

TROOPS AT TAMAQUA

General Gobin on Scene of Recent Rioting.

ALL IS QUIET AT PRESENT TIME.

Mine Workers' District President Inquiring Into Shooting of Strike Leader Sharp—Trouble Is Feared at Funeral.

TAMAQUA, Pa., Aug. 20.—General Gobin, who is in command of the battalion of the Twelfth regiment, national guard of Pennsylvania, sent from Shenandoah to the Panther creek valley, has opened temporary headquarters in the town. The general and his staff will not return to Shenandoah until the latter part of the week. The funeral of Patrick Sharp, the strike leader who was shot and killed at Nesquehoning by a deputy, will take place tomorrow. All the miners' local unions in the region are making arrangements to march to Lansford and attend the funeral, and General Gobin will probably station troops along the route to be taken by the funeral.

Thomas Duffy, president of district No. 7, and Peter Gallagher, member of the executive board, came to Lansford to make an investigation of the facts connected with the shooting of Sharp. After interviewing several of the men who saw Sharp killed they went to Mauch Chunk to engage counsel and to make arrangements to push the prosecution of the deputy charged with the shooting.

House Dynamited by Strikers.

WILKESBARRE, Pa., Aug. 20.—Unknown parties exploded a stick of dynamite under the front door of John Work's house in Pittston township. The door was wrecked, and the inmates of the house were badly frightened. Six men were lodged in the dwelling. Two of them are working in the mines. It is said that the two men who continue at work had been warned that if they did not remain at home harm would come to them.

Protest Against Troops' Presence.

HAZLETON, Pa., Aug. 20.—President Thomas Duffy of district No. 7, United Mine Workers, has sent a formal protest against the presence of the Twelfth regiment at Manlie park, near Coaldale. The note to Governor Stone declares that the situation does not require the troops and that an investigation by the governor would confirm the truth of the statement.

BOERS SEE THE KING.

Botha, Delarey and De Wet Visit Coves.

LONDON, Aug. 18.—The Boer generals Botha, De Wet and Delarey, who reached here Saturday from South Africa, have visited Coves, Isle of Wight, to see King Edward on board the royal yacht Victoria and Albert.

In an interview with a representative of the press General Botha's secretary described the visit to his majesty. He said that when the Boer generals boarded the royal yacht King Edward came forward and after they had been introduced shook hands with each of them. The Boers were highly pleased with their reception. After a brief and informal talk of a non-political character with King Edward they were introduced to Queen Alexandra and Princess Victoria.

The reception by his majesty lasted a quarter of an hour. The king spoke of "the gallant and brave manner in which the generals had fought through the long and arduous campaign" and of "the consideration and kindness" with which the generals had treated British wounded. His majesty expressed his warm wishes for their futures. It was at the king's suggestion that the Boers took the trip around the fleet on board the Wildfire.

Schwab En Route to Europe.

ALTOONA, Pa., Aug. 20.—Charles M. Schwab, president of the United States Steel corporation, has passed through here on his private car Loretto, en route to New York, whence he will sail for Europe. He disclosed his destination to an old Altoona friend who talked with him since he has been in Loretto. He said that he was going to France, where he will take a course of treatment at the mineral springs of that country. His chief ailment is an affection of the nerves. The steel president's stay amid the scenes of his boyhood has evidently done him good. He told his friend, F. D. Saupp of this city, that he never felt better in his life, and Mr. Saupp emphasized this by stating that he had never seen him looking better. Mrs. Schwab is not with her husband. She will remain at Loretto during his absence.

Island Destroyed by Volcano.

YOKOHAMA, Aug. 19.—The little island of Torishima was overwhelmed by a volcanic eruption between Aug. 13 and Aug. 15, and all the inhabitants, numbering 150 persons, were undoubtedly killed. The island is covered with volcanic debris, and all the houses that were on it have disappeared. The eruption is still proceeding and is accompanied by submarine eruptions in the vicinity, which make it dangerous for vessels to approach the island. Torishima is one of a chain of islands extending between the Bonin islands and Hondo, the biggest island of Japan.

Famous Indian Scout Dead.

MISSOULA, Mont., Aug. 20.—Chief Charlots, the famous Indian scout of the Rocky mountain district, is dead on the Flathead reservation. It is asserted that Charlots' death removes the only barrier that has prevented the opening of the Flathead reservation for settlement.

NOTED JURIST DEAD.

Luther R. Marsh, Once a Partner of Webster.

MIDDLETOWN, N. Y., Aug. 16.—Luther R. Marsh, the noted jurist, once the law partner of Daniel Webster and for years one of the foremost jurists of New York state, is dead of old age.

He was in his ninety-first year. Luther R. Marsh was born in 1813 in Pompey, N. Y. By his ability and industry he pushed ahead into a law office. He was admitted to the bar when yet almost a youth and soon earned a reputation for handling successfully most difficult cases.

For fifty-two years Mr. Marsh held his place as a leader in the bar. He was for a long time president of the park commission and was for several terms a vice president of the Union league, of which he was one of the founders.

In Mr. Marsh's home in Fifth avenue he frequently entertained the notorious Mme. Ann Odellia Diss De Bar, who was sent to prison later for her part in the spiritualistic picture swindle by which he was deceived for years. He believed implicitly in her power.

In 1888 Mr. Marsh said his eyes were opened to Mme. Diss De Bar's character. He found many of her stories false and that he had been deceived by the medium. These disclosures and the ridicule that followed estranged him from friends of a lifetime, and he finally resolved to leave the city. He prepared to make his home on Lake Erie and sent on his household goods.

Among the many mediums who continued to besiege his home after the imprisonment of Mme. Diss De Bar was Mrs. Charissa Huyler of Middletown, N. Y. He was invited to visit her home. He accepted, intending to remain only a few days, but he never returned to New York nor continued his journey to his country home on Lake Erie.

CUMANA CAPTURED.

Venezuelan Rebels Win an Important Victory.

WILLEMSTAD, Curacao, Aug. 20.—News has just reached here that the support of Cumana, in the state of Bermudez, Venezuela, was occupied at noon by the Venezuelan revolutionists without the firing of a single shot.

The government forces commanded by General Vehutini and the local authorities of Cumana evacuated that town the night before. They withdrew to the island of Margarita, about forty miles north of Cumana, on board the steamer Ossun.

A report is current here that a number of British war vessels under the command of an admiral will visit La Guayra, Venezuela, in a few days. No reasons for the presence of the warships in question at La Guayra can be obtained, and the report is causing considerable speculation.

Cumana, which is about 200 miles east of La Guayra, was occupied for a short time by the Venezuelan revolutionists last May. Upon this occasion also the government forces left the town without offering resistance. Cumana is about fifty miles east of Barcelona, which was captured by the revolutionists the early part of this month. The revolutionists now hold the customs ports of Ciudad Bolivar, Guirica, Cano Colorado, La Vela de Coro, Carupano, Barcelona and Cumana.

DR. SCHECK DEAD.

Man Who Thought He Had Discovered Secret of Sex.

VIENNA, Aug. 19.—Professor Samuel L. Schenk, the distinguished embryologist and author of "The Determination of Sex," has died at Schwabing, Styria. He was a savant in the University of Vienna and for a generation had given his whole time to the work for which he was noted. The author's declaration that the sex of a child could be fixed at will by the mother undergoing a course of treatment before the child's birth created a considerable stir in medical circles when it first appeared a few years ago.

A number of persons, among them the czarina of Russia, were reported to have taken the prescribed treatment. In some few cases it was stated that the treatment had been effectual, among them the Countess of Warwick, the Archduchess Frederick of Austria and the Duchess of Aosta, but in the czarina's case, if she underwent the treatment, it was without result.

Defaulting Treasurer in Canada.

PASSAIC, N. J., Aug. 20.—Chief of Police Handry has announced that he has positive information that William Maleoin, the former secretary of the Mutual Loan and Building association of Passaic, whose defaulting caused the association's failure, is now in Canada and will try to head him off before he can sail for Europe. Three warrants for Maleoin's arrest have been issued by Acting Police Judge Van Derploeg. They charge him with fraud, grand larceny and swindling.

Tariff Treaty With China Signed.

WASHINGTON, Aug. 18.—The state department has received a dispatch from T. S. Sharratts, the treasury expert who was commissioned by the state department to negotiate a tariff treaty between the United States and China, stating that the treaty was signed on the 15th inst. and that he would sail for the United States on the first steamer.

Captain's Son Killed in Bravely.

SAN ANTONIO, Tex., Aug. 20.—Thomas Holt, son of Captain William Holt of the United States quartermaster's department, was shot and killed in a saloon in this city, and Harvey Harrell, a mail route agent, was arrested and lodged in jail, charged with the shooting. The two men became involved in a difficulty over a trivial matter.

A LOVELORN SUICIDE.

Engagement Broken, R. R. Remington Kills Himself.

GREAT SHOCK TO HIGH SOCIETY.

Girl in Case a Granddaughter of Mrs. William Astor and Dead Man Well Known in New York and Newport.

NEWPORT, R. I., Aug. 19.—Bitter disappointment over a broken matrimonial engagement is believed to have been the cause of the suicide at the Reading Room of Robert Remington of New York. Mr. Remington came over to the Reading Room from his rooms at the La Forge cottage about 1 o'clock and shortly after 2 sought the seclusion of the committee rooms on the second floor of the clubhouse. About 2:30 two sharp but somewhat muffled reports were heard, but those in the building appear to have ascribed them to automobiles going by, and no attention was paid to them. About an hour afterward Mr. Remington's body was found, he evidently having been dead for some time. A local undertaker was notified, and the body was at once removed to his rooms. The report of the suicide caused a great shock to the summer residents in this city.

His engagement to Miss May Van Allen, daughter of James Van Allen and granddaughter of Mrs. William Astor, had been the topic of discussion for some months. At first it was denied and then affirmed, and it is generally believed that there was a definite engagement of the young people up to within the last three weeks, when it was broken. Since then Mr. Remington has been very gloomy and despondent, although when asked about the engagement he steadily affirmed that he was to be married in the fall. He left the city about a week ago, breaking up his domestic arrangements here and sending away all his effects. Last Thursday, however, he suddenly returned to Newport. He had frequented the Reading Room, which is the leading club of Newport and a general lounging place for the men of the summer colony, but had kept aloof from every one and seemed to desire to be left alone.

Mr. Remington was about thirty-five years of age and a member of the firm of Remington Bros., advertising agents, of New York. Although of no very large means, he nevertheless was quite closely identified with the social colonies of this city and New York.

He had great friends in both places and had been a constant visitor to Newport for the past seven or eight years. He met Miss Van Allen some years ago, but it was only during the past year that their names had been coupled. About two months ago the engagement between the two was announced, but soon after the marriage of Miss Van Allen's sister Sarah to Mr. Robert J. Collier in this city, July 20, it was stated the engagement between Mr. Remington and Miss Van Allen had been broken. It is said that Mr. Van Allen was greatly opposed to the engagement from the beginning.

Mr. Remington had always been known as a man of very quiet tastes. He was an expert automobilist and seemed to enjoy this amusement. He was well liked and had numerous friends.

When the news was broken to Miss May Van Allen, she was greatly affected. A physician was called in, and the entire family was greatly shocked.

Mr. Van Allen made this statement: "I had the engagement broken off because I thought Mr. Remington's mind was unbalanced. Many things which I had seen myself and which had been brought to my attention led me to this conclusion, and it seemed to me an amply sufficient reason for severing the proposed connection. Lately Mr. Remington has written letters to me and members of my family which I only can describe as insulting. In some of the motives and meaning of the writer were utterly incomprehensible, while others were filled with references to my daughter couched in the most extraordinary language.

"Notwithstanding this Mr. Remington frequently visited my house and always was courteously received. Yesterday he wrote to Miss Van Allen apologizing for the tone of some of his previous letters, but his note contained nothing to suggest that he contemplated any such desperate act. I believe he has been mentally unbalanced for some time, though I cannot help saying I think it showed cruel lack of consideration for my daughter that he should have chosen such a place and such a time to end his life in this way."

Santiago Iglesias Again Arrested.

SAN JUAN, Porto Rico, Aug. 20.—Santiago Iglesias, president of the Federation of Workmen of Porto Rico, has been arrested at Aguadilla for issuing a pamphlet criticizing and attacking the insular authorities for their attitude on the recent labor strike. He was released in \$500 bail. Santiago Iglesias was sentenced in December, 1901, to more than three years' imprisonment on the charge of conspiring to raise the price of labor in Porto Rico. The case was appealed, and the supreme court of the island reversed the decision of the lower court and acquitted Iglesias of all the charges against him.

Canada Seizes American Schooner.

HALIFAX, N. S., Aug. 20.—Custom officers have seized the United States fishing schooner Howard Holbrook of Gloucester, Mass., at Canso on a charge of landing a cask of oil at Clarke's Harbor and seven pairs of rubber boots and a box of tobacco at Wrayton's Harbor without declaring to the customs or paying duty.

MET DEATH IN AUTOMOBILE.

Millionaire Charles L. Fair and His Wife Killed in France.

EVREUX, France, Aug. 15.—While Mr. and Mrs. Charles L. Fair were speeding in their forty-five horsepower automobile from Trouville to the machine swerved and crashed into a tree, killing Mr. and Mrs. Fair and shocking their chauffeur so badly that he has become insane.

The accident occurred at half past 2 o'clock in the afternoon and almost in front of the Chateau Buisson du Mai. The Fairs intended to dine and spend the night in Paris and return to Trouville for lunch.

The wife of the gatekeeper of the chateau was the only witness of the disaster. She says she noticed a big red automobile coming along the road at a tremendous pace. Suddenly something happened, and the heavy machine slid sideways from the right to the left side of the road for about sixty yards. It then dashed up an embankment, turned a complete somersault and crashed into a big elm tree in front of the gate of the chateau. The automobile was completely wrecked, the front axle was broken, and other parts of the machine were smashed, including the steering gear. When the automobile turned over, the wife of the gatekeeper says she saw Mr. and Mrs. Fair thrown high in the air and fall with a heavy thud to the ground. The chauffeur, who was sitting behind the Fairs, was precipitated into a ditch.

The accident was evidently due to the bursting of a tire. At the time it occurred the automobile, which was capable of running seventy-four miles an hour, was going at the rate of sixty-two miles an hour.

TROUBLE WITH TURKEY.

State Department Officials Admit Existence of Tension.

WASHINGTON, Aug. 20.—It is admitted at the state department that there is a renewal of tension between the United States and Turkey, but the officials do not deem it prudent to disclose the present condition of affairs. They say, however, that the condition is in no way grave, but is of that strained character which has occurred from time to time with Turkey in recent years. It is gathered that the present tension grows out of the long pending claims of Americans who suffered loss during the Armenian outbreak. To some extent the Stone abduction gave added cause for irritation.

The American minister, Mr. Lelshman, has been given wide latitude to deal with the situation as circumstances may demand. There is the fullest confidence on the part of the authorities here in the course being pursued by our minister, and as he has been given such a free hand in directing affairs it is not thought desirable to prejudice any steps he may be taking by official comments as to what has been or will be done.

JUSTICE SHIRAS TO RESIGN.

Another Vacancy in United States Supreme Court.

PITTSBURG, Aug. 19.—George Shiras, son of Justice Shiras of the supreme court, said: "It is true that my father expects to retire from the bench of the supreme court early in the coming year."

"There is no particular reason behind the retirement except that he believes that there is wisdom in the law passed by congress enabling judges to retire when they have reached the age of seventy years."

Kansas Farmer's Horrible Crime.

SALINA, Kan., Aug. 20.—Joseph Anderson, a farmer, drowned his four children in a cistern near here and then committed suicide by shooting.

PARKS FOR THE PEOPLE.

The Turf Is Not So Much Hurt by the Feet as It Is from Soil Exhaustion.

The question of removing or replacing "Keep off the grass" signs in public parks has become one of lively interest in many cities because of a report that the turf in Central park, New York, is in danger, on account of the crowds not being kept to the roads and paths, remarks the Cleveland Plain Dealer.

Comparison of experiences leads to the conclusion that it is not so much the feet of the people straying over the grass that has caused the mischief as the misjudgment of the park management. The turf is perishing because the soil is becoming exhausted. Other parks have for years been free to the people, who are allowed to wander where they please and settle themselves down on the cool turf in twos and threes, and in larger family groups. Park parties gather and school picnics bivouac under the shade of the trees, while the children romp and scamper in the open spaces with no "Keep off the grass" signs to scare them to the roads made perilous by swift automobiles or thronged with earrriages. In spite of all this the grass in these parks flourishes, the turf seeming to be the better instead of the worse for this usage.

The parks are for the people. The only way the masses of the people can enjoy themselves is by having the freedom of the grass. The experience of other cities, as well as that of Cleveland, is that under reasonable regulations such use of the parks is not injurious to the turf, provided care is taken to keep the soil in condition to supply the grass roots with proper nourishment.

NEGRO SCARED WHITE.

Strange Effect of Terror on the Black Cook of an Eastern Sailing Ship.

Fear of death in the midst of a storm which threatened to send the schooner Fred A. Small to the bottom is said to have changed Herm Blanco, a full-blooded negro, into a white man. The change lasted three days. Then, so the story goes, Blanco's natural color asserted itself once more, and he resumed his place on shipboard as a man of ebony, reports the New York Mail and Express.

"I had heard of a negro turning white from fright," said Capt. Z. R. Thomson, of the Small, "but it was the first time I ever saw such a transformation. Ordinarily Blanco is as black as night, but while the storm lasted he was almost as white as snow."

In a wrecked condition the schooner came into port the other day, and was towed to dry dock. Three weeks ago she left Valparaiso with a cargo of wood, birds and monkeys. Six days later she ran into a severe storm. For four days and nights her crew was kept on deck. On the fifth day topmast and bowsprit went by the board. All this time Blanco, the cook, is said to have grown whiter and whiter.

Centennial Envelopes.

The envelopes ordered by the Centennial committee have arrived and orders for them may be left at this office. The prices are as follows: 1000, \$3.50; 500, \$1.80; 250, \$1.00. This includes printing business card in the corner. tf.

CHEICHER'S ENGLISH PENNYROYAL PILLS

Reduced Rates to Grangers' Picnic at Williams Grove, via Pennsylvania Railroad.

For the Twenty-ninth Annual Inter-State Grange Picnic Exhibition, to be held at Williams Grove, Pa., August 25 to 30, the Pennsylvania Railroad Company will sell excursion tickets from August 25 to 30, inclusive, good to return on date of issue only, at rate of one fare for the round-trip, from principal stations between Altoona and Bryn Mawr; on the Northern Central Railway, between Sunbury and Lutherville, inclusive, and on the Philadelphia and Erie Railroad Division east of and including Renovo.

There will be an elaborate display of farm machinery in actual operation during the exhibition, and addresses will be delivered by well known agricultural speakers.

For information in regard to train service and specific rates application should be made to ticket agents. 2t.

Take care of the stomach and the health will take care of itself. If people only realized the soundness of that statement the majority might live to a good old age like Moses. "The eye undimmed, the natural force unabated." It is in the stomach that the blood is made. It is from the stomach that nourishment is dispensed to nerve and muscle. If the stomach is "weak" it can't do its whole work for each part of the body. If it is diseased the disease will taint the nourishment which is distributed, and so spread disease throughout the body. It was the realization of the importance of the stomach as the very center of health and the common source of disease, which led Dr. Pierce to prepare his "Golden Medical Discovery." "Diseases which originate in the stomach must be cured through the stomach." The soundness of this theory is proved every day by cures of diseased organs, heart, liver, lungs, blood, by the use of the "Discovery" which is solely and singly a medicine for the blood and organs of digestion and nutrition. It is a temperance medicine containing no alcohol, whisky or other intoxicant.

Leases, 3c each, 30c a dozen. Notices to quit, 10c a dozen. For sale at this office. tf.

ALL WHO USE ATOMIZERS in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St., N. Y. New Orleans, Sept. 1, 1900.

MESSRS. ELY BROS.—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lambert, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results. GEO. W. McDUFF, Pharmacist.
