

STORM WIDESPREAD

Suffering and Destruction Reported in Many States.

HEAVY SNOWFALL IN NEW YORK.

Chicago, Boston and Many Other Cities Stormbound—Railway Schedules Abandoned and Telegraph Lines Paralyzed.

NEW YORK, Feb. 18.—Following the worst snowstorm New York has experienced in many years, crippling street and "L" railway lines, blocking traffic...

Seven thousand men were put to work clearing the main thoroughfares of the city, but the fall of snow was so heavy and the drifts packed so solidly...

The snowfall in New York was 9.9 inches in less than eighteen hours, which was the heaviest since this day three years ago, when it was the same.

On the Pennsylvania trains were reported from one to five hours late; the same conditions prevailing on the Erie, Central of New Jersey and Baltimore and Ohio.

In Jersey City the trolley companies are all seriously crippled, while the telegraph and telephone wires in all parts of the city are all but destroyed.

Trains on the New York Central and the New York, New Haven and Hartford railroads were all reported late at the Grand Central station.

Blockade after blockade resulted in the rush hours on all of the street railway lines and hundreds of thousands of persons walked to their work in preference to taking chances in the prevailing conditions.

In Louisville, though the snow is only 4.1 inches deep, the snow has drifted so badly that several of the trolley lines have been abandoned, snowplows proving powerless.

In Memphis, Tenn., the snow and sleet storm is one of the worst in years and interfered to some extent with the operation of trolley cars and the telegraph and telephone wires.

At Fort Worth and Dallas, Tex., the snowfall was the heaviest in years, and a general blizzard prevailed throughout the southwest.

ADDICKS TO BOLTERS

Delaware Senatorial Candidate Issues a Statement.

HIS OPPONENTS HAVE TWO MOVES.

No Man Who Refused to Vote For Addicks Will Ever Be Allowed to Hold Office in the State.

WILMINGTON, Del., Feb. 17.—The following statement on the senatorial situation has been issued by J. Edward Addicks, the union Republican candidate for United States senator:

"On the Republican side there are but two things the bolters can do. First, the ten men now voting against J. Edward Addicks can come into a common caucus of thirty-one Repub-

licans. In this case Mr. Addicks will withdraw, and his twenty-one friends will nominate two union Republican senators as near to Mr. Addicks as possible, and the whole thirty-one will elect them. Of course if the bolters can find any way whereby ten men can beat twenty-one they can nominate one of the senators.

Second, each side can elect one senator without dictation from the other side. In this case Mr. Addicks will be the choice of the union Republicans. No dictation will be permitted by the union Republicans.

"On the Democratic side the Democrats can join the bolters and elect anybody the coalition pleases. This cannot be prevented by the union Republicans, and they would not lift a hand to prevent it.

"As to the future position of the union Republicans, in no event will any more notice be taken of the bolters in Newcastle county. No more common primaries will be tolerated which would be binding on honorable union Republicans and not binding on bolters. No man who refused to vote for J. Edward Addicks in the legislature will ever be allowed to hold any office in Delaware nor will any bolter sympathizer be permitted to come to the front. Union Republicans will nominate a straight ticket in Wilmington and throughout the state in the long future. As to the appointments, Congressman Ball cannot get a federal appointment. After March 4 the appointments, according to custom, ought to go to the chairman of the union Republican state committee and the national committee, J. Edward Addicks. We will see where the power will lie."

SEVENTEEN DROWN.

Passenger Steamer Sent to the Bottom by Cyclone.

SIX HALF-FROZEN SURVIVORS RESCUED.

Distressing Disaster Occurred on the Chowan River in North Carolina. Vessel Had Almost Reached Its Destination.

NORFOLK, Va., Feb. 18.—A cyclone struck the passenger steamer Olive, which plies between Franklin, Va., and Edenton, N. C., during the night and sent her to the bottom of the Chowan river off Woodleys pier, between Mount Pleasant and Oliver's wharf.

Seventeen people are known to have been drowned, and others who were rescued are in a serious condition.

The whirlwind when it struck the Olive caused her to go over on her beam ends, and when she righted it was only to sink on account of the water she had taken. A majority of the passengers and crew were below at the time and had no opportunity to reach the pilot house of the vessel. This point was the only portion left above water, and in it standing waist deep from the time of the accident until 4 o'clock in the morning Captain George H. Withy and five others were saved.

At 6 in the morning the river steamer Pettit hove in sight and rescued the almost frozen survivors.

The Olive was a small single screw steamer owned by J. A. Prothow of Franklin, Va., and has been plying between North Carolina and Virginia for several years. She left Franklin last evening for Edenton and had almost reached her destination when the cyclone struck her.

So pitiful was his condition that he was not locked up, but left in charge of a deputy to await the arrival of officers from Minneapolis.

Dr. Ames has been here for several weeks, although his presence was not known outside of the home of Rev. C. H. Chapin, who received and sheltered him. Mrs. Chapin is a sister of the woman who accompanied Dr. Ames and who is supposed to be his wife. The knowledge of his relationship probably led to his detection.
