AKER STATE FOR PENNYPACKER

Reterns Slow Coming In, but Indientions Are That the Democrats Have Not Secured Control of the National House and That the Complexion of the Senate Will Not Be Materially Changed.

NEW YORK, Nov. 5 .- In spite of a phenomenally large vote in New York (Dem.) the returns indicate the re-electon of Benjamin B. Odell (Rep.) to the governorship of New York state by from 16,000 to 20,000. Coler's plurality in Greater New York exceeded 115,000, a surplus of 3,000 above the claim made by Charles F. Murphy, leader of Tammany Hall, but even that large vote was not sufficient to overcome the Republican majorities from up the

ler's was also lower than Stancheld's in the same year. In New York ity Coler's plurality was approximatey 117,500, made up as follows: New York county, \$3,000; Kings, 26,500; Pucens, 5,500, and Richmond, 2,800. Dyster Bay, where President Rooseelt's country home is situated and where he voted, was carried by Coler, di plurality being 131. Two years ago dell's plurality was 512.

NEW YORK CITY'S VOTE. Greater New York, which last year lected a fusionist to the mayoralty, sturned to the Democracy and rolled ip one of its old time majoritles for hat party. Locally the candidates oted for were three justices of the sureme court, nineteen members of the ational house of representatives, wenty-one state senators and sixty-two tate assemblymen. In Kings county a heriff and in Queens a district attorer were elected. Coler's plurality for overnor in the city is nearly 90,000.

From the start the returns showed het Edward B. Amend, Vernon M. Javis and Edward E. McCall, the Tamany Democratic candidates, were

Keener and Steckler were stated by both the Republicans and a venter New York Democracy, and In by the Republicans. The Greater Fork Democracy placed John De-Warner in nomination for the of-Geogramst Mr. Hall and the Tammany dates. The vote cast showed a that the change of feeling from last when Mayor Low carried New county by shout 5,000,

mayor last year, gave an estimated plurality for Coler of 4,500. This was about 1,500 more then had been estimuted by the party leaders.

Richmond borough gives Coler 2,231

plurality.

The Republican state ticket in full is as follows: Governor, Benjamin B. Odell; lieutenant governor, Frank W. Higgins; secretary of state, John F. O'Brien; comptroller, Nathan L. Miller: treasurer, John G. Wickser; attorney general, Henry B. Coman; state engineer, Edward A. Bond; Judge of court of appeals, William E. Werner.

Figures from the congressional dis-tricts in New York city and the Long Island counties apparently show a loss of four members of the national house to the Republicans, the heavy Coler vote having carried, according to the first returns, the first nineteen districts in the state for the Democratic candidates. All returns indicate that Judge Gray, Democratic candidate for judge of the court of appeals, ran somewhat ahead of his ticket.

The Democrats made gains in the state legislature, but the gains were not sufficient to endanger the Republicand Kings county for Bird S. Coler | an hold on the sent in the United States senate now held by Thomas C. Platt. Edwin Balley, Jr. (Dem.), won the First senate district (Richmond and Suffolk counties) from E. F. Post. The district was represented in the last senate by a Republican. The Democrats captured three assemblymen in Eric county, one in Onelda and one in Rensselaer.

> THE UNITED STATES SENATE. Twenty-five senators will be elected by the legislatures chosen yesterday, Those legislatures were elected by the following states: Indiana, Delaware (two seats). New Hampshire, North Dakota, Nevada, South Dakota, Illinois, Pennsylvania, California, Connecticut, New York, North Carolina, Wisconsin, Kansus, Michigan, Idaho, Arkansas, South Carolina, Florida, Alabama, Utah, Colorado, Washington and Missouri. Of these the Republicans have surely carried thirteen—namely, Indiana, New Hampshire, North Dakota, South Dakota, Illinois, Pennsylvania, California, Connecticut, New York, Michigan, Kansas, Wisconsin and Washington-and the Democrats seven—namely, North Carolina, Delaware (probably), Arkansas, South Careina, Florida, Alabama and Missouri. This insures 52 Republicans and 34 Democrats in the next senate. The result of the contests owing to the nienger returns received at this hour is still in doubt in Nevada, Idaho, Utah and Colorado, with the chances favoring the election of Democratic legislatures in Colorado, Idaho, and Nevada and a Republican legislature in Utah. If these probabilities should be realized, the semate will stand 53 Republicans and 37 Democrats, a loss of for majority for the Republicans compared with

the present political division. Although the returns from the doubtful congressional districts are slow in arriving, the indications are that the Republicans will control the next house of representatives by a narrow margin. In the present house, with a membership of 357, the Republicans have 41 ment the Fifty-eighth house will consist of 38d members, a majority of which is 194.

Massachusetts Elects Bates.

BOSTON, Nov. 5.-The Republicans after a vigorous campaign carried Massachusetts by a substantial plurality, electing the entire state ticket, winning in a majority of the congressional districts, in seven out of the eight councilor districts and retaining a firm control of both branches of the legislature. The state officers elected were as follows: Governor, John L. Bates of Boston; lieutenant governor, Curtis Guild, Jr., of Boston; secretary of state, William M. Olin of Boston: treasurer, Edward S. Bradford of Springfield; auditor, Henry E. Turner of Malden; attorney general, Herbert Parker of Lancaster. The outpouring at the polls was the largest in the history of the state with the exception of 1900. The Republicans, while winning by a satisfactory margin, had no such plurality as has been the case in each of the past eight years. Bates, the candidate for governor, ran a trifle ahead of Governor Crane's vote of last year, but Gaston, who headed the Democratic ticket, polled over 25,000 more votes than did Quincy in 1901. The Republican plurality is the smallest since

Connecticut Republican by 15,000. NEW HAVEN, Conn., Nov. 5 .- Returns from Connecticut indicate the election of the entire Republican ticket by pluralities ranging about 15,000. The returns from the same towns indicate that Connecticut will return all four district congressmen Republicans and a Republican congressman at large. The general assembly promises to be comfortably Republican, thus insuring the return to the United States senate of O. H. Platt.

The Vote In Ohio. COLUMBUS, O., Nov. 5,-Chairman Dick of the Republican state committee gave out a statement claiming a plurality of more than 100,000 on the state ticket and seventeen or eighteen of the twenty-one Ohio congressmen. In this statement he claimed the election of congressmen in the Third, Twelfth and Thirteenth districts, none of which are at present conceded by Chairman Garber of the Democratic state committee.

Michigan Elects Bliss. DETROIT, Mich., Nov. 5.-The Re-

Governor A. T. Bliss and their one. state ticket, eleven of the twelve congressmen and an overwhelming majority of the members of the legislature. The vote was light throughout the state, and the Republican majority is estimated at between 35,000 and 40,000, This assures the election of General R. A. Alger to fill the unexpired term of the late United States Senator James McMillan.

mated plurality of 175,000, and the Republican ticket was generally successful in the various countles. The Democrats elected two and possibly three, of the thirty-two congressmen. Contrary to expectations, the balloting was unattended by any serious disturbances. and the election was conducted more quietly than has been the case for a number of years. There were a few arrests for illegal voting. Returns now indicate the election of Pennypacker for governor by a large majority.

Republican State Chairman Quay arrived here from his Beaver county home shortly before 6 o'clock. He remained at his rooms at the Hotel Walton all night, where he received state returns over a private wire. One of the first telegrams to Senator Quay was from Pittsburg, claiming that Pennypacker carried allegheny county by 35,000 plurality and that the Citizens' Democratic local ticket had 40,000 majority in Pittshurg.

The Vote In New Jersey.

TRENTON, N. J., Nov. 5.-New Jersel voted for ten congressmen, eight state senators and a full house of assembly of sixty members. County and municipal candidates were also elected. In the south Jersey congressional districts, although the Republicans were successful, the Democrats cut down the Republican majority, and in one or two districts the Republican candidates for congress barely escaped defeat.

Light Vote In Delaware.

WILMINGTON, Del., Nov. 5,-Indications are that the vote in this state was lighter than two years ago. The contest for the legislature is apparently close, and the result will probably not be known until the full vote is counted. The election of Henry A. Houston (Dem.) for congress is indicated.

Democratic Gains In New Hampshire CONCORD, N. H., Nov. 5 .- For governor 150 towns and wards in New Hampshire give Batchelder (Rep.) 21,-296, Hollis (Dem.) 16,888; scattering, 953. The same towns and wards in 1900 gave Jordan (Rep.) 27,607, Potter (Dem.) 17,287, a net Republican loss of 6,002.

## A BIG CASH BALANCE

Excellent Condition of Government Finances Shown.

AVAILABLE SURPLUS OF \$206,421,879

This, In Addition to Unusually Large Gold Reserve, In the Striking Feature of Treasurer Roberts' Report.

WASHINGTON, Nov. 4.-Ellis H. Roberts, treasurer of the United States, in opening his annual report says that the magnitude of the available cash balance and the unprecedented holdings of gross gold are the striking features of the condition of the treasury at the close of the fiscal year 1902. The net ordinary revenues for the year were \$562,478,283 and the expenditures \$471.190,857, showing a surplus of \$91,287,376.

In comparison with the previous year there was a decrease of \$25,207,-104 in the revenues, offset by a failing off of \$38,776,495 in the expenditures While there was an increase of \$15, 850,252 in the receipts from customs. the internal revenues, under the operation of new laws repealing the war taxes, fell off \$35,300,541. There was a decrease of \$32,343,481 in expenditures on account of the war department and an increase of \$7,296,149 in the cost of the navy. The total receipts of the year from all sources, including the public debt, were \$1,062,-124,037 and the disbursements \$500, 627,641. United States notes and treasury notes were redeemed in gold to the amount of \$17,482,500 of the former and \$1,274,590 of the latter, with out any impairment of the gold reserve

The available cash balance in the treasury July 1, 1902, was the largest net balance in our history. It amounted to \$862,187.361. The gold reserve is counted in, as it is available for the redemption of legal tender notes.

Nearly one-half of the available cash balance of July 1 was in gold coin and certificates, \$103,801,290 over and above the gold reserve of \$150,000,000, and by Oct. 1 it became \$136,124,771. As a measure of the financial strength of the government the report says the fact deserves mention.

By Oct. 1, 1902, the available cash balance, exclusive of the reserve, was \$221,253,394, and owing to the large measures for the relief of the money market it was reduced by Nov. I to \$200,421,879. Of this sum \$140,885,012 was in national banks. Ronds of the face value of \$56,071,200 were purchased during the fiscal year for the sloking fund at a total cost of \$70,410, 230 for principal, premium and accrued Interest.

While the accounts of the public debt on their face show an increase of \$15,-283.512 in the total of the debt, if alownice be made for the increase of \$57.024.400 in gold certificates the national obligations will be shown to have been diminished by \$42,340,888 during the fiscal year.

#### THANKSGIVING DAY.

For Annual Feast.

WASHINGTON, Oct. 38,-President Roosevelt has issued a proclamation designating Thursday. Nov. 27, as a f thanksgiving. The proclamation

According to the yearly custom of our people, it falls upon the president at this season to appoint a day of festival and thanksquiving to God.

Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any other nation. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar bardens, each to face its special crises, and each has known years of grim trial, when the country was memaced by malice, domestic or foreign levy, when the hand of the Lord was heavy upon it in drought or flood or pestilence, when in bodily distress and anguish of soul it paid penalty of folly and a froward heart.

Nevertheless decade by decade we have struggled onward and upward. We now abundantly enjoy material well being, and under the favor of the Most High we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of Good, and we seek to praise him not by words only, but by deeds, by the way in which we do our duty to ourselves and to our fellow men.

Now, therefore, I, Theodore Roosevelt, prasident of the United States, do beraby

fellow men.

Now, therefore, I, Theodore Roosevelt, president of the United States, do hereby designate as a day of general thanksgiving Thursday, the 27th of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations and in their several homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year. In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.
