Accomodations For Visitors in Buffalo. Hotels, Boarding and Rooming Houses, Besides Many Private Homes, on the List.

So much has been said and written about the ability of the City of Buffalo to care for the crowds which will attend the Pan-American Exposition this Summer, that a few facts and figures will be appreciated by the general public.

In the first place there are listed more than two hundred hotels which will give accommadation to thirty thousand people; there are six hundred and fifty boarding and rooming houses affording accommodation for eighteen thousand five hundred, while seven thousand owners of houses, most of whom never before hung out their latch string for a consideration, have signified their intention of opening reciprocity with Cuba that would be their houses for the accommodation of visitors to Buffalo this summer. These seven thousand homes will accommodate at least one hundred thousand visitors.

The Exposition Company has arranged to furnish tent accommodation on the Exposition grounds for two hundred and fifty uniformed men. There are also two companies arranging tent systems which will afford additional accommodation outside of the grounds to fifteen hundred or so.

In addition to all this there are a large number of buildings throughout the city being remodeled and converted into hotels, the plans of which are not far enough along to afford an accurate description or to estimate accommodation at the present time. It is safe to estimate the present capacity of the City of Buffalo to accommodate one hundred and fifty thousand strangers. To this may be added accommodations for at least fifty thousand in the surrounding towns such as Tonawanda, La Salle, Niagara Falls, Lockport, Williamsville, Gardensville, Depew and Lancaster, all within a short trolley ride of the city.

Rates in hotels range from \$1 per day upward. As ridiculous stories have been circulated in regard to exorbitant hotel rates it is well to note the rates that have been established at the Iroquois, the most expensive hotel in the city, these are for one in a room, without bath, \$3 and upward; for two in a room without bath, \$5 and upward; thus making the minimum rate \$2.50 per individual. The rates for a room with bath for one person, \$5, or two in a room \$7.50. This is on the European plan. Of course there are room and suites of rooms in this hotel for much higher rates for those who wish to pay them, but the prices here given are the highest in the city for hotel accommodations as the term is originally understood.

The Brozel after May 1 will charge from \$4 to \$5 with two or more in a were large pieces of furniture, which room; this rate is strictly on the American plan. Meals at this hotel are 75c each.

The Genesee will charge from \$2 upward on the European plan.

Rates at the Mansion House, on the European plan, will be from \$1.50

on the European plan after May 1st, \$3.50 to \$5.00 with bath.

Good accommodations can be secured in many other good hotels at rates ranging from \$1 per day up.

Among the private homes of the city accommodations may be secured in as good rooms as a person would wish to occupy.

WASHINGTON.

From our Regular Correspondent.

Washington, May 20, 1901.

A most extraordinary promise was this week made the Cubans by the administration, through Senator Platt, of Connecticut. And the method of extended conference with Secretary Root, at which advices from General Wood saying that the Cubans were hanging back about accepting the Platt amendment, waiting for some definite assurance of tariff concessions, were carefully gone over, gave out an authorized interview, in which he promised that Cougress would, soon after the Cuban government was satisfactory. Of course this was done in diplomatic language, so that in with Cuba with administration eyes it can be claimed that Senator Platt was only speaking for himself. But there is no doubt that it was intended for the Cubans to regard the promise as coming from the adminisin Congress. It is understood that ticulars apply to ticket agents. 5-2tf this promise was made because the Cubans did not consider a promise to negotiate a reciprocity treaty under the Dingley law, which would require the approval of two-thirds of the Senate to become operative, satisfactory. It may be that the administration can make good Senator Platt's promise, but the sugar and tobacco interests of this country will be sure to make it a sizable job, and it may make trouble for Senator Platt in his own State, the tobacco growers of which would be affected to a considerable extent.

Some of Civil War times, which was repealed per day upward, with two in a room. insignificant persons are being made in 1873. Attorneys in examining The New Tifft House will be run scapegoats and the big thieves who titles for property sold, when that act have a pull, are not touched. Friends was in effect, occasionally discover and will charge \$2.50 to \$3.00 per of the administration are pointing to that the indentures were not stamped day for a room, without bath, and from the sentence of a sergeant to three and these lawyers at once denounced years imprisonment and of a civilian employe to five years, as showing that ative measures left was to purchase the thieves are being punished, but the stamps in use during those years thoughtful persons regard that news as indicating that the little thieves only are to be punished, while the big thieves are left at liberty to enjoy the fruits of their thefts.

> Ex-Governor McCreary, Chairman of the Kentucky State Democratic Committee, is in Washington. Asked what the Democratic outlook in his State was, he replied: "The party is thoroughly organized throughout the State and is in perfect harmony. At no time has there been a better feeling within the party. At the election this fall I think we will carry the state by fifteen or twenty thousand, having a majority in both branches of the legislature, and a large majority on joint ballot. The legislature then elected will choose a United States Senator". If his prediction as to the legislature holds good, Gov. McCreary will be a canidate to succeed Senator Deboe. Speaking of the Republican claims of many converts in the South and the alleged growth of republican sentiment in that section, Gov. Mc-Creary said: I know that in Kentucky the tendency is not toward the adoption of Republican policies. On the contrary, Democratic sentiment is growing stronger. I observe that this is true also of Alabama, where I am familiar with conditions, and I believe that Democratic sentiment is growing stronger in the South generally. The Southern people do not believe in high protection, in colonization, in a large standing army, nor in trusts. The more closely the Republican party becomes identified with colonization, as exemplified in the Philippines; with the maintenance of a large standing army, and with the trusts, the stronger becomes the spirit Southern people do not believe in these things and can have no sympathy

with a party that is identified with

them.

The administration deserves all the sympathy it is getting for the streak of hard luck it is up against, on its the middle on account of the illness he says is published in Washington, of Mrs. McKiniey; the daughter of Secretary Long dangerously ill, in Colorado, and the wife of Secretary making was as extraordinary as the Gage dead, in Washington, in promise. Senator Platt, just after an looks like a veritable wrestle with a health hoodoo.

> Pan-American Exposition, Buffalo, N. Y. May 1 to October 31, 1901.

For the above occasion the following fares and arrangements will apply from Bloomsburg via the Lackawanna Railroad: Season tickets, \$13.50; ten-day tickets, \$9.60; five-day tickets, \$7.00. Season and ten-day tickets will be sold every day, five day tickets on Tuesdays and Saturdays case Congress fails to see reciprocity only. All tickets will be limited to continuous passage in both directions. Fares to Niagara Falls will be 25 cents higher than the five and ten-day fares quoted to Buffalo, but the season tickets will include the trip to Niagara Falls without extra cost. Turning in Stamps.

Banks and Other Business Houses Don't Want to be Caught.

Banks and other business concerns that have on hand a surplus of check books with the revenue stamp printed thereon have already begun turning in their claims to the several internal revenue offices with a view of securing reimbursement for all papers of this kind that will not be used before July r. This is the date when the new

stamp act goes into effect. This accumulation of stamped Such of the Washington relics which checks arose from the belief that the were taken from Arlington House at stamp act of 1898 would continue in the beginning of the civil war, and force for a much longer period. womb can produce all of these symptoms, and no woman should allow herself to reach such a perfection of misery when there is absolutely no need of it. The subject of our portrait in this sketch, Mrs. Williams of Englishtown, N.J., has been entirely cured of such illness and misery by Lydia E. Pinkham's Vegetable Compound.

No other medicine has such a record for absolute cures, and no other medicine is "just as good." Women who want a cure should insist upon getting Lydia E. Pinkham's Vegetable Compound when they ask for it at a store.
