HARRISBURG LETTER.

Chairman Creasy has Favorable Reports from the State-Pennypacker Before and After Taking Official Position.

State Chairman Creasy has taken considerable trouble since the Erie convention to ascertain the sentiment in every portion of the state as to the political situation at the outset of the campaign. He is more than pleased at the outlook. He finds, through the medium of the press as well as by personal correspondence, that the Democratic nominations are eminently satisfactory, not only to the party, but to the large number of Republicans who have been forced to the conclusion that the only way to rebuke machine rule successfully is to defeat its candidates at the polls, and teach the bosses that the people have some rights that must be respected.

The Democratic press is unanimous in hearty support of our ticket per bills, franchise grabs and corwhile the independent press not on- rupt legislation generally as worthy ly of the state but of the nation is of interference on his part. The unanimous in declaring that the feeling is general that Pennypacker plain duty of Pennsylvania Republicans who place their citizenship ing an outspoken opponent of Quay above partisanship is to vote for Pattison, Guthrie and Nolan. Hundreds of Republicaus who have The feeling is also general that Gov. heretofore refused to assert them- Pattison is a safe man to trust in selves now declare that it is high the Governor's chair; that he can time for a repetition of the Beaver neither be bribed, bullied nor coaxoverthrow in 1882 and the Delama- ed into the support of corrupt measter disaster of 1890; and that Quay- ures. Besides he has at his back ism, never so odious as it is at the all the elements that make for represent time, shall now receive the form while Pennypacker stands for death blow that should have been all that has made Pennsylvania a administered long ago. Develop-ments may be looked for during the union. campaign that will strike dismay to the Old Boss who proposes to head his own vicious machine in name as he always has in reality.

PARTY ABOVE CANDIDATES.

It makes but little difference to the honest, intelligent voter who is his candidate for Governor, if he be an honest, able man upheld by those whose only desire is to have an honest administration of public affairs. Almost any man could over the Susquehanna river at Mifflinmake a creditable Governor if he was rightly advised and faithfully supported. While Democrats had their personal choice, of course, they realized that the candidate is of little importance compared with the party and policy that are likely to control his administration. Democrats felt that any of their candidates could be safely entrusted with the reins of government because they were all able, honest men; and what is better still the nominee, whoever he might be, if elected, would have at his back all the re- and the same upon hearing were disform forces of the state to aid him in his fight against corrupt machine

The only hope of the machine lay in the effort to deceive the people by putting forward Pennypacker and declaring vociferously that he is an honest man. Since he is a candidate for a high position nominated admitedly by corrupt means, his honesty may rightly be called into question and it must be judged just like any other man's, by his acts. It will not do to assume that he is honest simply because he is a judge on the bench, especially if there are in the state. Which has changed indebtedness necessary for the con-

since that time, Quay or Pennypacker? It has never been questioned that he was sincere in declaring in 1882 that Quay and his candidate, Gen. Beaver, should be defeated for the good of the state, and yet Quayism is notoriously worse than it was in 1882. Quay had not then been obliged to plead the statute of limitations to save himself from the penitentiary nor had all the independent papers of the country as well as many Republican papers outside the state denounced Quayism as a disgrace to the commonwealth.

WHAT CONVERTED PENNYPACKER? If Pennypacker believed Quay and his system so dangerous to the welfare of the state twenty years ago as to lead him to advocate their defeat, why should be to-day believe that the same old veteran in political crime is worthy of a high tribute

from his pen, even declaring that 'Quay is a great statesman who fails in no duty and whose real greatness approaches genius?" Was Pennypacker's change of heart brought about because he believes what nobody else does, that Quay is better to-day than he was twenty years ago? If so, his judgment is too faulty to trust him in the Governor's chair. Was his conversion due to the fact that he was made a judge at the instigation of Quay? If so, he is not honest and is not

entitled to the support of honest

If Pennsylvania, as Pennypacker says, has no evils worthy of mention then he would in case he were elected Governor not consider ripto becoming his most servile panegy-

rist simply for his personal penefit.

MONTHLY COURT.

Seve: al Important Opinions Filed.

July 7th being the first Monday of the month, court convened at 10:30 o'clock, with his Honor Judge R. R. Little, and Associate Judges Fox and Kurtz on the bench.

In the matter of the County bridge

Report of viewers and report of Grand Jury confirmed obsolute.

OPINION OF THE COURT.

In re bridge over \ In the court of Susquehanna river Quarter Sessions at the village of Columbia county Mifflinville. No. 6, Dec. Sess.

Both the viewers and re-viewers report in favor of the proposed bridge. Exceptions were filed to the confirmation of the report of the reviewers,

The report of the viewers was submitted to the consideration of the Grand Jury, and upon consideration of the same by them the bridge reported was adjudged to be necessary, and the cost of the erection of the same was found to be too burdensome for the adjoining townships to bear, and the report of the viewers was by them approved. This report of the viewers is now before the

Court for final confirmation. In disposing of the exceptions to the report of reviewers we took occasion to remark that information several things that go to discredit should be furnished us by the County his political motives. A few years Commissioners concerning the ability ago he was one of the most outspok- and the powers of the county to incur en opponents of Quay and Quayism the probable additional amount of

struction of this proposed public improvement before being called upon to approve of the report.

We are satisfied from the information furnished us that it is not necessary to obtain the consent of the voters and tax-payers by an election before incurring an additional amount of county indebtedness necessary to meet the expense for construction of this bridge.

The bridge, when constructed will be a necessary public improvement. It will be more appreciated if it be built so commodious, strong and substantial, that the people can pass over it rapidly with their borses and bur-

In view of the legislation, giving to street railway companies the right of occupancy of the bridges, in certain instances, it would seem to be a reasonable precaution that the piers for this bridge should be built sufficiently long and of such degree of strength and durability so as to accommodate not only a wide superstructure for the bridge, but also for any other use now authorized by law.

Now, July 7th, 1902, it is adjudged and appears that the bridge mentioned in the report of viewers is necessary. and the building of the same would be too expensive for the adjoining townships to bear, and it is ordered that the report of the viewers be confirmed absolute, and the report of the Grand Jury be approved, and further, the preceeding and bridge, upon the approval of the same by the County Commissioners, be, and is hereby directed, to be entered on record as a county bridge. By The Court.

SUGGESTIONS FROM THE COURT.

Suggested form of resolutions, to be passed by County Commissioners, if that body approve of the bridge proceedings.

[See R. R. Company vs. Lawrence County, 198 P. S. R., 1.7

The following action was taken by the County Commissioners at their meeting held on the 7th day of July,

Upon motion, duly made and seconded, it was

Resolved, That the proceedings for a county bridge over the Susquehanna river, at the village of Mifflinville, as of No. 6, Dec. Sess., 1900, in the Court of Quarter Sessions of Columbia County, and which was approved and confirmed by the order of the court, made July 7th, 1902, be also approved by the County Commissioners; and we also further find, and it so appears that the said proposed bridge is a necessity and would be too expensive for the adjoining townships to bear. Further, that a certified copy of this resolution be made, filed in the Court of Quarter Sessions, and entered at length upon the record in

the said proceeding. The foregoing resolution, as suggested by the court, was passed favorably by the board of County Commissioners at their meeting Monday.

In re road in Catawissa and Main towaship.

In the court of Quarter Sessions of Columbia county, No. 5, May session, Supplemental report of reviewers

confirmed nisi, Dec. 9th, 1901. May 6, 1901, exceptions filed by Supervisors of Catawissa township. Feb. 3, 1901, exceptions of Super-

visors of Catawissa township. Feb. 3, 1902, exceptions filed by itizens of Main township.

Upon the argument of the exceptions filed to the confirmation of the supplemental report of the reviewers, the exceptions filed upon behalf of the Supervisors of Catawissa township, both those originally filed on May 6, 1901, and those filed Dec. 14, 1901, were withdrawn; and the exceptions filed on behalf of the citizens of Main township, are the only exceptions to be considered.

The court will take judicial notice that Catawissa and Main townships are within the county of Columbia and the jurisdiction of the court.

The language used by the Judge delivering the opinion of the Superior Court in this case "and the terminus so clearly specified in the draft attached thereto that the Supervisors will have no difficulty whatever in locating the road in accordance with the return," would seem to be sufficient answer to paragraphs "C,", "D" and "E" of the exceptions.

Whatever there may be of merit in the remaining exceptions, the exceptions have not supplied us with information, in the way of depositions, neither has our attention been called to anything upon the record as it now appears, so that we are unable to consider them.

None of the exceptions are sus-

Now, July 7, 1902, the review as amended by their supplemental report, together with the supplemental Muslin report, are confirmed absolute.

By THE COURT. ROAD LEADING TO COUNTY BRIDGE. OPINION.

In the court of Quarter Sessions of Columbia county, No. 5, May Sess.,

the Act of May 21, 1901, Pamphlet Laws, page 268, for the county to construct a portion of public road leading to the river bridge. It would appear from the first sec-

tion of the Act of May 21, 1901, that the court would not have jurisdiction to entertain their petition until the road mentioned therein shall be first confirmed.

The road mentioned in petition was confirmed by order of court this day (July 7, 1902,) and although the petition was filed on June 2, 1902, we shall regard it as having been presented at this time, and now make the order which the law requires.

And now, July 7, 1902, upon presentation of the petition and consideration thereof, it is ordered that the County Commissioners of Columbia county do prepare, or cause to be prepared, plans, together with a survey of the public road mentioned in the petition (see road proceedings in No. 5, May Sessions, 1894,) not exceeding a quarter of a mile in length, from office of the clerk of the court of 91c. Quarter Sessions, on or before the 17th day of July, 1902, for the purpose of being submitted to the court, and for further order; and it is further ordered that ten days be allowed from the said July 17, 1902, for the filing of exceptions to the proceedings.
