wild Scenes In Connection With the Chicago Teamsters' Strike.

CHICAGO, June 4.-Rioting broke out again in the streets of Chicago yesterday as the result of the packing house teamsters' strike. Although great precaution had been taken by the police to prevent crowds from congregating where the wagons were carrying meat under the ban of the strikers, the attempt to move a caravan of twentyfour wagons under police protection from the yards met with conflict.

The rioting took place in South Clark street in front of the stores of Irwin Bros. & Wagner and Winslow & Co., wholesale dealers using meats from the blg packers.

In other sections of the city attempts were made to move meat, but because of the large gatherings of people to watch the trouble wagons were put back to warehouses and unloaded.

To add to the burdens of the police department 1.300 drivers and their helpers employed by the State street general retail merchandise department stores went on a strike. An attempt was made to deliver "department store" goods in the downtown district in the afternoon with nonunion drivers under police protection, but so much disorder developed that the attempt proved futile. Before the project was abandoned several rioters were hurt and many arrests had been made

#### SEASIDE RESORT FIRE.

Four Dead and Ten Hotels Burned at Rocknway Beach, N. Y.

NEW YORK, June 2.-Max Kasten, thirty-two years old, and Mrs. Lydia McKrow, the same age, lost their lives in a fire early yesterday which swept away many buildings at Rockaway Beach. Thomas S. McKrow and his five-year-old son Frank, Martin Hansou, twenty-eight, and Morris Hanson, seventy-one, were injured and taken to a hospital in Long Island City. Several hours later the McKrow boy died and the father was reported to be dying. A fourth victim's remains were found in the ruins of the Kasten hotel.

The fire started in the frame dwelling occupied by the Kastens. In a short time it spread to an unoccupied brick building and then in succession leveled the following structures: The Colonnade hotel, the Casino, Walter's hotel, Burns' hotel, the Annex hotel, the Mousette hotel, Kasten's hotel. Peterson's hotel. Sagamore hotel and the Seaside avenue museum.

Other structures damaged were Harry Genette's store, Herr Bros.' store, the Morrison stables and Brennan's hotel.

The buildings for the most part were of the usual frame type such as are seen at seaside resorts, and the loss is estimated at about \$120,000.

# **GREAT DAY IN LONDON**

Streets Filled With People Rejoicing Over Good News.

THE TERMS OF PEACE ANNOUNCED.

Much Liberality Shown to the Defeated Boers - Self Government Promised-No War Tax-Farms Are to Be Restocked.

LONDON, June 3. - The pence in South Africa and its very elastic terms were welcomed in London last night with a mild repetition of the Mafeking celebration.

There was a tremendous noise in the streets composed of a pandemonium of horns and cheers and the coarse jests of costers, but the abandon which marked the announcement of the reliefs of Mafeking and Ladysmith was lacking. Women, many of them carrying babies; boys, drunken loafers and others, glad of any excuse to defy law and order, were the principal elements in the ragged processions which wended their ways through the city, through Pall Mall and up Piccadilly.

While London went temporarily mad in a saturnalla of rejoicing over the news from South Africa, the telegraphic nerve system of the empire throbbed responsively. From Canada and Jamajes in the west and from India and Australia in the east came messages of congratulation and reports of local re-

Joicings. In the house of commons Mr. A. J. Balfour, the government leader, announced the terms of peace in South Africa as follows:

The burgher forces in the field will lay down their arms and hand over all guns, rifles and ammunition of war in their possession or under their control and desist from further resistance and acknowledge King Edward VII. as their lawful sovereign. The manner and details of this surrender will be arranged between Lord Kitchener and Commandant General Botha, assisted by General Delarey and Chief Commandant De Wet.

"Second.-All burghers outside the limits of the Transvaal and Orange River Colony and all prisoners of war at present outside South Africa who are burghers will, on duly declaring acceptance of the position of subjects of his majesty, be brought back to their homes so soon as means of transportation can be provided and means of subsistence assured.

"Third.—The burghers so returning will not be deprived of their personal liberty or property.

"Fourth.-No proceeding, civil or criminal, will be taken against any burghers surrendering or so returning for any acts in connection with the prosecution of the war. The benefits of this clause do not extend to certain acts contrary to the usages of war which had been notified by the commander in chief to the Boer generals and which should be tried by court martial after the close of hostilities.

"Fifth.-The Dutch language will be taught in the public schools of the Transvaal and Orange River Colony where the parents desire it and will be allowed in the courts of law for the better and more effectual administration of justice.

"Sixth.-Possession of rifles will be allowed in the Transvaal and Orange River Colony to persons requiring them for their protection on taking out a li-

cense according to law. er Colony will at the earliest possible date be succeeded by a civil government, and so soon as circumstances permit representative institutions leading up to self government will be introduced.

the franchise to natives will not be decided until after the introduction of self government.

"Ninth.-No special tax will be imposed on landed property in the Transvaal or Orange River Colony to defray the expenses of the war.

"Tenth.-So soon as the conditions

permit it a commission on which the local inhabitants will be represented will be appointed in each district of the Transvaal and Orange River Colony under the presidency of a magistrate or other official for the purpose of assisting in the restoration of the people to their homes and supplying HAY Quiet; shipping, 60@65c.; good to those who owing to war losses are unable to provide for themselves with food and shelter and the necessary amount of seed, stock and implements, etc, indispensable to the resumption of their normal occupations. His majesty's government will place at the disposal of these commissions the sum of £3,000,000 and will allow all the notes under the law of 1900 of the South Af-

rican republic. "In addition to the above named free grant of £3,000,000 his majesty's government will be prepared to make advances on loan for the same purposes free of interest for two years and afterward repayable over a period of years, with 3 per cent interest. No foreigner or rebel will be entitled to bene-

fit under this clause." Lord Kitchener's definite announcement of peace was received at the war office at 1 o'clock Sunday afternoon and was communicated to King Edward and all the members of the cabinet before it was given out to the

public. How greatly King Edward's insistence that peace in South Africa be secured prior to his coronation influenced the present agreement will probably never be known until the private memoirs of the present regime are given

to the public. Former Governor Pennoyer Dead. PORTLAND, Ore., May 31.-Sylvester Pennoyer, ex-governor of Oregon, died suddenly last evening of heart

failure.

## WASHINGTON.

From our Regular Correspondent.

Washington, June 2, 1902 The past week in the Senate has been one of continual triumph for the been one of continual triumph for the democrats. On last Thursday Senator Burrows, Chairtor Hoar delivered a speech which should be read in every home in the land. It was a remarkably eloquent exposition of the republican policy and, coming from a republican, will prove exceptionally convincing to all who are not too blinded by party prejudices to judge of the facts. Senator Hoar was followed by Senator Dubois whose speech was in line with the interview published some time ago in these letters. He carefully by the members of the House on land the fact that Senator Burrows, Chair-day of disposal of Lady Pauncefote and it will convey the body to England at the change. The members of the Committee on Relations with Cuba claim that they are approaching an agreement on that bill. I understand that they have conceded to the demands of the beet sugar republicans so far as to reduce the tariff concession from 25 to 20 per cent. They have determined, however, to extend, if possible, the time limit and to dispense with the condition whereby Cuba is obliged to adopt the immigration laws of the United States. An important provision will be a clause authorizing the President to abrogate the treaty if he believes that the concession is operating to the advantage of others than the Cuban planters. There seems to be little likelihood that, even if the republicans can secure sufficient votes in the Senate to pass this bill, they will be able to do so in the House but that is a matter with which the republican senators are not concerning themselves. They express the opinion that when they have done their duty it will be the business of the President to secure the legislation by the House if he wants it, which means that they will, after all, give him only half-hearted support.

The week in the House has been RAILROAD TIME TABLE devoted mainly to consideration of the immigration bill which passed on Tuesday. The bill, as passed, con-"Seventh.-The military administra- tains Representative Underwood's tion of the Transvaal and Orange Riv- amendment providing for certain educational qualifications for immigrants. The members of the House "Eighth.-The question of granting are getting very restless and it is difficult for the Speaker to retain a quorum for the transaction of business. There never was a time when republican fences required so much mending and the members appreciate the fact and chafe under their enforced stay in Washington while many of them, pleading urgent business, secure leave to go home to their districts.

> This desire to get away, however, will not prevent a spirited debate on the Pacific cable proposition. The division is not drawn on party lines. Colonel Hepburn, Chairman of the Committee on Interstate and Foreign Commerce, favors the granting of a franchise for the construction of a cable while Representative Corliss is prepared to make a vigorous fight for government ownership and both have many warm followers. Whatever may be the decision by the House there is no probability that it will be acted on by the Senate.

The majority of the people will learn with regret that the resolution providing for the election of senators by popular vote has been killed in the Senate committee. It was supposed that the Depew amendment would be sufficient to accomplish that end without necessitating a direct
