Another Beautiful Production from the Bureau of Publicity of the Pan-American at Buffalo.

Here comes another of the beauti ful booklets from the Bureau of the Pan-American Exposition, Buffalo, N. Y. It consists of 16 pages and a cover of light green. The unique feature of it is the miniature reproduction of the famous poster, "The Spirit of Niagara," which has had a most remarkable demand. The envelope in which the poster booklet is mailed also bears a reproduction of this artistic work. The booklet is a popular pic ture book, the first page having an engraving of the magnificent Electric Tower, which is 391 feet high, and which will form the glorious centerpiece of the great Exposition. On the same page is a miniature of one of the torch bearers which will adorn the wings of the Electric Tower, and beside it a picture of Niagara Falls. The second page shows a picture of the Electricity Building and five other small illustrations of the uses of electricity. The third page shows the splendid group of buildings erected by the National Government and which will contain the Government exhibits, also five miniature ilustrations, one of them showing the life saving station, where exhibitions will be given daily by a picked crew of ten men, during the Exposition. The fourth page is devoted to the wonderful displays of government ordnance; the fifth to the Machinery and Transportation Building and fout other illustrations of modern machines and vehicles. The center of the booklet shows a birdseye view of the Exposition, and gives one some idea of the great extent of the enterprise upon which about \$10,000,000 is being ex pended. The ground contains 350 acres, being a half a mile wide, and a quarter long. Other pages show horticulture, graphic art and mines, manufactures and liberal arts, the Music Temple, the Plaza and its beautiful surroundings, the Stadium or athletic field, the agricultural, live stock and ethnology features, and a few of the 30 or 40 ingenious and novel exhibits which promise to make the midway the most wonderful that has ever been prepared for Exposition visitors. The last page shows a ground plan of the Exposition, whereon the location of different buildings is indicated. The railroads will make low rates from all parts of the country during the Exposition, which opens May I and continues six months, and the people of Buffalo are preparing to en tertain comfortably the milions who will attend. Anyone desiring a copy of this booklet may have it free by ad dressing the Pan-American Bureau of Publicity, Buffalo, N. Y.

Have You Talent?

It is Not Difficult to Discover for What One Has a Natural Aptitude.

"One good way, I think, to judgwhether we have a talent for anything or not is to watch the motive that draws us toward doing a thing," writes Helen Watterson Moody, in the March Ladies' Home Journal. "If we do it because it is the fashion, or because other girls are doing it, or because we have to do it for some useful purpose, it is not probable that we have a real talent for it; but if we find ourselves doing it because we really love it, and would rather do it than not; if it is do ing the thing itself that attracts us. and not the eclat it is going to give us in the eyes of others-why then I think we may reasonably conclude that God has given us a real talent for that particular sort of thing."

#### Examine Your Mail-

The postal authorities in Washington, recognizing the liability of postmasters to mistakes that letters get in wrong boxes, have fixed a penalty of \$200 for persons taking mail out of the office other than their own and not returning it. The law is to have people look at their mail before leaving the office, and if they should have mail other than their own they must return it as soon as possible. It also includes newspapers. The excuse that it is the postmaster's fault "cuts no ice."

#### IN THE WINTER.

(Benson's Plaster is Pala's Master.)

For coughs and colds Benson's Porous Plusters are an incomparably better remedy than any other—external or internal. Their medicanal properties enter the skin and go straight to the seat of the disease.

They relieve and cure a "seated" cold without disturbing the system or upsetting the stomach. Cough mixtures often nau-seate. Benson's Plasters are medicinal in

the highest degree, and quickest to act.

Placed on the chest or back or on both at once in serious cases, the good effect is felt immediately. The congestion yields, the cough abates and the breathing improves.

Lung or bronchial affections or kidney disease, are cured with the least possible suffering and loss of time. Benson's Plasters are immeasurably su-

perior to Belladonna, Strengthening, Capperior to Bellaconna, Screngenening, Cap-sicum or any other combination in plaster form. They are also preferable to cint-ments, liniments and salves. Benson's Plasters have received fifty-five highest awards over all competitors; and

more than 5,000 physicians and druggists have declared them to be one of the few trustworthy household remedies. For sale by all druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each. Be sure you get the genuine. Accept no

imitation or substitute. Seabury & Johnson, Mfg. Chemists, N.Y.

WHAT CONGRESS HAS DONE. Appropriations Reach a High Figure

Owing to Expansion. WASHINGTON, March 4.- The volume of work done by the congress just closing was shown in a supplement to use calendar prepared by Tally Clerk Wakefield of the house staff. The congress was in session 197 days, which is less than any congress for years. The following is given of bills, acts, etc.: Number of bills, 14,336; number of reports, 3,000; public acts, 345; private acts, 1,250; total acts, 1,595; number of joint resolutions, 395.

During the Fifty-sixth congress, which expired by constitutional limitation today at noon, the country has entered upon the first stages of worldwide em-

Problems which have never before con-fronted the national legislature have arisen, and in the effort to solve them congress has exercised powers the constitutionality of which has been questioned by many distinguished lawyers and which have been called into ques-tion in cases still undecided by the supreme court of the United States.

When the Fifty-first congress terminated in 1891 with a total of appropriations amounting to a little less than \$1,000, 000,000, the country was startled by the amount of the bill the taxpayers were called upon to pay, and it was thought that the extreme limit of expenditures in time of peace for many years to come

had been reached. Yet now, only ten years later, the \$1,-000,000,000 limit has not only been passed, but the total appropriations for the congress will amount to nearly \$1,500,-000,000. The figures, as nearly as they can be given in advance of the official footings, show a total of about \$1,460,-

The total appropriations for the first session of congress, including the sinking fund, footed up \$710,150,862. For the session ending today the total will be at least \$750,000,000.

Much of the increased expenditure has been due to the maintenance of the large volunteer army and the prosecution of the expensive military campaigns in the Philippines and China, and the impetus given to naval construction by the Spanish war has led to the appropriations for that arm of the service being more than

One of the most notable occurrences in the history of congressional legislation marked the closing hours of the last session of the senate of the Fifty-sixth con-Senator Carter of Montana signalized his retirement from the senate after six years of brilliant service by talking the river and harbor bill fo death. He occupied the floor, constructively, nearly 13 consecutive hours, although in the aggregate about three hours of that

time were devoted to other business. At the conclusion of the session of the Fifty-sixth congress Vice President Theodore Roosevelt was sworn in and immediately called the senate of the Fifty-sev-enth congress to order. It was a simple but beautiful and impressive ceremony. The new senators were sworn in in groups of four.

DE WET ESCAPES. Doer Leader Lost Heavily on His

Cape Colony Venture. LONDON, March 4.-General De Wet lost heavily in men and stores by his in-cursion into Cape Colony, but he seems to have made a clever escape with the bulk of his commando. Apparently Commandant Hertzog crossed the Orange river with him.

General Bruce Hamilton, who was pursuing, heard that General De Wet was surrounded at Philipstown, north-west of Colesberg. On arriving there he found the Boers had not been at Philipstown at all, but had doubled back and were struggling across the river at Colesberg. Apparently this is another instance of defective intelligence regarding the do-

ings of the Boers. The Daily Telegraph has a dispatch from Colesberg, dated yesterday, which

Hecht Acquitted. SYRACUSE, March 6.—Ernest Hecht, accused of murdering Mrs. Louisa Foster, was acquitted by the jury. The case has been on trial for eight days. The de-fense was that Mrs. Foster committed suicide. Hecht was found in the room with the body and was alleged to have killed the woman after she had tried to commit suicide and failed.

COLUMBUS, O., March 1.—Rosslyn H. Ferrell, who murdered Express Mes-senger Charles Lane on the night of Aug. senger Charles Lane on the night of Aug-10 last, was put to death in the electric chair just after midnight. He showed no remorse for having taken the life of the man who had been his friend and who was befriending him at the time of the murder was committed by permitting bim to ride free in the express car from Urbana to Columbus.

Bloody Buttle In Colombia.

COLON. Colombia, March 2.—News has just been received here that a bloody battle was fought Feb. 20 near Maria la Baja between a small force of govern-ment troops and 500 insurgents under Rozles, resulting in a victory for the government forces. The insurgents lost 30 killed and 10 wounded and the gov-ernment troops 8 officers and 7 men killed and many men wounded.

Turkey Stirred Up.

CONSTANTINOPLE, March 4.-The sultan has ordered a financial commission to negotiate a loan, guaranteed by 6 per cent increase of the property tax, for urgent payments, including the claims of American and German contractors for ships and guns. Russia and other powers have addressed remonstrances to the sultan against the Macedonian disorders.

Spring Elections Abolished. TRENTON, March L-Governor Voorhees late last evening, after consultation with the attorney general as to its constitutionality, signed the antispring election bill which passed both houses of the legislature. This makes the bill a law and abolishes spring elections in all cities of the state. The municipal officers will hereafter be elected in the fall, and those in office have their terms extended until Jan, I next succeeding, when their terms would otherwise expire.
