlin and between Martin and Childs are proceeding here the same as usual, and the promoters expect the events to take place on time next Friday night. Over \$1,000 was taken in for tickets yesterday, making an aggregate of over \$45,000 to date. If the application for an injunction is refused on Thursday morning, the promoters expect orders to be numerous that day and on Friday. While there has been much talk about postponing the contest no action has been taken in that direction, and none will be taken before Thursday aftgrnoon. There are various reports about meetings of the Sangerfest Athletic club directors for the purpose of postponing the contest.
