

RESCUED FROM FLOOD.

ALBANY, N. Y., March 25.—Driven to the upper story of their humble dwelling on Montgomery's island, in the Hudson, by the flood, Mrs. F. J. Harney, her eight children and the body of her dead husband were rescued late yesterday. The rescue was made by Captain Ulster Davis and his crew with a tugboat.

REBELS HOLD SANTO DOMINGO.

Heavy Fighting Reported, in Which Government General Fell.—SANTO DOMINGO, March 24.—The revolutionists are in full possession of the city of Santo Domingo. They have taken charge of the cable office and of the government land lines. Foreign Minister Sanchez has sought refuge in the United States consulate. The fighting continues.

Preaching Orders Turned Down.

PARIS, March 25.—The chamber of deputies, by a vote of 304 to 246, rejected all the applications for authorization made by the religious preaching orders. The entire session was devoted to a discussion of the government's bill which opposes the application of the preaching orders for authorization.

Better Mail Service to Port Barrow.

WASHINGTON, March 25.—The postoffice department has in contemplation the establishment of a better postal service for Point Barrow, the northernmost postoffice in the world, and the Alaska coast toward that point.

Mother's Terrible Crime.

STURBRIDGE, Mass., March 24.—A frenzied mother in the little hamlet of Fiskdale, after cutting off every means of escape by fastening windows and doors, crushed in the hands of her four little children, threw their bodies into a closet, scattered oil over them and herself and after setting all on fire closed her awful work and her own life by cutting her throat.

To Cure Typhoid Fever.

With the object of discovering a cure for typhoid fever a remarkable experiment is being conducted at Ann Arbor University, Michigan. Six big tanks have been constructed, with a layer of gelatine, and of these 144 square feet of the fever germs are grown at a time. These living germs are scraped off, killed and bottled up. Two ounces of them would kill 70,000 guinea pigs. The object is, if possible to extract the poison from the germ bodies, feed animals with it and try to discover an antidote.

Spurious Dollars Alloat.

Local merchants and others should be on the lookout for counterfeit silver dollars which are said to be so well made that many have accepted them as genuine. The "dollar" is lighter in weight than the genuine and the milling is bad.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

CANAL BILL PASSED

New York Senate For Hundred Million Plan.

FOURTEEN REPUBLICANS OPPOSE IT

Democrats Instructed by Leader Murphy to Vote For Measure, Malby and Grady Have a Lively Tilt.

ALBANY, N. Y., March 25.—After an entire day's debate upon the subject the senate at 6:20 o'clock last night, by a vote of 32 yeas to 14 nays, passed the Davis-Bostwick thousand ton barge canal bill. All the negative votes were cast by Republicans, the Democrats lacking of a unanimous vote only that of Senator Frawley, paired with Senator Ambler, who was called home by illness.

There were fears early in the day that the bill would be defeated, but late in the afternoon Senator Grady received a special delivery letter from Leader C. F. Murphy of Tammany desiring the Democrats to vote for the bill. They did so solidly and saved the day for canal improvement.

A striking feature of the debate was the earnest contention of Minority Leader Grady that both parties were pledged to support the measure, while Senator Raines, Republican leader, squarely repudiated this claim, declaring that the Republican platform committed the party to canal improvement, but not to the \$101,000,000 scheme nor to any scheme calling for direct taxation.

Senator Green, on the other hand, believed the party was pledged to support the measure and declared that his district (Broome) favored it.

Senators Malby and Grady had a lively tilt as to the relative importance of St. Lawrence county and the big cities, the former claiming that St. Lawrence county paid a larger proportionate share of taxes than New York city.

Mr. Grady characterizing St. Lawrence county as a wilderness peopled by game and fish and trees. He called Senator Malby's district a "dependent" district and declared that it would not even allow New York to better itself at its own expense.

Senator Malby introduced an amendment striking out the direct tax provision, but subsequently withdrew it.

Senator Lewis returned to the attack with an amendment changing the proposed route through Monroe county and calling for another million of dollars for the purpose. This was lost—yeas, 12; nays, 31.

Later he proposed a year's delay in submitting the question. This, too, was defeated—31 to 14—after which Senator Grady began his extended speech in favor of the bill and spoke for an hour.

A National Tea Association.

NEW YORK, March 25.—One hundred and sixty importers, wholesalers and retailers, of tea throughout the country have united to form the National Tea Association of the United States. The objects of the association are declared to be the support of the law of 1897 forbidding the importation of impure, spurious or worthless teas and the promotion of the consumption of tea in the United States by disseminating information in regard to its quality and the proper methods of its preparation.

Secretary Moody's Cuban Mission.

GUANTANAMO, Cuba, March 25.—The United States dispatch boat Dolphin has arrived here and anchored in the lower bay. Secretary Moody, Senator Proctor and Congressman Cannon, Foss and Gillett have commenced an inspection of the site for the United States coaling station. They have visited the locations for the proposed fortifications, surveyed the coast line and are now continuing the survey, investigating the water supply and conferring with the owners of the land it is proposed to acquire.

Whipping Post in Ohio.

COLUMBUS, O., March 25.—The whipping post was resorted to at the smallpox hospital here to maintain discipline. Hugh Murphy, a negro, suffering from a mild case of smallpox, attacked and badly wounded T. V. Flowers, another patient, with a fork. Dr. Reibel, superintendent of the hospital, decreed that Murphy should receive twenty-five lashes on his bare back, and the punishment was inflicted by the superintendent himself after the offender had been tied to a post by the attendants.

Surigao Relieved.

MANILA, March 25.—The town of Surigao, in the northeastern part of the island of Mindanao, which was captured Sunday by Indones, has been relieved. The American officials and foreigners were found to be safe. Eighty Indones, led by ten escaped convicts, participated in the attack on Surigao. They had twenty rifles and forty bolos and succeeded in surprising and rushing the constabulary barracks and stampeding the constabulary. Inspector Clark was killed at the first rush.

Nicaragua Rebellion Slight Affair.

NEW YORK, March 25.—In reply to a direct cable inquiry to President Zelaya, at Managua, Nicaragua, asking for the facts regarding the reported revolution in Nicaragua, the following dispatch has just been received: "On March 19 a small uprising occurred in a part of the department of Chontales, east of Nicaragua. The government has surrounded the insurgents and will soon destroy them. The remainder of the country is completely tranquil."

WASHINGTON.

From our Regular Correspondent.

Washington, March 23, 1903.

The special session of the Senate of the Fifty eighth Congress has adjourned after having ratified the Panama canal and the Cuban treaties the former without amendment and the latter so amended as to prevent its provisions going into operation until after a resolution shall have passed both houses of Congress approving the agreement. During the closing hours of the session Senator Hanna was going about rubbing his hands and asking if anyone believed that the President had accomplished anything by "keeping the Senate in after school". Mr. Hanna was overjoyed because the President's purpose of putting the provisions of the Cuban treaty into immediate effect had been defeated.

Senator Morgan maintained his attitude of hostility to the Colombian Canal treaty, as framed, to the last and closed the debate for the opposition with a remarkable strong and lucid speech outlining the weakness of the convention. Senator Morgan has made a remarkable and a sincere fight against the treaty. Appreciating that his position was unpopular he disregarded all consideration of personal glory and overlooked all criticism, fighting almost single handed a great battle for what he believed to be the right. On the final vote but four democratic senators voted with him against the treaty although four others were paired against it. Those voting nay were Morgan, Pettus, Daniel, Martin and Teller and those paired against the agreement were Senators Culberson, Dubois, McLaurin and Money.

The desire to get through and leave Washington dominated all else on the last days of the session and many democrats who had prepared speeches against the Cuban treaty refrained from delivering them, appreciating that the same contest would occur again next session. They saved their power until the treaty should be practically on its final passage. Senators Foster, McEnery and Teller and Newlands spoke briefly against the convention and then permitted it to come to a vote.

The very limited influence which the President exerts in the Senate was again demonstrated at the special session when two nominations in which he was specially interested failed of confirmation. Mr. Roosevelt used every influence at his command to secure the confirmation of Dr. Crum, the negro whom he nominated during the regular session for Collector of the Port of Charleston, S. C. and of William Michael Byrne, the Addicks candidate who resigned his position as United States Attorney to defeat the reelection of Representative—now Senator—Ball of Delaware. Byrne succeeded in defeating Ball and electing a democrat to the House from Ball's district but having failed of elec-

tion himself he promptly asked to be reinstated as United States Attorney. During the regular session Mr. Roosevelt nominated him and his nomination was unfavorably reported by the Judiciary committee of which Senator Hoar is chairman. As soon as the Senate met in special session the President sent in these two nominations again. The Judiciary committee again reported Byrne's nomination adversely and the Commerce committee refused to again consider Crum's nomination. Mr. Roosevelt wanted to force a vote of the entire Senate and having failed it is said that he will appoint both men as recess appointments.

"There will be no tariff revision at the next session of Congress" said a prominent republican leader of the Senate, when asked by your correspondent. The country has prosperity. What more does it want? All this talk of Commission and a revision of the Dingles tariff schedules is nonsense and the Senate will not permit it even if the House should go crazy on the subject." This expresses the view of most of the republican leaders although all are not so frank in stating them. Whatever talk there may be about revision of the tariff by its friends is pure gammon, spoken only for political effect in those sections of the country where there appears to be some demand for tariff reform. Governor Cummins still talks tariff revision as do some of the Minnesota, North Dakota and other western senators and representatives but to their intimates the men in Congress admit

For Piles. Sample mailed free. One application gives relief.

The continued use of Humphreys' Witch Hazel Oil permanently cures Piles or Hemorrhoids—External or Internal, Blind or Bleeding, Itching or Burning, Fissures and Fistulas. Relief immediate—cure certain. Three Sizes, 25c., 50c. and \$1.00. Sold by Druggists, or sent prepaid on receipt of price. Humphreys' Medicine Co., Cor. William and John Sts., New York.

NERVOUS DEBILITY, Vital Weakness and Prostration from overwork and other causes. Humphreys' Homeopathic Specific No. 23, in use over 40 years, the only successful remedy. \$1 per vial, or special package for serious cases, \$3. Sold by Druggists, or sent prepaid on receipt of price. Humphreys' Med. Co., William & John Sts., N. Y.

that all hope of such revision is futile.

The President has completed the itinerary for a western trip of sixty-six days duration and to cover a total of 13,833 miles. Leaving Washington on the first of April the party will go direct to Chicago and making brief stops there, at Milwaukee, Saint Paul, Minneapolis, and some smaller cities, will reach Livingston, Montana, on April 8. The President accompanied by Secretary Root and the noted naturalist and writer Mr. John Burroughs will spend two weeks resting in the Yellowstone National park and will then return via Omaha to Saint Louis where he will participate in the dedicatory ceremonies of the Saint Louis Fair on the thirtieth of April. From Saint Louis the party will go to California via Denver and after traversing the Pacific coast from Los Angeles to the Puget Sound cities will return via Denver, making numerous stops en route and reach Washington on June 6th. After a brief stay in Washington he will, according to his present plans, take up his residence at Oyster Bay for the rest of the summer.

Colonel John L. Bittenger has been asked to resign his position as Consul General at Montreal and Major Edwards of Fargo, North Dakota has been assigned to the position. Colonel Bittenger's downfall was not due, as has been reported, to a newspaper interview in which he severely criticized the cuisine of a famous Montreal hotel but to his tactless and reiterated advocacy of the annexation of Canada to the United States. So emphatic and ardent has been the Colonel on this subject that the British Ambassador to the United States finally requested that Colonel Bittenger be instructed to modify his expressions on the subject while he remained in Montreal. Colonel Edwards, who succeeds to the place, has long been the proprietor of one of the largest of the North Dakota newspapers.

Excursion Rates.

Taking effect January 1st, 1903 the Lackawanna Railroad Co. will sell excursion tickets to nearly all stations on their line. This will be another improvement that will be appreciated by the traveling public, the tickets will be good for thirty days including date of sale, stopover will not be allowed. \$1.44
