

MANY SEE PRESIDENT

Roosevelt's Day at Farmington, Conn., an Eventful One.

A "PRIVATE AFFAIR" IS SPOILED.

People from Surrounding Towns Came to Greet the President and Grasp His Hand—Close Watch Kept by Secret Service Men.

FARMINGTON, Conn., Oct. 23.—President Roosevelt's day in Farmington provided quite a suitable addition to the historic annals of this pretty and ordinarily quiet town.

The intention of the president's sister, Mrs. Cowles, to make the occasion a private affair was considerably overcome by the anxiety of the people to see the president and to grasp his hand.

Throughout the morning there was no particular demonstration, but the middle of the afternoon the turnout of the townspeople, added to the influx of several hundred from Hartford and adjoining townships, enlarged the throng to proportions much beyond that to which Farmington is accustomed.

The absence of a publicly announced programme gave an element of uncertainty to the day. Everybody on the street was inquiring when and where they could see the president, but the mass of people went away satisfied, for the president made three quite characteristic dashes through portions of the town.

In the last of these he rode out in an open carriage through the heart of the big crowds assembled on the principal street corners just at the conclusion of the ceremony of planting a McKinley memorial oak.

The president's day was filled with enjoyable rides, walks and receptions. It concluded in the evening at a dinner given at the home of Commander and Mrs. Cowles, the president's sister.

Among the guests at the dinner were the president and his daughter, Miss Alice Roosevelt; Secretary Cortelyou, Assistant Secretary Barnes, United States Senators Joseph R. Hawley and Orville H. Platt and their wives and Governor George P. McLean.

Between his two rides the president and a few friends took a long tramp to Pinnacle mountain, President Roosevelt and daughter leading the jaunt.

An interesting incident of the morning drive was the greeting by 150 school children, attired in white, waving flags at the president as he rode by.

The afternoon was chiefly devoted to receptions—first to the young women of the Porter school and second to the guests invited by Mrs. Cowles to meet her brother.

The two Connecticut senators and their ladies assisted in receiving.

The town was well policed by deputy sheriffs and constables, the customary warning having been sent out in advance by the chief of police at Farmington.

The president left Farmington at 8:30 this morning for New Haven.

Pennsylvania's Heavyweight Dead.

BETHLEHEM, Pa., Oct. 22.—J. Daniel Reinhard, probably the heaviest man in Pennsylvania, died suddenly of heart disease at his home in Bath, near here, aged seventy years.

Mr. Reinhard weighed 493 pounds last Saturday. He was a stonecutter and for half a century was director of the Northampton County Choir association and organist of the Bath Union church.

He was the father of seventeen children, eleven of whom are living. Eight of his sons are marble cutters, and all of them are of remarkable physique, none weighing less than 300 pounds.

Senator Davis' Body Moved.

ST. PAUL, Minn., Oct. 22.—It was with a great deal of surprise that the friends of the late Senator Cushman K. Davis learned that his widow had caused his body to be removed from the vault at Oakland cemetery late Sunday afternoon and taken to the Union station, where it was placed on board a Burlington train to be taken to Washington for interment in the National cemetery.

Mrs. Davis was plagued at the delay in providing a monument here for her husband.

Chicago Postoffice Robbed.

CHICAGO, Oct. 22.—Robbery of the Chicago postoffice by almost exactly the same method as was used in the recent gold robbery at San Francisco has just been discovered, and the loss to the government is estimated at \$75,000.

A secret tunnel was found under the temporary postoffice building at Michigan avenue and Washington street. Through it the robbers gained access to the vaults, and stamps aggregating about the amount mentioned were stolen.

Snow in Northern New York.

ETICA, N. Y., Oct. 19.—Northern Ontario and Herkimer counties are covered with about four inches of snow.

In the southern Adirondacks the snow is four to six inches deep, and deer hunters are happy. Snow fell at Danemora and Lyon Mountain to the depth of four inches. One and one-half inches of snow fell at Rome. Four inches of snow fell at Felt's Mills, near Watertown.

Rich Gold Strike in Colorado.

PUEBLO, Colo., Oct. 23.—A special to The Star-Journal brings news of excitement over a gold discovery at Buena, thirty miles west of this city.

Five hundred claims have been located in the past twenty-four hours. A ledge of free milling gold returns nearly \$2,000 a ton.

Rich Find in British Columbia.

ASHCROFT, B. C., Oct. 21.—Rich placer ground has been struck near the headwaters of Horse Fly in a section which no white men have ever explored.

News was sent down by a thoroughly reliable man in Horse Fly.

SHOT BY TURKS.

Party of Five, Probably American Missionaries, Killed on Frontier.

LONDON, Oct. 23.—The Morning Leader publishes the following communication, dated Saturday, Oct. 19, from Sofia:

"On the frontier near Grosselova yesterday five fugitives from Baniska, Macedonia, among them a brother of Mme. Talika, Miss Stone's companion, were shot dead by Turkish frontier guards while endeavoring to cross into Bulgarian territory.

"United States Consul General Dickenson, believing that they were members of the American Mission church, has demanded an official inquiry.

"Great brutality exists in the districts between Baniska and the frontier. Turkish officials have arrested over 100 residents of Bulgarian nationality and subjected them to torture in order to wring from them information as to Miss Stone's whereabouts. Several of them died under torture.

"The Bulgarian authorities, likewise worried over the affair, are continually arresting fugitives from Macedonia, and this causes bad blood."

Another Searching Party to Be Sent.

CONSTANTINOPLE, Oct. 23.—Should no news be received during the next forty-eight hours from the missionaries who are seeking the captors of Miss Ellen M. Stone and her companion, Mme. K. S. Talika, more missionaries will be sent to assist in locating the brigand band.

It is understood that the missionaries have been waiting at places in the vicinity of which the brigands are supposed to be, expecting to receive a communication from them. It is proposed now that a search party shall be organized to penetrate to the brigands' retreat.

Rumors Regarding Miss Stone.

LONDON, Oct. 23.—"It is reported from Sofia," says the Vienna correspondent of The Daily Mail, "that United States Consul General Dickenson has received intelligence from shepherds that Miss Stone was seen at Jakobova, on Turkish territory, about two hours' journey from the Bulgarian frontier."

MANY WITNESSES FOR SCHLEY.

The Brooklyn's Log Explained—A Newspaper Man's Testimony.

WASHINGTON, Oct. 23.—The Schley court of inquiry opened yesterday with Lieutenant B. W. Wells, Jr., who was Commodore Schley's flag lieutenant during the Spanish war, still on the stand, but he was soon displaced to allow Yeoman Albert V. Mason, who had written the Brooklyn's log for the period covering the Santiago campaign, to testify.

Mr. Mason explained the omissions in the log entry referring to the Brooklyn's turn on the day of the battle of Santiago.

He was followed by Mr. George E. Graham, who, as an Associated Press correspondent, was with Commodore Schley during the entire campaign.

Mr. Graham's testimony covered all the principal events of the campaign and discussed especially the bombardment of the Spanish ship Colon on May 31 and the battle of Santiago on July 3.

Mr. Graham also stated that Admiral Schley had told him that the object of the bombardment of May 31 was to develop the Spanish land batteries, and he said that the range was fixed at 7,000 or 7,500 yards in order to draw their fire.

The witnesses for the afternoon were Dennis J. Cronin, who was Admiral Schley's orderly, who also testified along the same lines as Mr. Graham and to the conversation with Captain Sigbee; Lieutenant Commander William R. Rush, who said he thought the Viscaya had planned to ram the Brooklyn; Lieutenant Edward Simpson, who gave a very graphic picture of the battle of July 3, and Lieutenant Edward T. Fitzgerald, an assistant engineer, who was on duty in the Irerom on July 3 and who testified that an order had been given early in the action to stand by for a min.

Buried Five Days.

BETHLEN, Oct. 18.—An almost miraculous rescue was effected yesterday at Grimana of a well digger who had been entombed since Saturday by the caving in of the soil.

The rescuers had the greatest difficulty in digging through the sand, but the man was taken out alive.

Several were built in the year 1814, and the event was duly noted at the time as an evidence of the spread of United States enterprises.

Japanese Art Productions.

Good specimens of old Japanese work form an investment which is more secure and more certain to be profitable than that in any other kind of art production, according to authorities in art valuation.

Fashions in pictures, in old books in prints, in European ceramic change. Moreover all these things can be perfectly imitated continually. But it is absolutely certain that the fine specimens of Japanese work will increase enormously in value within a few years.

Fewer and fewer of them will appear in the market, and, as has been said, they cannot be reproduced.

CASHING A CHECK.

Difficulties Experienced in a Strange City by a Well-Known New York Newspaper Man.

The difficulties of cashing a check in a strange city were experienced the other night in Boston by a well known New York newspaper man, who conducts one of the chief departments of one of the principal metropolitan journals, relates the New York Times.

It happens that he has no friends in the Hub; that is, no acquaintances. In his search for some one to cash his check—and it was all he had except a few cents—he found several people who, when he told them who he was confessed to be daily readers of his writings, but either they were temporarily impecunious or doubtful that he was the man he pretended to be.

He had been on a vacation in a rural district, where the natives made no hesitation of giving him greenbacks for the newspaper checks, but when he struck the city he found things entirely different. The hotel clerk remembered him as a guest of June, and recognized the indorsement of the check and the signature on the register as the same; but he said that that would not serve as identification. No newspaper man knew him except by reputation, and, after plodding from one office to another, he was obliged to ask his office to telegraph on a description of his personal appearance. Then, and not until then, did he succeed in getting ahead of the incredulity of the hotel clerk and secure money enough to settle his bill and buy his ticket back to New York.

Risking Life

To make a living! And we stand and stare at the man in the clouds, wondering that any man can be so foolishly hardy. But what of the business man, who has barely time to snatch a hasty meal, and gulps down a lunch of pie and milk in a few minutes? He, too, is risking his life to make a living. Life is sustained by food properly digested and assimilated. The result of hasty eating and irregular meals is a "weak" stomach, and a "weak" stomach means a weak man. When the stomach is "weak" the food eaten is not properly digested and cannot be perfectly assimilated, so that there is a daily loss of nutrition, which in time will result in physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the assimilation of all the nutritive values of the food eaten, and builds up the body into sound health and strength.

Mr. Ned Nelson, the celebrated Irish comedian and mimic, of 577 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the concert gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it till last week, when I purchased Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.
