

STATE NEWS.

The striking silk mill girls at Wilkes-Barre have compromised their differences and have gone back to work, after four months' idleness.

J. H. Mackey, of Williamsport, succeeds the late J. B. Nicholson as grand secretary of the Pennsylvania Odd Fellows. The Grand Lodge will meet next year at Erie.

The house carpenters of Hazleton went on strike last week, because contractors, by whom they are employed, have refused to sign the scale of wages submitted by the union.

Three children in the family of John J. Langan, of Carbondale, died during the past week of spinal meningitis. One child was three years old, one four years old, and the other six years old.

Sunday was made memorable in the history of Shamokin by the laying of the cornerstone of the new \$400,000 Y. M. C. A. building, one of the handsomest structures of its kind in Pennsylvania.

The police at Shamokin raided a number of saloons Saturday night, capturing a lot of slot machines, some containing as much as \$40. Machine gambling flourished there so much of late that in several places children were permitted to play.

Through the efforts of Captain Calvin Pardee, Jr., Company G, N. G. P., of Hazleton, has secured new quarters in the Casino, a substantial building, erected by the late A. S. Van Wickle, coal operator. The purchase of the building as an armory is planned.

Constable Samuel Jenkins, of Tunkhannock, shot two carp, one weighing eighteen pounds, the other fifteen pounds. His home is on the river bank. The high water has flooded his property and Jenkins sat at the kitchen window and shot the fish in his garden.

Mich'l Malojoske, a track laborer, of Hazleton, worked for three weeks to figure out how long it would take him, working at his wages of \$1.05 per day, to earn the amount of President Schwab's annual salary. On Saturday Malojoske announced that it would require just 3052 1/2 days, 9 months and five hours. Then he mysteriously disappeared, and it is believed he committed suicide.

After ten years the Free Bridge Association of Luzerne county, has succeeded in getting a grand jury to order the purchase of the seven toll bridges over the Susquehanna. They will be made free. The purchase of the bridges will take \$500,000, and as the court house will take fully as much, it will be impossible under the present amount of taxation, to build the court house and buy the bridges. There will now be a fight to determine whether the court house shall be built or the bridges purchased.

Local Paper Deserves Support.

The effort of any newspaper to build up a town is practically nullified unless it is backed up by the business men of the town. A stranger turns from the news columns of a paper to its advertising columns, and if he fails to find there the business cards of the merchants and professional firms he comes to the conclusion that the editor is not appreciated, in which case it is a good place to keep clear from. No town ever grew without the active assistance of its papers. Nor can papers grow and build up their localities without the assistance of the town. Business men should realize this and remember that in lending support to their local paper they are not only building up their own business, but are helping to support that which is steadily working for the growth of the whole town.—Press and Printer.

Facts About the Odd Fellows.

The Daughters of Rebekah report showed a membership of 13,579.

A trolley line will be built between Williamsport and Lock Haven which will run through Linden, Jersey Shore, Oak Grove and Chatam's Run. The officers elected are President, Hon. J. Henry Cochran; directors E. H. Davis, Hon. H. C. McCormick, Henry W. White, S. T. McCormick, J. LaRue Munson, of Williamsport, and Hon. C. A. Meyers and Jacob Scott, of Lock Haven. A BOLD ROBBERY.

Aged Man Held Up—Exciting Chase After Thieves.
NEWCASTLE, Pa., June 4.—One of the most daring hold ups ever perpetrated in this part of the state took place in Ellwood City yesterday afternoon. Three unmasked men met Costen Burns, an aged and wealthy resident of that place, who started to his quarry with \$2,100 to pay his hands. Just in the rear of the Ellwood Seamless Tube works, almost in the heart of the town, he met three strangers in a rig. They accosted him, and he entered into conversation with them. Suddenly one of the trio, a large man wearing black goggles, stepped into Burns' buggy and seized him by the throat. One of the others seized the wheel containing the cash intended for the quarrymen and jumped into his own rig. The man with the goggles followed, and the three lashed their horse to a run and disappeared before Burns could recover from the attack.

A posse was hastily organized and came upon the highwaymen about two miles from the scene of the robbery. A heavy exchange of shots took place between pursuers and pursued. One of the robbers was crippled by a shot and was an easy victim, while the leader, the man with the goggles, was captured after his ammunition was exhausted. Over \$400 was found on the second robber's person, but the third man escaped and is yet at large with \$1,700 of the stolen money. The prisoners are strangers here and absolutely refuse to talk. The man who escaped went in the direction of the Ohio line.

CUP DEFENDER WRECKED.

Constitution's Mast Broken While Taking a Trial Spin.
NEWPORT, R. I., June 5.—The Constitution, which left here so proudly early yesterday afternoon, with sails glistening in the sun and her hull heaving gracefully before the brisk breeze, came slowly into the harbor just before 5 o'clock looking more like the derelict boat which stepped her mast at Bristol than the candidate for the world's yachting championship. The Mount Morris, tender of the Constitution, and the Herreshoff steam yacht Eugenia had blown out to the big sloop, and at a snail's pace they were dragging her toward her moorings.

NAME FOR THE PRINCESS.

The Latest Italian Royal Personage to Be Called Yolanda Margherita.
ROME, June 3.—Both Queen Helena and the little baby princess born Saturday morning are doing well. The princess will be named Yolanda Margherita. Amid general congratulations there is considerable disappointment at the infant's sex, though the king is understood to have expressed contentment. Salutes are being fired throughout Italy. The infant's nurse, besides receiving liberal pay and a pension, will get \$2,000 with the baby's first tooth, another \$2,000 when the child is able to speak and a similar sum when the little princess is able to walk unsupported.

The Revision Committee.

PHILADELPHIA, June 4.—Rev. Dr. W. H. Roberts, stated clerk of the Presbyterian general assembly, has received a telegram from Rev. Dr. Henry C. Minton, the moderator, announcing that all of the members of the committee appointed to revise the confession of faith had accepted and would serve. A call has been issued for the first meeting of the revision committee to be held at Pittsburgh June 18.

Dady Bid Rejected.

HAVANA, June 5.—The municipal council of Havana has unanimously rejected the Dady bid for the sewerage and paving contract on the ground that it is too high. Senor Gener, the mayor, says the contract should be advertised more extensively and for a longer period than before. The Dady bid, approximately \$14,000,000, now goes to Governor General Wood for final decision.

HAZING EXTRAORDINARY.

Girls at a New England College for Women Tread a Man Caller with Terrible Cruelty.
"Talk about hazing with tobacco sauce and gymnastics, it isn't in the same class with the test through which the students at a New England college for women put a masculine visitor," said the man with bashful tendencies to a New York Sun reporter. "I was near the college and concluded to kill two birds with one stone by viewing the building and calling on a friend, a student there at the same time. I presented myself at the hall where my friend lived and sent up my card. An intellectual

INSPECTED BY THE GIRLS.

looking girl, who I guess was a student, ushered me into a parlor and left me.

"I found myself in a corner of the room with a door at my right and another further along at my left. I had just time to glance around when a young woman came in at the right and passed me by with an intent look which just escaped being a stare. She didn't stop but disappeared through the door at the left. Another followed and another, and finally they came in a regular procession. I didn't believe that so many persons could be housed in a building twice the size of that hall, and I am sure that most of the young women passed twice. As each went by she gave a glance which took in all of me from the part of my hair to the style of my shoes.

"By and by, when everybody that could be alarmed had inspected me often enough my friend came down. I learned that I had been suffering from one of the college customs. She had not received my card until my inspection was about ended. I thought one inspection of me would satisfy them and I called again to undergo the same ordeal. Now I have other acquaintances there and as soon as one appears in the line I stop her and make her talk to me until my friend comes. The tete-a-tete doesn't stop the procession, but it relieves the embarrassment."

CONGRATULATED HIM.

Fat Man Was His Worst Enemy and the Lean One Knew All About His New Bride.
They met in front of the Read house, says the Chattanooga News. One was fat and black, with a wonderful expanse of mouth and a voice like a couple of fog horns. The other was black and lean and wizened.

Said the fat black to the lean black: "Why doan yer 'gratulate me, Brudder Johnsing?" "What fur I 'gratulate you?" said Brudder Johnsing. "What fur you 'gratulate me? Why,

"YAS, I 'GRATULATE HIM!"

man, kase I done mar'd de widder Jeff'n'n."

"You is—you dun mar'd de widder Jeff'n'n" squeaked out the lean one. "I sho' is done mar'd dat lady," said the fat one with an air of great satisfaction.

"Den I does 'gratulate yer, wif my whole heart, I sho' does."

The two separated, when the lean one turned to a knot of white gentlemen who had been interested and amused auditors of the conversation and remarked:

"Yas, I 'gratulate him! Haw! haw! haw!—he! he! I sho' does. He's de was en'my I has, an' I certainly 'gratulates. Why, boss," he said confidentially, singling out one of the spectators, "I was mar'd to dat 'oman fer a year myself. Yas, I sho' do 'gratulate dat man," and he moved off toward Market street, chuckling and muttering to himself.

Hard on Titled Foreigners.
Organ-grinding has struck a snag in Boston. In that city there is an ordinance which gives the right to any citizen to object to an organ-grinder playing his instrument within 300 feet of the objector's residence. If the musician fails to move on, the police are required to enforce the law.

In some of the Swiss valleys the inhabitants are all afflicted with goitre or "thick neck." Instead of regarding this as deformity they seem to think it a natural feature of physical development, and tourists passing through the valleys are sometimes scowled by the goitrous inhabitants, because they are without this offensive swelling. This form of disease may become so common that it is regarded as a natural and necessary condition of life. It is, so, to a large extent, with what are called diseases of women. Every woman suffers more or less from irregularity, ulceration, debilitating drains, or female weakness, and this suffering is so common and so universal that many women accept it as a condition natural and necessary to their sex. But it is a condition as unnatural as it is unnecessary. The use of Dr. Pierce's Favorite Prescription strengthens the delicate womanly organs and regulates the womanly functions, so that woman is practically delivered from the pain and misery which eat up ten years of her life—between the ages of fifteen and forty-five. "Favorite Prescription" makes weak women strong and sick women well.

It is better to break good resolutions than never to have had any.

PAN-AMERICAN EXPOSITION.

The Problem of Caring for Those Who Visit Buffalo Next Summer Being Solved by Dr. Pierce's Free Bureau of Information.

With a liberality which characterizes all enterprises undertaken by Dr. R. V. Pierce, of Buffalo, the founder of the World's Dispensary, he has established a free bureau of information and assistance, free to visitors and householders.

The purpose of this bureau is to provide a headquarters for visitors to the Exposition, where mail may be addressed and delivered. To furnish conveniences for correspondence, such as writing desks, stationery, etc. To provide a list of desirable accommodations for guests which will obviate the tiresome search for lodgings in a strange city. To give information concerning Buffalo and the adjacent points of interest, in order that the visitors may do their sight-seeing with economy of time and money. To help visiting friends in any way consistent with the proposed scope of the bureau.

ITS CENTRAL LOCATION.

This bureau is located in a beautiful old mansion of Buffalo, at 952 Main street, just opposite the Invalids' Hotel and Surgical Institute, of which Dr. R. V. Pierce is chief medical director. The free bureau is fitted up with reception rooms, dressing rooms, parlors, and all conveniences for out of town visitors.

Dr. Pierce's free bureau had its origin in the desire of the Doctor to be of some aid and assistance to the sixty odd thousand druggists and dealers, who are mostly his customers, as well as his old patients; but when the plan was formulated it was found that it would take little more effort and expense to care for everybody who might need the bureau's assistance.

When visitors arrive in Buffalo, they can go straight to the bureau, at 952 Main St., and ask for the needed accommodation.

Not for Profit.
No bureau organized for profit can afford to do what Dr. Pierce is doing, and no other bureau could attempt it by reason of lack of facilities and the great expense involved.

Dr. Pierce has arranged to make your visit inexpensive, free from annoyance and anxiety, and give you every minute of time to enjoy the wonderful Exposition and its manifold features of charming interest.

Dr. Pierce believes that a great medical institution like his "World's Dispensary," that is in constant touch with thousands of people, has other obligations besides those of a commercial nature.

It may contribute to the pleasure and comfort of humanity, even in cases where the profit is not immediately apparent.

Impelled by these principles, he has organized a bureau to furnish Pan-American visitors with accommodations and such information, guidance and direction, when they arrive in Buffalo, as will help them to spend their vacation in the most agreeable manner.

The question of where are you going to lodge is of prime importance, and should be settled first of all. Have all mail, telegrams and parcels, sent in care of the bureau, if you wish. Use their waiting rooms and parlors. Ask them about special rates and excursions to Niagara, the Whirlpool Rapids, Toronto, Chautauqua, up the Great Lakes, down the St. Lawrence. Reliable information on any and every point of interest to tourists will be cheerfully granted. Remember, there is no charge or fee for any service rendered by Dr. Pierce's Bureau.

Shake into your shoes Allen's Foot-Ease, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions.
