

SECOND DAY'S TRIP.

President Speaks in Tennessee, Alabama and Mississippi.

A HALT FOR THE NIGHT AT MEMPHIS.

Pleasure Journey Performed Without an Untoward Incident—A Basket of Trout and a Loving Cup For Mrs. McKinley.

MEMPHIS, May 1.—At 4:30 o'clock yesterday afternoon the train bearing President McKinley and party arrived at the Central depot promptly on schedule time. The greeting accorded the distinguished arrivals was very enthusiastic.

A committee headed by Senator Carmack met the train at Corinth and escorted the party to this city. A national salute of 21 guns signalled the approach to the city. At the station Governor McMillin and others met the party. A military parade, with a company of grizzled Confederate veterans in their old uniforms acting as the guard of honor, escorted the party in carriages through the principal streets and around the custom house, whence a view of the Mississippi, now almost overflowing on the Arkansas side, was obtained.

The city was elaborately decorated with flags and bunting. Not a residence or business house seemed to have escaped from the desire to decorate in honor of the president's coming. Banners were stretched across the streets bearing such inscriptions as, "Mr. President, the City is Yours," "The Nation's President," etc.

The cheering through which the procession passed was tremendous at points along the route. In Court square, where the open air reception occurred, the platform was so hemmed around with roses and other blossoms as to make it a flower show. Over 10,000 people were packed into the square when the president was introduced by Mayor Williams. In response to the cheers which greeted him the president made the first really notable speech of his trip.

His theme was the restless power of a great united people and was delivered in his best vein.

At Corinth, Miss., an arch of cedar spanned the track, and there was a profusion of flags. The town has about 2,500 inhabitants, and every man, woman and child seemed to be at the station. The crowd around the president's car was so dense that by Mr. McKinley's direction several of the children who were in danger of being crushed were lifted over the rail to the platform. Many of the old Confederate veterans fought for the honor of grasping the president's hand.

The mayor of Sheffield, a thriving manufacturing town of 4,000 situated on the banks of the Tennessee a mile away, in a neat patriotic speech presented the president with a handsome floral piece. As the president was about to begin his remarks there were cries of "Put the flags down!" referring to the flags held by the children who were near the car, at which the president exclaimed, "Never lower that!" When the cheering had subsided, he spoke briefly.

Just as the train was leaving Decatur an old man handed to Mrs. McKinley a basket of brook trout, and two of her old friends who formerly lived in Canton, O., presented a silver loving cup, the gift of the ladies of Decatur.

There are about 8,000 inhabitants in this town, and apparently every man, woman and child was at the station when the train arrived. Mr. McKinley made one of his graceful speeches, suiting his words, as usual, to the occasion.

The president rose early yesterday morning, thoroughly refreshed by his night's rest. The train left Bristol and crossed the Tennessee boundary at 7 o'clock for the day into the northern part of Alabama and Mississippi. Decatur and Tusculum, Ala., and Corinth, Miss., on the way to Memphis. The day dawned as brightly in these states as it did in Virginia Monday, and the president and all the members of his party were in high spirits.

From Washington to Bristol.

BRISTOL, Tenn., April 30.—The first day of the president's long tour to the Pacific coast lay through a historic section in Virginia, across the valleys of the Rapidan and James, in sight of the homes of Madison and Jefferson, on past the peaks of Otter, so dear to the hearts of the Virginian, into the picturesque Blue Ridge mountains. The Tennessee line was reached at 10:55 last night with the arrival of the train at Bristol. The route as far as Lynchburg was over the Southern railway. There the train was shifted to the tracks of the Norfolk and Western for a short cut to the Southern road. The presidential party received a flattering ovation from the time the train left Washington. Large crowds assembled at every station; the countryside and cross-roads each had its little group of waving watchers straining their eyes to catch a glimpse of the chief magistrate as the train whisked by.

At Charlottesville the students of the University of Virginia turned out, at Lynchburg Senator Daniel, Virginia's crack orator, made a speech greeting the president, and at Roanoke two bands crashed out their welcome. At each of these places the president responded to the loud calls made upon him and spoke briefly from the rear platform of his car.

Five Miners Suffocated.

SOUTH MALESTER, T. April 30.—An explosion of gas has occurred in the mine of the McAlester Coal company at Alderson by which five men lost their lives, seven were injured, and another is reported missing. Two others were temporarily overcome by fire damp, but recovered soon after being brought out.

A New Air Machine.

VIENNA, April 30.—Herr Kress, the aeronaut, exhibited his airship at Tullnebrach. The airship is complete except for the installation of a 25 horsepower Daimler motor. Herr Kress expects to make his first ascent in June. He expects that the ship will travel from 50 to 80 miles an hour.

Mammoth Sugar Factory Planned.

KINGSTON, Jamaica, April 30.—Plans are being completed by a local company for the establishment of a central sugar factory to be the largest in the West Indies. It is expected that the undertaking will have the financial support of the government.

NORTH LUZON AT PEACE.

General Tinio, With His Entire Command, Surrenders.

MANILA, May 1.—The rebel general Tinio, with his entire command, has surrendered to Captain Fred V. Krug of the Twentieth Infantry at Sinait, La Infanta province, Luzon. This completes the general pacification of north Luzon.

General Baldomero, formerly secretary of war under Aguinaldo, and Colonel Pedro Aguinado, cousin of the former rebel chief, and Colonel Nactagat and 12 other officers surrendered to Colonel Baldwin at San Francisco de Malabon, province of Cavite, and took the oath of allegiance to the United States. There was a great popular demonstration and a parade, while Aguinado's band played popular airs.

Colonels Callao and Kallbao, two of General Malivar's best officers, surrendered to Colonel Kline at Lupa, Batangas province, on Sunday with 23 officers and 108 men, with 86 rifles.

Major Smith, accompanied by the Filipino colonel Abad, who surrendered to him some time ago and promised to use his influence in inducing other rebels to come in, has returned from a tour of the island of Marinduque. They received the surrenders of four officers and 52 men, with their arms, at Torrijos and Santa Cruz. This ends the insurrection on the island of Marinduque.

Alejandro Surrenders.

MANILA, April 30.—General Alejandro, who was looked upon by the rebels as the most probable successor of Aguinaldo, has surrendered unconditionally at Arayat, in the province of Pampanga, island of Luzon.

NEW YORK, May 1.—The trustees of the Naval Arch association have approved the general design for the arch submitted by Ernest Flagg and referred it to their finance committee, with instructions to organize at once for the collection of funds. Simultaneously the design goes to the municipal art commission. The architect's estimate now fixes the cost of the arch, including its stamper, at \$830,000. The approaches, beacons, sea wall and monuments thereon will cost about \$300,000 additional. A model of the arch in miniature is being prepared and will be placed on exhibition in about two weeks. The arch will be 125 feet wide and 125 feet high up to the cornice. The "Victory" and "Sea Horse" groups will add 25 feet more to the height. The entire structure will be of white marble, with the exception of the base, which will be of granite. On each side of the pier will be colossal groups typifying naval ideas. On the pier and above will appear the arms of the United States, of the state and of the city of New York, of the navy and of the United States Naval academy. A historical record of the battles of the navy and a tablet with the names of the donors and builders will be placed inside the arch.

New Pier at San Juan Burned.

SAN JUAN, Porto Rico, May 1.—The new \$150,000 pier here caught fire yesterday afternoon and was totally destroyed in half an hour. A large stock of sugar and rum was lost in the fire. The value and quantity of the goods destroyed are not known. The fire continues to rage and threatens to spread to the stores of the custom house. Lives may have been lost, but this is not yet ascertained. The fire started 15 minutes after the steamer Ponce sailed for New York.

RED HAT DELIVERED

Cardinal Elect Martinielli Receives Official Emblem.

PAPAL GUARD MAKES PRESENTATION

Brief and Simple Ceremony Performed in Washington—Taking of the Oath Deferred Until Later in the Week.

WASHINGTON, May 1.—Cardinal Elect Martinielli last night received from the hands of a member of the papal guard of Pope Leo XIII, Count Stanislaus Colacicchi, who had just arrived from Rome, the consistorial letter formally advising him of his elevation to the cardinalate and the red zucchetto emblematic of that high office. The ceremony, which was brief and simple, occurred at the papal legation at 6 o'clock last evening in the presence of a number of church dignitaries.

Count Colacicchi arrived in New York in the morning and was met in New York by Dr. Rooker, secretary of the legation here, and a delegation of the clergy from New York and Brooklyn, who escorted him to Washington. The party arrived here shortly before 6 o'clock and were driven to the papal legation, where preparations had been made for the ceremony to occur as soon as the papal representative arrived.

Putting aside his cloak, Count Colacicchi stepped into the parlor in the brilliant full uniform of the famous guard to which he belongs, with sword at his side and sports clanking from his heavy military boots. In his hand he carried two large letters and a leather case including the zucchetto. Saluting the cardinal elect, Count Colacicchi handed him one of the letters, which was read aloud, and proved to be the credentials of the official messenger. Then the second letter was handed to the cardinal elect, who ran through it and handed it to Bishop Keely of Savannah to be read. It was from Cardinal Rampollo, dated April 15, and was as follows:

"In the secret consistory of this morning his holiness deigned to elevate to the sublime dignity of the cardinalate Mgr. Sebastian Martinielli. This gracious and sovereign favor is brought to the notice of your eminence for your knowledge and guidance."

When the letter had been read, Count Colacicchi opened the small red morocco case and took therefrom a red silken zucchetto, an cardinal's skullcap. Dr. Conaty removed the purple cap from the head of Mgr. Martinielli, and the latter placed the red cap of high office in its stead.

Dr. Rooker was the first to congratulate Cardinal Martinielli on his elevation and was followed by Dr. Marchetti, the ablegate, and many others present. The cardinal then invited his guests to join him at dinner. It was understood that the formalities of taking the oath would follow the ceremony, but this was deferred until later in the week.

Kidnapers Make an Offer.

OMAHA, May 1.—An agent of the kidnapers has made a proposition to Edward A. Cudahy to return \$21,000 of the money paid for his son's ransom, demanding in return a withdrawal of the \$25,000 reward and an abandonment of the determination to punish the criminals. The proposition came in a letter from Elgin, Ill., and Mr. Cudahy is convinced of its authenticity. He went to Chicago ten days ago because of it, being summoned there by his brother in response to avertures that had been made. He refused to consider it for a minute and declares his unchanged resolve to prosecute to the end the search for the men who stole his boy.

The New Comet.

ELKHORN, Wis., April 29.—The new comet which was observed at the Yerkes observatory at Williams bay is said by the astronomers to be the brightest that has appeared for 19 years. Notice was received Thursday by telegraph from Harvard university that a comet had been discovered at Queenstown April 23 and observed at Cape of Good Hope on the morning of April 25. Its position at that time was about 16 degrees south-west of the sun. Its position yesterday morning was some 15 degrees north of the sun, indicating a very rapid north-easterly movement.

Center of Population.

WASHINGTON, May 1.—The center of population in the United States is described as latitude 39 degrees 9 minutes 30 seconds and longitude 85 degrees 48 minutes 54 seconds. In ten years the center of population has moved westward 14 miles and southward 2 1/2 miles. This is the smallest movement ever noted by the census bureau. It shows the population of the western states has not increased as rapidly as in former decades.

Higginson Takes Command.

NEW YORK, May 1.—Rear Admiral Norman H. Higginson this morning relinquished his place as commander of the north Atlantic squadron, now at the Brooklyn navy yard, to become chairman of the light-house board of the United States navy. Rear Admiral Francis J. Higginson will be the new commander of the squadron, and ceremonies incident to the transfer of the command were held on board the Kearsarge.

Referre Bill Dead.

ALBANY, April 30.—Governor Odell has announced that he would veto the bill introduced by Senator Ellsworth of Lockport, Niagara county, providing for the appointment of 40 official referees by the appellate division of the supreme court of the first department for the courts of New York city. The governor's announcement was made at the conclusion of a hearing given to opponents of the measure.

Oil Struck in Ohio.

ASHTABULA, O., April 30.—A splendid oil strike has been made near Jefferson at a depth of 2,100 feet. The find has created great excitement, as oil men from a distance are at the scene. Cripple Creek's Gold Output.

COLORADO SPRINGS, April 29.—Carefully compiled statistics by The Gazette show that the gold production of the Cripple Creek district up to the close of the present month makes a grand total of over \$10,000,000. Gold was first discovered in this camp in 1893.

CALLAHAN ACQUITTED.

To Part in Cudahy Kidnaping Case, Says Jury.

OMAHA, April 29.—After considering overnight the guilt or innocence of James Callahan the jury announced yesterday morning that he had no part in the kidnaping of Edward Cudahy, Jr. The verdict was an evident surprise to the court, and Judge Baker expressed his disgust in emphatic terms.

Callahan was arrested on two other counts which the state is not now prepared to say will be made use of, as no new evidence is at hand, and the expense of going over the ground again is considerable.

The jury notified Judge Baker at 9 a. m. that it had settled upon a verdict, and the news spread among attorneys and interested persons, so that an audience of 50 awaited the 12 men as they filed into the courtroom. Callahan occupied his usual seat and betrayed no apprehension as to the outcome. His face was a blank as he watched the verdict unfolded and read. As the words "Not guilty" were pronounced, however, Callahan half rose to his feet, his lips parted in a smile, and he turned his eyes gratefully toward the jury.

Judge Baker studied the wording of the verdict for several minutes in silence, as though he had doubted the evidence of his ears. Then, addressing the jury, he rebuked them in most vigorous terms.

MRS. NATION CRAZY?

Said to Have Broken Down in Wichita Jail.

WICHITA, Kan., April 29.—Mrs. Carrie Nation, the saloon wrecker, has broken down and is believed to be insane. The crisis in her condition followed a term of solitary confinement and the receipt of the news of her brother's death. It is thought by physicians who have examined her that she will soon recover, but others believe that her condition is hopeless.

On Thursday Mrs. Nation had a fight with her friend, Mrs. Wilhoit, who was confined in the same cell. She accused Mrs. Wilhoit of being two faced and said she was a spy of the saloon men to get evidence against her and that she cast evil spells upon her cause. Mrs. Nation slapped Mrs. Wilhoit and pulled her nose.

Sheriff Simmons was forced to place Mrs. Nation in solitary confinement in the rotary cell. She was also put on the bread and water diet.

Mrs. Nation was much better late in the night and accepted bail. It was announced that she would be released in the custody of friends.
