

PAN-AMERICAN EXCURSION.

Visit to the Pan-American Exposition and Niagara Falls Aug. 20, 1901, for \$18. Bloomsburg Normal School.

Bloomsburg, Pa., July 17, 1901. At the request of students and friends who have taken the Normal school excursion to Washington, D. C., arrangements have been perfected for an excursion to the Pan-American Exposition, at Buffalo. A special train will leave the Philadelphia & Reading R. Station, Bloomsburg, at 6:30 on the morning of August 20, and arrive in Buffalo in the afternoon of same day, (time not yet determined). The train will go by way of Williamsport and Rochester over the New York Central R. R. This is the most direct route to Buffalo from Bloomsburg, and with special train the best time can be made.

Tally-ho coaches and carriages will be in readiness on the arrival of the train to take the entire party to the Exposition. This is a fixed expense. Some will desire to enter others than others. So it is not feasible to include this. For similar reasons lunch is not included. No street car tickets are included. None are needed. No stop-off privileges, nor extension of time, can be granted. The two days a half and the four evenings afford ample time to see the entire Exposition. I believe more time would be superfluous for the average person. Those who desire to prolong their visit, however, to ten days, can do so by paying \$13.00 extra, but this must be arranged for when ticket is bought. This will give them the same hotel accommodations, and enable them to return on regular train Thursday, August 29th.

There is no reduction for children. No guides are furnished. It is easy for anyone, by the aid of maps of the Exposition grounds, which will be distributed on the train, to make out a plan of procedure for himself. All will not desire to spend the same amount of time on the same features of the Exposition.

Please read this article carefully. I am arranging this excursion by request of friends, not for profit, and I am using my vacation time to do it. I do not want to take the time to answer unnecessary questions. All needed information is here given. In my opinion, this excursion provides ample time for anyone to visit the Exposition without being hurried, and is as low in price as is consistent with good service.

It is necessary, in order that I may perfect my railroad, hotel, and other arrangements, to know as soon as possible who are going. So please notify me at once. The sooner I receive your decision, the better care I can take of you.

If you want to enjoy life for a day, make your arrangements to accompany the Silk Mill Employees excursion and picnic to Edgewood Park, near Shamokin on Saturday, August 17th. This will no doubt be the largest excursion to leave Bloomsburg this season. The fare including the trolley, which runs from Shamokin to the picnic grounds will be \$1.10 for adults and 60 cents for children. Meals will be served on the grounds for 25 cents. Other attractive features will be fine boating, merry-go-round, pure spring water, an abundance of shade, and excellent music. Keep the date, Saturday, August 17, in your mind.

The matter is in the hands of the following committee: S. Harman, president; W. Leacock, secretary; T. J. Morris, chairman; H. Sommers, treasurer; R. B. Hartzel, R. S. Pugh, H. Reppert, D. A. Leiby, C. Christman, C. Foye, W. R. Gross, W. W. Hartman, A. W. Hagemeyer and J. Girton.

The Berwick Store Company is in need of laborers. Large posters, offering \$1.25 per day, have been posted throughout the county, but the answers were so few that the price has been advanced to \$1.50 per day. Even this has not had the desired result, and the Company is still calling for help. They are going to build a large brick addition to their already mammoth store building, and it is for this purpose that men are desired.

The following letters are held at the Bloomsburg, Pa., postoffice, and will be sent to the dead letter office August 6, 1901. Persons calling for these letters will please say "that they were advertised July 23, 1901": N. J. Bruce, Dr. W. F. Kellin, Mr. A. F. McBride, Mr. Grant Patton. One cent will be charged on each letter advertised.

Does your letterhead or envelope look as though there had been apple butter smeared over it? If so, it's a sign that you ought to change printers.

August 20th, to Saturday morning (including breakfast), August 24th.

Excursion to Niagara Falls, Queenstown, Lewistown, etc., as described.

Tickets will contain coupons for each item mentioned. The excursionist need not be concerned about any of the details.

Excursionists will be taken on between Bloomsburg and Williamsport, at Danville and West Milton, provided notice is given beforehand. From Williamsport the cost will be \$17.00. No reduction will be made to points lying between these two stations, and no stops for passengers after leaving Williamsport.

WHAT IS NOT INCLUDED.

1. Each excursionist will purchase his own tickets for entrance to the Exposition. This is a fixed expense. Some will desire to enter others than others. So it is not feasible to include this.

2. For similar reasons lunch is not included.

3. No street car tickets are included. None are needed.

Program of Re-union.

The re-union of the five congregations under the pastorate of Rev. A. Houtz will be held in the grove of Mr. A. M. Laubach, Forks, on Thursday, August 1. Should the day be very rainy it will be held the following day. The forenoon session will begin at 10 o'clock, the afternoon session at 2 o'clock.

The exercises will consist of music, recitations and addresses. The following speakers have been secured for the occasion: Rev. E. M. Beck, of Watsonstown; Rev. T. O. Stern, of Turbotville; Rev. G. E. Lambert, and Rev. C. D. Lerch, of Danville. The addresses will pertain to the thirty-second anniversary of the present pastorate and to the Twentieth Century Movement in the Reformed Church.

The dinner will be in the form of a basket picnic. All desiring may bring their own dinner with them. The Zion Congregation will also furnish a good dinner at the usual moderate rates. Those not wishing to bring their own dinner can be accommodated on the grounds.

The Superintendent of the B. & S. R. R. has kindly consented to issue an order for the following trains to stop at the grove: north bound 9:23 a. m., and 3:20 p. m.; south bound, 11:23 a. m., 1:00 p. m., and 5:38 p. m.

As the occasion is intended to be social and educational a cordial invitation is extended to all friends to be present.

Does Advertising Pay?

John Wanamaker Spends \$1,000 a Day on His Philadelphia Store.

The question is so frequently asked by business men, "Does advertising pay?" John Wanamaker pays over \$1,000 a day just for advertising his Philadelphia store. He uses a page advertisement in five different daily papers of Philadelphia. They are as follows: Press, \$60,000; Ledger, \$60,000; Times, \$50,000; North American, \$75,000, and the Evening Telegraph, \$50,000. Up to about a month ago Mr. Wanamaker was using a page in the Record at the rate of \$97,000 a year, which would have made an annual expenditure of \$382,500. When he wanted to renew his advertising contract with the Record the publishers asked \$25,000 more, or a total of \$112,500. Mr. Wanamaker refused to pay the amount, thinking no one else would pay that sum for the page. The proposition was made to Lit Brothers, who accepted without a moment's hesitation and they are now paying the enormous sum of \$112,500 for the use of a page in the Record for one year. The circulation of the Record now runs about 190,000 copies a day. If advertising does not pay how can firms spend fortunes every year for a single page of a newspaper?

Special Arrangements for Through Baggage Checks.

For Participants in Philadelphia & Reading's Atlantic City Excursions, Aug. 1 and 11. Arrangements have been made whereby Excursionists purchasing Excursion tickets to Atlantic City on either of above named Excursions, can by the payment of ten cents additional to cover transfer through Philadelphia in each direction of same, have their baggage checked through to Atlantic City. Full particulars of Agents.

Worm on Potatoes.

The devastation wrought by the potato bug has been dwarfed into insignificance this year by the ravages of a small black worm that is working great havoc in all parts of the State. Farmers discovered its presence when the potatoes became of marketable size. It is now more plentiful than ever. The growers know of no way to combat it. It is likely that the department of Agriculture will be asked to suggest some method of ridding the stalks of the pest.

The potatoes have also suffered during the past week from hot weather and lack of rain. It is doubtful if there will be a full crop in any district of Pennsylvania.

Between 500 and 600 counterfeit pennies are being received daily at the New York Sub-Treasury. The authorities believe the bogus coin-makers are working day and night. It is thought that the counterfeiters are working in Philadelphia. A large percentage of them are passed off on the Chinese laundrymen, they being easy to "work."

One Hundred Million Stamped. WASHINGTON, July 23.—The treasury employees who place the seals and numbers on notes of the United States yesterday reached the number 100,000,000 on the \$1 silver certificates of the series of 1890. The numbers will not go any higher, as the printers have been instructed to turn back to No. 1 of letter A.

A Policy Shop Smasher. LEAVENWORTH, Kan., July 22.—Mrs. Mary E. Dickens surprised half a dozen men in John Bencher's policy shop here, and before the latter recovered their composure she smashed a policy wheel with a hatchet. Her boys had gambled in the place. She threatens to smash all the policy shops in the city unless the authorities close them.

PROFESSOR KOCH'S DISCOVERY.

Bovine Tuberculosis Not Transmittable to Man.

LONDON, July 23.—Professor Koch of Berlin, discoverer of the phthisis bacilli, starts the medical and scientific world by the announcement that bovine tuberculosis is not transmittable to the human system. The famous bacteriologist in an interview last night authorized the statement that he has demonstrated that meat and milk from tuberculosis infected cattle may be consumed with absolute impunity. "It would be disastrous to the international congress, at which I propose to announce my discovery," he said, "to elaborate my theory in detail at this hour. You may say substantially that I have reached the conclusion that the very general fear of contact with tuberculosis flesh or fluid is an unnecessary and unfounded fear."

"I have arrived at my discovery through what I consider practical and indisputable tests. They lead me to believe that human and bovine tuberculosis are of a totally different species. I found that human tuberculosis is incapable of inoculation in the animal system. Proceeding on that premise, I am now prepared to show that far-reaching precautions as to infected cattle may once for all be abandoned."

PROSECUTION RESTS.

Counsel For Defense Opens in Forburgh Case.

PITTSFIELD, Mass., July 24.—The prosecution, represented by District Attorney Hammond, rested at 3:25 o'clock yesterday in the trial of Robert S. Forburgh for the alleged killing of his sister May. The conclusion was as sudden as it was unexpected, it being known that there were witnesses held in reserve.

There have been many sensations during this trial—the case being sensational enough from its very mysteriousness—but there was a bolt as from a clear sky yesterday morning at the very opening of the session, when Judge Stevens ordered the expulsion and exclusion of several representatives from three New York papers for the balance of the trial because of an article which had been published relative to an alleged episode at the grave of the victim of the tragedy. This episode, it was said, occurred on Sunday last, and the publication of the alleged fact the court described as "the grossest attack on the administration of justice."

PLANS FOR PAYMENT.

Powers Agree on the Chinese Indemnity.

WASHINGTON, July 23.—The state department has just received a dispatch from Commissioner Rockhill, at Peking, announcing that a plan for the payment of the indemnity to the powers by the Chinese government finally had been adopted. The amortization of the bonds to be issued will begin in 1902, and the plan contemplates the entire liquidation of both principal and interest by 1940.

It is expected that China will raise 23,000,000 taels annually. This sum is to be used to pay the interest on the bonds and to form a sinking fund for the ultimate liquidation of the principal.

MRS. KRUGER DEAD.

Broken in Spirit, Wife of the Boer Leader Passes Away.

PRETORIA, July 22.—Mrs. Kruger, wife of former President Kruger of the South African Republic, died Saturday afternoon of pneumonia after an illness of three days. She was 67 years old. Mrs. Kruger's long separation from her husband, combined with the death of her favorite daughter, Mrs. Smith, last week, had completely broken her spirit. Mr. Eloff and many other members of the Kruger family were at her bedside when she passed away.

Bath Has a Frog Shower.

BATH, N. Y., July 20.—Morris street, this village, was almost covered with frogs immediately after a heavy shower. Some of them were scarcely half an inch long, but all were lively. There were so many frogs in the roadway that bicyclists found riding difficult. Professor Roberts of Cornell, who was asked for an explanation of the phenomenon, said it is generally accepted now by the scientific world that frog spawn could be carried up in the atmosphere, hatched out in the clouds and that a shower of frogs would result.

Vast Capital For a Bank.

NEW YORK, July 20.—Stockholders of the First National bank met and voted to increase the capital from \$500,000 to \$10,000,000. As the surplus of this institution is \$10,000,000 the total of the bank's own money resources will amount to \$20,000,000, the largest in the United States. The object of the increase was not announced, but it was believed in Wall street that some other banking institution is to be absorbed.

PORT AU PRINCE, Haiti, July 24.—Fifty houses were destroyed by fire here yesterday. The flames were aggravated by a strong west wind. Many of the firemen received injuries. The damage is estimated at \$200,000.

At the Drug Store.

"We've got poets in this neighborhood," said an uptown druggist to one of his regulars.

"Why?"

"Hired girl from some place came in here this morning and asked for 'glory of rhyme.'"

"What did you give her?"

"A change to go back and find out what she wanted."

"And what was it?"

"Chloride of lime."—Detroit Free Press.

Gone Up the Flame. Bill—What's become of your friend who kept the restaurant?

Jill—Oh, he got tired paying coal bills and he tried to economize by burning kerosene oil.

"Failed, I suppose?"

"Well, he's gone up, all right."—Yonkers Statesman.

A man talks about owning his business. But, as a matter of fact his business owns him. His whole life is regulated by the demands of the business. The time at which he rises, his breakfast hour, the time given to meals, are all determined by business obligations. He rushes through lunch because he "can't spare the time from business" to eat leisurely. He won't take a rest because he is needed at the store or office. He is in fact an absolute slave to business. The results which follow this slavery are to be seen on every hand. Men dyspeptic, irritable, nervous, with drawn faces and hollow eyes, sit at the desk or stand behind the counter until they collapse in a fit of sickness, or are taken away by heart failure. Those who cannot escape the exactions of business will find a friend in Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, increasing the vitality and physical vigor. It makes men strong and prevents those business break downs which so often terminate fatally.

It takes a lot to satisfy the average man with his lot.

The August "New" Lippincott.

The August Complete Novel in the "New" Lippincott Magazine will make the reader forget even the thermometer's condition while perusing its intensely absorbing pages. The author is comparatively unknown, this being her first long story. She is Ina Brewster Roberts and she lives in New York, where the scene of the strange compact they had entered into. How it turned out is most entertainingly and vividly told by Miss Roberts. There is not a halting line in the whole story.

Owen Wister writes a splendid story which should not be missed by any alumnus or undergraduate of "Fair Harvard." It is called "Philosophy 4."

"A Goddess on a Pedestal," by Maud Appleton Hartwell, is a little society farce in the form of letters which are both subtle and funny, in the heart history they depict. Cyrus Townsend Brady contributes to the August "New" Lippincott one of his humorous missionary yarns. This has not been equalled by any yet published. It is called "Brother Pidgeley Saves the Day."

A Pan-American sketch by Henry Collins Walsh is entitled "A Rose and a Thorn;" and there is a very amusing camping-meeting story, appropriate to the month of religious fervor, called "The Intervention of Grandpap," by Ella Middleton Tybout.

Readers will welcome the first of a series of Ohio Pastorals by Paul Laurence Dunbar. "The Mortification of the Flesh" is about two Ohio farmers and a widow. It is in Mr. Dunbar's best humorous style. The "Walnuts and Wine" Department in the "New" Lippincott is conceded to be the brightest thing of the kind to be found anywhere.

It takes a lot to satisfy the average man with his lot.
