Archbishop Ireland Satisfied With Negotiations.

GOVERNMENT'S ATTITUDE PRAISED.

Sharp Rebuke For Those of the Church Who Have Questioned the Fairness of the Administration In This Matter.

ST. PAUL, July 23.-Archbishop Ireland in an interview regarding the progress of the negotiations conducted between Judge Taft and the Vatican took to task certain Catholic organizations that had assumed to quesion the fairness of the administration oward their coreligionists. The archhishop said:

"Yes, the news from Rome is quite satisfactory and, I am sure, quite correct. Private advices coming to me from the most reliable sources confirm in all respects the disputches given in the press. The sovereign pontiff and other Roman authorities are delighted with Governor Taft personally and with the negotiations in course of progress between him and the Vatican. Re-

ports sent out by the correspondents of certain London papers to the effect that the pontiff was displeased with the manner of acting of the commission of cardinals appointed to treat with Governor Taft were absolutely unfounded. As stated in this morning's Roman dispatches, the pontiff assured Governor Taft that he was most satisfied and happy at the results so far obtained and that he was confident the negotiations begun in Rome would be the starting point of a complete and satisfactory solution of the question under discussion. This statement sums up in the most exact manner the situation as the Vatican views it and as it really is.

"And now it is to be hoped there will be among certain classes of Catholics in America a cessation of movements and declarations such as we have had recent occasion to hear of regarding religious matters in the Philippines. The pope teaches those Catholics to trust the American government as they seemingly have been heretofore unwilling to do.

THIRTEEN LIVES LOST.

City of Baltimore Visited by a Terrible Storm. BALTIMORE, July 21 .- A fierce tor-

nado characterized by a windstorm of extraordinary velocity, thunder, vivid lightning and a heavy rain suddenly. burst upon Baltimore at 1:30 p. m. yesterday, coming from the southwest, with the net result that thirteen perrons lost their lives, hundreds of houses were unroofed, trees in the public parks and streets were torn up by the roots, many buildings damaged and several people injured. The storm exhausted its fury in less than fifteen minutes. The damage done in the business part of the city was comparatively slight, being confined to the blowing down of signs and injuries to roofs. It was in the residence portions of the city, along the river front and in the harbor where the wind spent its violence.

Of those who perished nine were drowned in the harbor from open boats, one was killed by a falling tree and one by a live wire.

A hole several feet in diameter was blown in the wall of St. Mary's Star of the Sea Catholic church in South Baltimore. A portion of the stone cornice, weighing more than a ton, fell to the street. Fortunately no one was injured by the falling stone and brick. The damage to the church is estimated at \$7,000. At the foot of Concord street the Merchants and Miners' Transportation company's warehouse was unroofed, with small damage to the building, but the rain poured in on the valuable stock stored therein, doing a damage which is estimated at from \$100,000 to \$300,000. The gas reservoir In South Baltimore, containing about 300,000 feet of gas, was blown over, the gas exploding, without injuring any one, the damage being placed at \$15,000.

At St. Michaels, Md., two young men, Harry Appel, aged twenty-two, and Maurice Small, aged twenty-three, of Baltimore were drowned while bathing in Miles river.

Death in a Cloudburst.

BINGHAMTON, N. Y., July 21.-The heavy rains which have prevailed in this section for the past few days ended in three separate cloudbursts within the limits of Broome county alone and several in surrounding territory to the northward, breaking mill dams, washing out railroad tracks and highway bridges and doing much minor damage as well as delaying trains. As a result of the waters' mad work four are killed and two seriously injured and \$200,000 of monetary damage has been done.

The Mohawk Again Rampant.

UTICA, N. Y., July 21.-Heavy rain during the past forty-eight hours has again overflowed the Mohawk river and the lowlands. It is believed the oat, hay and corn crops will be very small. There is a noticeable shrinkage in the flow of milk because of wet pastures.

Disgrace Killing Mrs. Strong. NEW YORK, July 23 .- Mrs. W. L. RIOTING STIRS PARIS

Enforcement of Law Against Congregations the Cause.

CLERICALS DENOUNCE THE ACTION.

Agitation Not Likely to Create Serious Disturbance, as the Opposition is in a Hopeless

Minority.

PARIS, July 23.-Riots occurred yesterday after the distribution of prizes at a school belonging to an unauthorized congregation in the Avenue Parmentier here as the result of violent speeches denouncing the government's action in closing the establishments of unauthorized congregations. Crowds broke through the police cordon and shouted "Vive la libertel" Francols Coppee, the author and poet, who was the chief speaker; Deputy Lerolle, Gaston Merry and the Abbe Partural were arrested

The determined firmness with which the government is carrying out the law against unauthorized congregations is lashing the clericals to fury, which culminated in yesterday's disorderly demonstrations in Paris. Similar, though less violent, scenes accompanied the closing of the schools and the departure of the teachers to other places.

As a matter of fact, however, the clericals are manifestly in a hopeless minority throughout the country. Many municipal councils in all sections of France, including those of such important cities as Lyons, Tours, Epernay and Beauvais, are voting resolutions approving the government's action, congratulating the ministry upon its firmness and urging it to continue its defense of civil society against the encroachments of the congregations.

The government is certainly applying the law with all possible moderation and, with the country behind it. will, it is believed, accomplish the task undertaken before parliament reassembles. The clericals will doubtless continue their agitation, but the movement is not likely to lead to any practical result or cause serious disturbance of public order.

DESTRUCTIVE FLOODS.

Damage Along the Mississippl of Many Millions.

KEOKUK, Ia., July 21.-Exploration of the flooded districts of the Mississippi river from Keokuk south shows conditions beyond the appreciation or realization of any but those of long experience with the Father of Waters in its most destructive mood.

The situation is growing worse hourly, and a great conflagration in a great city would not be more rapidly destructice of values. There is absolutely not the slightest chance of stopping this most costly flood in the history of the great river above St. Louis.

Opinions vs. Convictions.

The difference between opinions and convictions is the same as that between a steamship without a fire under her boilers, and a steamship with a full head of steam on. Special Embassador Whitelaw Reid

Miss Clara Taylor of Ohio, who kid-

Tart he expressed the highest esteem for American methods of treating church matters and remarked that he had more than once pointed toward the United States as setting an example well worth copying. His words ought to signify something to those who profess to take him as their leader and guide.

"The agitation, such as it was, in certain Catholic quarters did no honor to those who participated in it. As is now proven, they spoke and acted without due knowledge and certainly without proper regard for the government of their country. They should first have been absolutely certain that injustices had been done to their coreligionists.

"There should have been no haste to lay blame upon the government, which was doing its best to bring order out of chaos, and above all no charges should have been made against the intentions of the government. It was rankest rashness and rankest injustice to intimate that the government intended to proselytize in the Philippines or to do aught to detach the inhabitants from the Catholic faith. To know in the slightest degree Mr. Roosevelt, Mr. Root or Mr. Taft is to be certain that nothing of the kind could have been thought of or could have been tolerated. Never did there reside in the White House a man more fair minded and impartial in religious matters, more resolute to give all classes of citizens the religious rights granted them by the constitution and to protect them in those rights than Theodore Roosevelt. During his administration it is unqualifiedly absurd to imagine that governmental acts could be such as to deny or impair the religious rights of any people or tribe over whom floats the American flag."
