against the Town of Bloomsburg,
brought to determine the right of

A large traveling crane has been

Hassett, and will be installed in the
foundry just as soon as some of the
orders which have been rushing in

powerful one with a lifting capacity
of ten tons. This addition to the
plant will greatly facilitate the mov-
ing of heavy castings from one place
to another and is a great saving of
labor. It will travel from one end
of the shop to the other in less than
two minutes.

Danville's "Old Timers" met de-
feat at Normal Field Thursday
afternoon in a farce which conclud-
ed with the score of 7 to 5. It was
a decidedly tiresome contest. Base
ball has become so degraded that
some one ought to apply for an in-
junction against the further use of
the name of this town in connection
with the mis-called "national
game." Let the speculators that
hire ruffians to knock the balls
about and humbug the public call
their nines after themselves. To at-
tempt to identify such gangs with
the names of towns is impudently
preposterous.
