His Clever Escape.

An engaged young gentleman got rather neatly out of a little scrape with his intended. She said she had heard that he had kissed two ladies at some party at which she was not present.

He owned it, but said, laughingly, that, after all, their united ages made only 21. The simple-minded girl thought of

ten and 11, and laughed off her pout. He did not explain that one was 19 and the other two years of age --Tit-Bits.
