### Town-Killers-

What the Milton Record says of its own town is applicable to many other has its leeches who suck the substance out of everything they are connected with, and who are a menace to the growth and development of the place, but this town of Milton seems to be cursed with more than her fair proportion. A man's judgment may sometimes lead him to err. A good citizen sometimes opposes a measure that will promote the public good and aid in developing a town, and be actuated by honorable and conscientious motives. But there are people in this community whose souls are never moved by an impulse higher than their own personal gain or the gratification of their vindictive spirit. There are men in this community who have for fifteen years-and for forty for aught we know—opposed every advance step. If they could control things we would still have our town lighted with tallow candles-and not very many candles, either. They possess just enough influence to retard progress and are effective townkillers.

## ASSEMBLY IS UNITED

places: "Every town and community Unanimous Vote by Presbyterians For R vision.

THE ANTIS YIELD GRACEFULLY.

What Was Looked Forward to as Day of Bitter Discusion and Fighting Turns Out to

Be a Love Feast. PHILADELPHIA, May 28. - The members of the Presbyterian general assembly held an old fashioned "love feast" yesterday. After years of fighting the highest authority in the church has authorized a revision of the Westminster confession and a short statement of faith. To the amazement of the commissioners themselves this was done with perfect unanimity. Instead of the hard fight looked for between revisionists and antirevisionists there appeared in the asfeet and sang the Doxology.

Two slight amendments were proposed to the majority report and accepted without a question. The old committee apon revision was reappointed, and the result of its finding will be laid before the next session of the general assembly which is to meet in the Fifth Avenue church in New York city.

The choice of New York was not made without a protest upon the part of west-srn delegates who favored Los Angeles as the next meeting place, but their sleas brought few votes. Dr. Purves was elected chairman of the committee on arrangements for the next session.

These matters made up the preliminary business of the assembly yesterday, and

A Collision Off Cape Sable-Fourteen Find Watery Grave.

A call for help was heard, and a vessel's boat with a young sailor in it was picked up. He could give little information intelligibly. The sailor was brought here and an interpreter secured. The sailor said that he was 16 years of age and Powel Christian Paulsen by name. He said the bark sank shortly after the collision with her crew of 14 men on board.

### Anarchist Plots Revenled.

ROME, May 28.-A newspaper published in Verona reports the attempted suicide of a youthful blacksmith named Pietrucci, who has confessed that he be-longed to a society of anarchists and was chosen by lot to kill the emperor of Germany. He preferred suicide to making only. All tickets will be limited to the attempt. In his confession he also disclosed the names of certain of his comrades who had been selected to kill Queen Helena of Italy, President Loubet of

Another Oil Strike.

DALLAS, May 27 .- A great strike of oil has been made at Sour Lake, 20 miles northwest of Beaumont. A well was struck at 5 o'clock Saturday evening in the rear of the Sour Lake hotel and at once became a gusher, flowing at the rate of 15,000 barrels a day. This new strike, so far from the Beaumont field, has caused renewed excitement all over Texas, and a rush to the new district is already on.

### AGE MADE A DIFFERENCE.

The Change Wrought by Years in the Desires of a Precocious Youngster.

In his "Recollections of a Missionary in the Great West" Cyrus Townsend Brady says: "When my little son could scarcely walk I took him to the cathedral one day, when I returned for something I had forgotten after morning service. I left the child in the nave, and when I went back to him he had advanced half-way up the middle aisle and was standing where the sun threw a golden light about his curly head. A tiny object he was in that great church. It was very still. He was looking about in every direction in the most curious and eager way. To my fancy he seemed like a little angel, when he said in his sweet childish treble. which echoed and reechoed beneath the vaulted roof: 'Papa, where's Jesus? Where's Jesus?' He had been told that the church was the house of the Saviour, and on this, his first visit, he expected to see his Lord. That baby is quite grown up now. Not in the faintest particular does he resemble an angel. The other day, when I rode off to the wars, he astonished even me with his request: 'Papa, if you get wounded, don't forget to bring me the bullet that knocks you out; I want it for a souvenir for my collection.' Fortunately for me, if unfortunately for him, I brought him no bullet."

Why He Doesn't Get Weary,

The wonderful physical endurance of Gen. Fukushima, who is in command of the Japanese troops in China, was thus explained to Frederick Palmer the other day by an officer who is over six feet tall and rather thin: "No wonder Fukushima does not get tired; his heart has to pump blood only about half as far as mine. It is the difference between supplying water to a two and a four story building."

### Help for Women Who Are Always Tired. "I do not feel very well, I am so

tired all the time.' You hear these words every day; as often as you meet your friends just so often are these words repeated. More than likely you speak the same signifieant words yourself, and no doubt you

do feel far from well most of the time. Mrs. Ella Rice, of Chelsea, Wis., whose portrait we publish, writes that she suffered for two years with bearing-down pains, headache, backache, and had all kinds of miserable feelings,

all of which was caused by falling and inflammation of the womb, and after doctoring with physicians and numer-ous medicines she was entirely cured by Lydia E. Pinkham's Vegetable Compound.

pound.

If you are troubled with pains, fainting spells, depression of spirits, reluctance to go anywhere, headache, backache, and always tired, please remember that there is an absolute remedy which will relieve you of your suffering as it did Mrs. Rice. Proof is monumental that Lydia E. Pinkham's Vegetable Compound is the greatest medicine for suffering women.

# How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMUL-SION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by
