Memorial Day-

Memorial Day was properly observed in Bloomsburg on Friday. The exercises throughout the day were solemn, impressive and appropriate. Early in the morning, a delegation of Ent Post, visited the cemetery at Almedia, and decorated the graves of the soldiers. The exercises here began with the parade which formed on Market Square at two o'clock in the afternoon. The Band headed the procession, followed by members of the P. O. S. of A., O. U. A. M., Ent Post, G. A. R., Spanish American War Veterans, and the Friendship and Liberty Fire Companies.

It was the Liberty boys first appearance in their new uniforms, and they looked quite fetching. Ail along the line of march their appearance was favorably commented upon.

The Band played a dirge as they entered the cemetery. At the soldiers circle Rev. J. D. Thomas offered invocation, after which Post Commander George W. Sterner made a few remarks. His words, were well chosen, and many eyes filled with tears as he spoke. Chaplain N. B. ing of Pomona Grange, No. 5, com-Fowler followe I with prayer, and M. posed of the subordinate Granges of P. VERDICT OF CORONERS' JURY.

The jury empanelled by Deputy Coroner Welsh of Centralia, to hear witnesses, and determine according to law, the cause of the death of In Every Leather. Clarence F. Sitler, of Center township, whose liteless body was found in his wagon along the road near Centralia Wednesday morning of last week, returned a verdict at Aristes on Monday that death was due to expo-

sure and suffocation. The testimony of three witnesses was taken, namely, Thomas McGin-Horel. ley, who was in company with Sitler when he left Bloomsburg Tuesday afternoon and who was observed with him by different people at various places along the road; William Goss, who was the first to discover the dead man, and Dr. Davis, of Centralia, who made an examination of the body.

In relating his story to the jury McGinley said that he did not rememleft John Kline's in Catawissa township. He could not tell how he reached home. He could not recollect whether they had driven to Numedia the second time or not. The whole affair was a blank to him. He could not even tell how his face and head had been injured. The only thing that he knew or was positive of was that he had given Sitler \$2.00 to take him home. The money was paid over before they left Bloomsburg Tuesday afternoon.

William Goss testified that he had brought out the fact and made it daughter. clear to the minds of the jury that, Sitler, at the time that Goss passed them Tuesday evening, was either sick or dead.

Dr. Davis was present at the inquest. He had made an examination of the body. He said that death in his opinion was caused by suffoca-

Many hold to the belief that the injuries to McGinley's face are the result of a fall, very likely from the wagon, that strong argument in support of this theory is the finding along the road traveled by the two men, marks of blood, and an impression in the road such as a dragging body would make.

The finding of the Coroner's jury will in all probability end the case, that is so far as official action is concerned. The family and friends of the dead man, may continue the investigation, but it is doubtful if more than has already been brought out, will ever be known.

Fire Companies Contribute-

A contribution of \$10 has been made to the Centennial Fund by the Rescue Fire Company, and the Friendship Company will circulate a subscription paper among its members for the same purpose. Committees have been appointed by the Liberty and Friendship Companies to act in conjunction with Committees to be appointed later by the other companies, to arrange for the entertainment of visiting firemen during the Centennial Celebration.

A Great Victory.

The Normal team won a great victory at Bellefonte on Saturday when they defeated the formidable team of State College by a score of 8 to 4. cause it was the only time that State had been defeated this season, aud secondly because it was their first deyears. From all accounts the finish of the game was very exciting. In the last half of the eleventh inning, with the score a tie 4-4 Normal came to bat. There were three men on bases and two out. Jack Steventon stepped to the plate. The suspense at this moment was great. He had two strikes and three balls. The next one had to be good as a base on balls meant a run. The pitcher realized this fact and he decided to put it over and trust to luck. He did but fate was unkind to him, as Steventon hit it with a veageance. The ball sailed to the most remote part of the field and before it was returned he made a circuit of the bases sending three across before him. By this timely and terrible drive, Steventon made himself the most important factor in the greatest base ball victory ever achieved by a Normal team. "Tommy" Hayes was in the box on this occasion, and his work was faultless. Only eight hits were made off his delivery. He is a pitcher with a good arm and excellent judgment.

INFLAMMATION.

Eyestrain not only causes headache and tired eyes but it often causes inflammation. The lids become sore and irritated. The eyeballs look red and angry. In the morning the lids stick together and the eyes smart and burn. Sometimes the irritation takes the form of styes. Quite often it is impossible to read a half hour without becoming drowsy. All of these symptoms can be relieved with glasses, unless they are allowed to go too far. You cannot afford to put it off a moment. They are Nature's warnings and Nature will not be tampered with. Relieve your eyes of strain and the inflammation will disappear. I make no charge for examination and consultation. See me about it.
