KRICKBAUM - VANDERSLICE FEUD.

(Continued from 1st Page.)

a bitter article on Vanderslice's appointment, and closed with a reference to Mrs. Vanderslice, which was wholly unjustifiable. In the evening T. J. Vanderslice met Harry M. Fine, a reporter for the Daily, in front of the postoffice, and demanded to know the author of the article. When Fine admitted that he was responsible for it, Vanderslice, it is alleged, struck Fine in the face. On Monday Fine appeared before Guy Jacoby, Esq., and swore out a warrant charging Vanderslice with assault and battery. This was served and the time for a hearing fixed at four o'clock p. m. Before that hour Mr. Vanderslice appeared and waived a hearing, and gave bail in the sum of \$300, with William Chrisman, Esq., as his surety, for his appearance at May sessions.

Agricultural Conference of June 4-5, 1900

At its annual meeting in West Chester, December 5 and 6, 1899, the Pennsylvania Dairy Union adopted a resolution providing for the appointment of a committee to investigate the present condition and needs of dairy education in Pennsylvania, that committee to report at the next annual meeting.

At the meeting of the State Grange at Lock Haven, December 14, 1899, an address was made by Dr. H. P. Armsby upon the education of the farmer and following it the preamble and resolutions below were adopted, broadening the action taken by the Dairy Union so as to cover the whole field of agricultural education and also providing for conference with similar committees of other agricultural organizations:

WHEREAS, It is essential that the farmer, in order to meet successfully the increasing competition of modern times, should have the best possible education in the principles and practice of his calling, and

WHEREAS, Provision for such education cannot be made by the individual farmer but only by the farmers acting collectively through the State, and

WHEREAS, There seems to be serious danger that our Commonwealth may fall seriously behind others in the development of agricultural education, and

WHEREAS, We recognize agriculture to be the foundation of all prosperity, individual, state and national, therefore

Resolved, That a special committee of five be appointed to consider the condition of agricultural education in Pennsylvania and to report to the next meeting of the State Grange what measures are desirable for its promotion and what action, if any, the State Grange should take in the matter.

Resolved, That this committee be instructed to confer with any similar committee which may be appointed by other agricultural organizations.

At the regular meeting of the State Board of Agriculture held at Harrisburg, January 24 and 25, 1900, the suggestion of the State Grange relative to a conference of committees was taken up, and the following resolutions were adopted:

Resolved, That a special committee of five be appointed by the chair to investigate the present condition and needs of agricultural education in all its branches in this Commonwealth.

Resolved, That this committee be instructed to arrange for a conference upon this subject, at some suitable time and place, with representatives of the Department of Agriculture, the Department of Public Instruction, The Pennsylvania State College, the State Alliance, the Pennsylvania Dairy Union, and any other State agricultural organizations desiring to be represented.

Resolved, That the committee hereby provided for be empowered to represent the State Board of Agriculture in such conference and to join, in the name of the Board, in such subsequent action as may be agreed upon and report its conclusions and action to the next succeeding meeting of the Board.

The committee of the State Board of Agriculture took up the matter at once and entered into correspondence with the secretaries and other executive officers of the agricultural organizations of the State. After extended correspondence, arrangements were made for a conference which was held at State College on Monday and Tuesday, June 4 and 5, 1900. At this conference, thirty-two delegates were in attendance, representing the following State agricultural organizations, together with the Department of the

Public Instruction: State Department of Agriculture, State Board of Agriculture, Department of Public Instruction, State Grange, State Alliance, State Agricultural Society, State Horticultural Association, Pennsylvania Dairy Union, State Breeders' Association, Guernsey Jersey Cattle Club, State Poultry Association, The Pennsylvania State College.

After organizing by the election of Hon. N. C. Schaeffer as Chairman, and Dr. H. P. Armsby as Secretary, the various delegations were asked for an expression of views and a full and free conference and discussion was had. Following the discussion, an Executive Committee of one from each organization was appointed to formulate the conclusions reached. At the closing session, the following resolutions recommended by that committee were unanimously adopted by the Conference:

Resolved, That it is the sense of this conference that nature study should be introduced into the public schools of the State.

Resolved, That this conference request from the next Legislature an appropriation of \$10,000 per year, for two years, for the Pennsylvania State College, to defray the expenses of continuing the preparation and distribution to the teachers of the public schools of the State of bulletins and leaflets on Nature Study with special reference to agriculture.

Resolved, That this conference urges the legislature to provide for carrying into effect the Act of June 28, 1895, providing for the establishment of Township High Schools.

Resolved, That we request the State Legislature to make a sufficient appropriation for the erection and maintenance of a Pennsylvania State College of a suitable building for the teaching of the different branches of agriculture, including dairying and forestry.

The several delegations were also charged with the duty of presenting the subject to their several organizations. This has since been done and the resolutions have been formally endorsed by each of the above named associations at its regular annual meeting.

A Legislative Committee of five members, consisting of the Hon. John A. Woodard, Howard, Pa., the Hon. Hiram Young, York, Pa., M. N. Clark, Claridge, Pa., Howard A. Chase, Philadelphia, Pa., S. F. Barber, Harrisburg, Pa., was also appointed "to formulate and urge the legislation asked for by the Conference." This committee has prepared a bill making an appropriation to the Pennsylvania State College of \$20,000 for two years for the Nature Study and Correspondence Courses, and \$140,000 for the erection, equipment and maintenance of a building for instruction and investigation in agriculture, dairying and forestry.

This bill has been favorably reported by the Committee on Agriculture of the House and is now before the House Committee on Appropriations. A memorial to the Legislature has also been prepared by the Executive Committee of the Conference, setting forth the reasons for the passage of the bill. The subject is also being presented at all the Farmers' Institutes held in the State, and nearly all of them have endorsed the proposed legislation.

KILLED BY BANK ROBBER. Cashier Ryan, of Halifax, Pa., Shot in Scuffle—Bandit Grabbed \$2,000 in Cash.

Charles W. Ryan, cashier of the Halifax National Bank, was shot to death by Henry Rowe and Weston Keiper, of Lykens, last Thursday, in an attempt at a daring bank robbery.

The robbers were captured by a party of citizens soon after the crime and were taken to the Harrisburg jail, together with F. B. Straley, of Lykens, who is suspected of being an accomplice. Rowe and Keiper drove to Halifax from Elizabethville Thursday morning, and hitching their team on the outskirts of the town, entered the bank. Each had a revolver and demanded the attaches of the bank to throw up their hands and turn over the money.

One of them held in check Abraham Fostenbaugh, the president; Isaac Lyter, the teller, and Ex-Representative Swartz, of Duncannon, who was in the bank on private business. The other covered Cashier Ryan, and under the menace of the revolvers the cashier collected the cash in the drawers to the amount of \$2,000 and placed it in a satchel the robbers had brought with them.

Rowe, with the cash stuffed satchel in his hand, backed out toward the door, and Keiper also moved toward the entrance of the bank. Just when it seemed that the robbers would succeed in getting away Cashier Ryan leaped forward in attempt to knock up the revolver of the man with the money.

In the scuffle several shots were fired and Ryan fell to the floor, shot through the groin by a bullet from the pistol of Rowe. Mr. Fostenbaugh grabbed Rowe and after a short suf-

He threw him to the floor. Keiper ran out to the street. The noise of the shots attracted J. F. Lyter, who has a store near the bank building. He ran out with his shotgun and pursued Keiper for one block and shot him in the back of the head, when the robber surrendered.

The wounded cashier was taken to his home after the capture of the desperadoes, where he died.

Rowe and Keiper are unmarried formerly worked in the coal mines at Lykens. Rowe is 10 years old and has been considered a dangerous man. Keiper is 20 years old and was always looked upon as honest and harmless.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however, you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample. Its agreeable taste will surprise you. SCOTT & BOWNE Chemists, 409 Pearl Street, New York. 50c. and \$1.00; all druggists.
