"From grave to gay, from lively to severe," may not be just the adjectives to apply to the weather, but they will serve to express the changeable nature of the climate as served to us this month.

Many farmers, whose grain was damaged by the hail and wind storm two weeks ago, are feeding the same to their stock. They say it would cost more to harvest it than they could realize from it.

The frame building on Market Square that has seen so many business ventures fail under its roof, will no longer change tenants so frequently as heretofore. It has been changed into an Automobile stable where E. B. Tustin and George Low house their machines when not in use. It has been fitted up with water to fill the tanks, a wash-bowl and other conveniences.

Susquehanna was indescribably weak at every point in the ball game against the Normal School Saturday afternoon. There must be a dearth of material at the institution, or else the men were overdeveloped. In but one inning did the Normal fail to score. Result: Normal, 29, Susquehanna, 6.

Friday's Shickshinny Echo notes the serious illness of Mrs. Charles Moss, at the home of her father, Frank Lewis, Fairmount Springs. She and her husband had only recently returned from a protracted stay in Arizona. Mrs. Moss spent the winter of 1898 in Bloomsburg, and during that time made many friends who will be sorry to hear of her illness.

At the reunion of the Sixth Pennsylvania Reserves at Round Top, Gettysburg, last week, addresses were delivered by Major H. H. Gore, of Athens, W. W. Johnson, Philadelphia, Col. J. W. The Normal Quarterly for June was issued on Tuesday. It is an attractive number. Prof. J. H. Dennis is the managing editor. The introduction of illustrated articles is a new feature, and this is making the magazine more popular than ever. The Quarterly is issued four times a year, each number containing about forty pages. The subscription price is only 25 cents a year, and every old Normal student in town should be a subscriber.

Contractor Thomas B. Gorrey had the thumb of his right hand painfully bruised Thursday afternoon. He was assisting some of his workmen in moving a heavy timber at the overhead bridge which is being erected for the new trolley line at Willow Grove, when the blocks suddenly gave way and the heavy weight dropped on Mr. Gorrey's hand. He was brought home in a carriage and the wounds dressed by Dr. Gardner.

Notwithstanding the very bad weather he had to contend with M. I. Hennessey, of Bloomsburg, completed, this week, one of the finest jobs of artificial stone paving ever put down here, in front of the new Post Office Building, for Chas. Haas. The work includes steps, coping and side walls in addition to the regular pavement, and is a fitting testimonial of Mr. Hennessey's proficiency in this line of business. He has contracts for several other jobs which he will advance as rapidly as possible.—Berwick Independent.

A force of workmen started this morning to tear down the warehouse in the rear of F. P. Pursel's store on Market St. The structure is to be replaced by a new forty by sixty-foot building. This will afford an opportunity for Mr. Pursel to properly display his stock of furniture and other merchandise, which for the past several years, owing to lack of space, he has been compelled to keep on the third story, which was, owing to the construction of the building, quite inaccessible and hard to show to any advantage. The new building will be two stories high and will extend from the rear end of the store back to C. W. McKelvey's property.

Envelopes, paper, tablets, box paper and all stationery, at Mercer's Drug & Book Store.

A few weeks ago we published an article from the Philadelphia Press headed "Why Men do not go to Church." It gave these two reasons why so few men attend Church: that they do not get what they want from the pulpit, and the femininity of the hymns. Is it a fact that men do not go to church? and, if so, are the reasons above given a sufficient explanation of the cause? We would like to hear from the clergymen of the town and county on this subject. It is a good one to talk about.

GRAY Why let all your neighbors and friends think you must be **STREAKS** twenty years older than you are? Yet it's impossible to look young with the color of 70 years in the hair. It's sad to see young persons look prematurely old in this way. Sad because it's all unnecessary; for gray hair may always be restored to its natural color by using **Ayer's Hair Vigor**

For over half a century this has been the standard hair preparation. It is an elegant dressing; stops falling of the hair; makes the hair grow; and cleanses the scalp from dandruff.

\$1.00 a bottle. All druggists.

"I have been using Ayer's Hair Vigor for over 20 years and I can heartily recommend it to the public as the best hair tonic in existence."
Mrs. G. L. ALDRIDGE,
April 24, 1890. Ector, Tex.

If you do not obtain all the benefits you expect from the Vigor, write the Doctor about it. Address,
