PRESIDENT AND CABINET DECIDE.

Recent Insular Decisions Do Not Affect the Status of the Philippines-Civil Government Under Military Rule Soon,

WASHINGTON, June 5.- The president and members of the cabinet have decided, after a full discussion of the ques-tion, that an extra session of congress to consider the Philippine question will be

After the meeting of the cabinet the following official announcement was

"The president has determined that existing conditions do not require or warrant calling congress together during the present summer or making any change in the policy hitherto pursued and announc-ed in regard to the Philippine Islands."

The principal point upon which the cabinet reached a decision that an extra session of congress is not necessary to enable the president to put in operation a civil government in the Philippines is that the supreme court decisions do not affect the president's military power in the islands under his authority as commander in chief of the army.

It is not proposed by the administration to abandon the idea of patting into opera-tion a civil form of government and pro-mulgating a revised Philippine tariff. The plan now under contemplation is to inaugurate a civil government just as soon as possible under the president's military power. This will mean that while there will be a civil administration in the islands they will continue under military control until congress has passed laws making a complete change of government with a civil head.

The question of propulgating a new tariff in the Philippines is not changed by this decision, as the new tariff, which is merely a revision of the old one, will be announced when approved by the secretary of war, and the duties will be collected by officers appointed for that purpose by the president under his military

The supreme court decisions as viewed by the administration settles, first, that the Foraker act is constitutional; second. that the collection of duties on Porto Rican products between the time of the cession of the island of Porto Rico and the passage of the Foraker act was il-legal and must be refunded. These are held to be the main essential points of the decisions. Nothing in them is construed to apply to the tariff situation as between the United States and the Philip-The conclusions of the cabinet are not based on any knowledge as to the prospective Philippine decision of the supreme court, though it is declared there is little apprehension as to the findings of that decision. If the present system is upset in that decision, which is now anticipated, there will be little difficulty, it is believed, in refunding the amounts meantime collected under

A Big Diamond.

NEW YORK, June 1.-A diamond so big that its like has never been seen by the dealers in this country and so costly that a syndicate had to be formed to purchase it is now lying in the big safe of Stern Bros. & Co., in Nassau street, "a king's ransom in a 5 cent wodden box."

It is destined to the Pan-American exposition, where its christening will occur. It is the largest diamonal of its kind in the world and is of a care canary color. This big diamond is nearly twice as large as the famous Kohinoor, which belongs to the British crown. It weighs 207% carats. The stone was found a year ago in Kimberley, South Africa, and in its rough state weighed 600 carats. The Kohinoor weighs as now cut 106 carats, And it is so rare that its present owners have not yet announced its value, except that it could not be bought for considerably more than \$100,000

An Honest Man Wanted.

CHICAGO, June 3.-Mrs. Nancy B. Irving, a book publisher, has started out to emulate Diogenes in her search for honest man. She believes it is an impossibility to live a strictly honest business or professional life under the present conditions of society. To prove the point Mrs. Irving offers to deposit \$1, 000 in a Chicago bank, which will be paid to the first business or professional man who can prove conclusively that h has coried on his work for a month without lying. She is anxious to prove the point because of a book she has in view.

First Agnostic Marriage.

CINCINNATI, June 3.—The first agnostic marriage in this country occurred here yesterday and formed the closing feature of the agnostic Sunday school that has been established here. The contracting parties were Frederick Federie and Miss Martha Scaman. Jus tice Alexander Roebling performed the bogal part of the ceremony, after which both parties made their pulges, including one not to resist divorce proceedings.

Bridge Jumper Killed.

NEW YORK, June 5.—Holding an American flag in either hand, Robert G. Bidwell, a writer, jumped last evening from the Brooklyn bridge. He was in-stantly killed. The man had prepared himself for the jump. Around his waist was an air life preserver, and he had padded his back and stomach with heavy

Missing Son Heard From.

BINGHAMTON, N. Y., June 4.—Mr. and Mrs. George Alden, the parents of Louis Alden, the boy who disappeared from his home in this city five years ago, have received a letter from their missing son dated in Australia. The boy states that he has been sick and would like to home. His parents had long mourned him as dead.

Gold Bonds For \$3,000,000. NEW YORK, June 4.—Comptroller Coler announces that he will have advertisements inserted in The City Record within a few days for a bond sale of \$3, 000,000 of 31/2 per cent gold certificates maturing in 1941. The bonds will be for the rapid transit, street openings and new

General Booth a Mason,

NEW YORK, June 5 .- General Ballington Booth of the Volunteers of America was last night initiated into the mysteries of Masonry in the lodge at Mont-

nell Lends.

BUFFALO, June 5.-Clear skies and bright sunshine, tempered by a cooling breeze, made an ideal day for the first athletic contests to be held in the stadium at the Pan-American exposition grounds. Representatives of 16 of the leading colleges and universities in the east and west participated in the intercollegiate track and field events which marked the real opening of the stadium to sports. The quarter mile cinder track and the 140 yard straightaway, located inside the oval, were in fine condition. The athletes were enthusiastic in their praise of the stadium.

The training quarters are large and commodious, being 833 feet long and 35 feet wide. They can accommodate 100 men without the slightest crowding, and 150 men could use them at the same time without discomfort. The rooms are equipped with lockers, dressing rooms, a dozen shower baths and 40 rubbing ta-bles and other facilities. The 4,000 persons who watched the contests yesterday afternoon filled only about one-third of the seats in the great amphitheater.

Duffy of Georgetown won the 100 yard dash in easy style, with Devers of Westminster second. The Maloney brothers of Chicago were in fine form and won all of the events in which they started, with the exception of the 880 yard run, which went to J. M. Perry of Princeton.
The finish in the 440 yard run was one
of the most exciting of the day, with
A. Maloney defeating Holland of Georgetown by a magnificent burst of speed at the tape. S. S. Jones of New York out classed his field in the running high jump. The pole vault resulted in a tie, both Endsly of Perdue and Frederick of Cornell clearing 11 feet. They tried unsuccessfully for a higher mark and finally agreed to toss the coin for first place Endsly won the toss.

The showing in points made by the different colleges and universities is as follows: Cornell, 28; Chicago, 17; George town and Pennsylvania, 9 each; West-minster, 7; Beloit and Minnesota, 6 each; Yale, Princeton, Purdue and New York, 5 each; Amherst, 2.

CARNEGIE'S PREDICTION. Says England Will Some Day Need

Our Aid. LONDON, June 5 .- "Mark my words," said Mr. Andrew Carnegie last night, "the time is coming when the continental powers will combine to smash up this little island of Great Britain. When that happens, she will have to turn to the

United States for help.
"I feel certain it will not be refused. The United States will step in and say, 'Don't.' They will act just as Great Britain did in the Spanish-American war. What she did then was great, and it is not half realized yet."

When Mr. Carnegie gave utterance to these sentiments, he was in the Langham hotel, London, where he had arrived from Scotland for the Chamber of Commerce gatherings. Until then he had steadfast-

ly refused to be interviewed.

Resuming the topic of Angle-American

relations, Mr. Carnegie said: "I believe in the community of the English speaking races, by which I mean that the Americans and the British are now closer than ever before. Could you get a better instance than the visit of the delegates of the New York Chamber of Com-merce to Windsor last Saturday? I suggested it, and King Edward took up the idea thoroughly. It was a fitting com-mencement of the new reign.

"I know how deeply interested King ties. Edward is in the United States. I have known this since the time, years ago, when I drove him on a locomotive in the United States, which, by the way, he did not forget when we met under different conditions.

"The idea that the visit of our delegates to Windsor can be in any way constriled as King Edward's recognition of American commercial superiority is all nonsense. The king is full of tact and of friendship for our country."

Boers Overpower British Garrison at Jamestown.

VLAKFONTEIN FIGHT WAS DESPERATE

Boer Attack So Sudden That Fifty British Fell at the First Volley. Battery Lost Guns, but Recovered Them,

LONDON, June 5 .- The war office publishes the following dispatch from Lord Kitchener, dated Pretoria, June 4:

"Jamestown, Cape Colony, surrendered to Kritzinger's commando on the morning of June 2 after four hours' fighting. The town guard and loyal volunteers were overpowered before our pursuing columns could come up.

"Our casualties were three killed and two wounded. The Boer loss is said to have been greater.

"The stores were looted, but the garri-son was released.

"Have placed General French in charge of the operations in Cape Colony." Details received regarding the fighting at Viakfontein show that it was one of the most desperate engagements of the

war. General Dixon's column was trav-ersing the district and establishing posts when it was attacked by 1,200 Boers under Commandant Kemp. The Boers were so close that 50 British fell at the first The yeomanry held the position, pro

tecting the guns until they were nearly decimated, and then, finding it impossi ble to save the guns, the artillerymen shot the gun horses to prevent the Boers mov-

ing the guns.

The column quickly recovered from the shock of the unexpected attack. The Derbyshires charged with bayonets and, after a short desperate fight, drove off the Boers and recovered the guns. The Derbyshires and yeomanry both lost very heavily.

It is asserted that while the Boers had temporary possession of the guns they shot two artillerymen in cold blood for refusing to work them against their own comrades.

The appointment of General French, who has been recruiting his health in Cape Town, to command the operations in Cape Colony indicates that Lord Kitchener attaches considerable importance to the invasion.

FIVE MEN HANGED. A Mob In Cultfornia Seizes Petty Thieves.

BIEBER, Cal., June 1 .- Details have been received here of the lynching of five men at Lookout, Modoc county. The lynched were Calvin Hall, 72 years of age; his three half breed sons, Frank,

James and Martin, aged respectively 26, 19 and 16, and B. D. Yantis, aged 27, As reported here the men lynched had been suspected of petty stenling for some time. Last Saturday they were arrested for stealing barb wire, pieces of harness and some hay forks. A search warrant was issued, and harness and forks were found in the houses of Hall and Yantis who were taken into custody and brought to Lookout, where they were being held awaiting examination and trial. Sunday and for several days following other searches were instituted, and halters, dishes and table linen which had been

TORONTO, June 5.-Frank Rutledge, Fred Rice and Frank Jones, three alleged bank burglars extradited from Chicago and on trial here for robbery of a private bank at Aurora, were being transferred from the courtroom to the jail last night in a cab, in which were Police Officers Boyd and Stewart. The three prisoners were handcuffed together. When the rig was approaching the jail, an unknown person threw three loaded revolvers into the cab. Jones grabbed one of the pistols and shot Officer Boyd, who died in a few minutes. Officer Stewart opened fire on Jones, shooting him in the arm and groin. The prisoners then leaped from the cab and, boarding a passing street car, ordered the motorman to proceed faster. The latter removed the arm of the motor and struck Rutledge over the head, while the conductor threw off the trolley pole from the wire, bringing the car to a standstill. The men were then overpowered. Jones is in the hospital and will lose his arm if he recovers.
