THE STATE AT A GLANCE.

Ephriam Lewis, of Towanda, Saturday morning went to lead a young bull from its stall and the animal buried a horn into the young man's left side, reaching the heart. Lewis was taken to a Sayre hospital. He has no chance to recover.

Cyrus Schmale, a farmer, returned home after a week's work at Oak Grove to find the house locked. On breaking in the door he discovered his wife dead in bed. She had not been seen by neighbors since Thursday, they thinking she was away from home.

Frank Britton, a 16 year-old boy of Muncey, is in the Williamsport hospital with a bullet wound in the hip. On Sunday he went to take a 22-caliber pistol from his pocket and in doing so discharged it.

Deputy Factory Inspector E. W. Bishop on Tuesday caused the arrest of A. E. Burdick, manager of the Harvey Silk Mill, at Olyphant, on the charge of employing twenty-two young girls without the certificates required by law. Burdick pleaded guilty and was fined \$50 and costs.

White shooting at chickens scratching up corn Monday afternoon, W. H. Bushnell, superintendent of the Erie Company's farm at Dunmore, sent a Winchester rifle ball clear through the body of four-year old Andrew Bover, son of an Erie Company miner, living near the farm. The child died in two hours. Bushnell gave himself up.

The constables of Northumberland county were surprised on Monday when Sheriff Samuel Dietrich ordered the commissioners to withhold all subpoena money the constables claim belongs to them. He declared he was entitled to it according to the Sheriffs' Fee bill. The sheriff claims that if he has the power he will put a stop to constables going out and hunting for cases, as there will be no compensation, and that this will tend to send nothing but purely criminal cases to court.

Prof. T. M. West, teacher of Latin at Dickinson Seminary, was brutally assaulted late Monday night as he was returning to the seminary building from downtown. As West passed a dark corner at the foot of the campus three men pounced upon him and felled him with a blow in the back. Then, while one sat on his legs and the other on the head, the third beat him unmercifully. They left him in an unconscious condition. It is thought that his assailants mistook Prof. West for some one else.

Under a new law justices of the peace are required to give the date of the expiration of their commissions in attesting papers. Notaries public have been required to do this for a year or more.

LEVAN IN JAIL.

Charged With Murder of James McAndrews.—Officials Believe This Arrest Will Bring Results.

Lodged in Jail Monday.

In the detention in the Columbia County prison of a man whose name is Amanda Levian, District Attorney Duy feels almost certain that they have the actual slayer of James McAndrews, who was found lying along the road between Centralia and Aristed, on the morning of March 30th. Levian has been a suspect from the very first, and has been under strict espionage. Suspicion at that time was in every way sufficient to warrant his arrest, but recent developments adds to the strength of the main links in the chain of evidence against him.

The arrest of Levian is the result of some very clever detective work on the part of — McKelvy, one of Captain Linden's men, of Philadelphia. The day after being informed of McAndrews' death at the Fountain Springs Hospital, by Dr. Biddle, District Attorney Duy went to Philadelphia where he secured the above named secret service man.

He came to Aristed, in the guise of a speculator. He spent money lavishly, and by gradual steps worked his way in Levian's friendship. Elmer Minear, was another person whose company the detective sought. The fondness for each other grew until McKelvy proposed a pleasure trip to Bloomsburg. The two agreed, and they left Aristed Sunday afternoon, spending the night in Sunbury and arriving in town Monday morning. Once here it took but a short time to spring the trap, and in less than an hour the two were safe in the keeping of Sheriff Knorr. Minier is charged with highway robbery. Against him will appear Hoyt Yoder, to whom he has already made a confession, and in which he said he was influenced and abetted by Levian.

Levian and Miuear are evidently members of a gang which it is believed committed the many crimes in and about Centralia of late. They are both men of bad records, and if the charge against them can be sustained as the District Attorney claims it will be, it will serve to show that they are not only murderers upon occasion but bunt criminals by profession.

They will be given a hearing before Squire Jacoby Monday afternoon.

Williamsport Defeats Normal.

Patrons of the national game got their money's worth at Normal field yesterday afternoon. The game abounded in clever plays and good stick work, two features which kept the large crowd cheering almost throughout the entire contest.

The game for seven innings was close and it looked as though Normal would get away with the "Bill Town" professionals. The school boys were backing White up in faultless fashion and that youngster was dishing up a choice variety of twisters and arousing the crowd to the highest pitch of enthusiasm. But things took a turn, sad to relate, and with awful precipitancy too. The visitors opened up in the seventh. Several well placed hits coupled with a little wildness on White's part and some ragged work in the field, netted them eight runs. Aldinger took White out of the box in the last inning and put in McCabe, but it was too late.

Taking it all the way through it was good game to look at, and Normal will lose no prestige by the defeat.

The same teams play again today.

Score by innings:

Williamsport 1-0-0-0-0-3-2-3 - 9

Normal 4-0-0-0-0-0-1-0 - 5

Two base hits—Williams Marcy, White, Schultz, Maitland, Donovan, Lush. Struck out—by White 1, by McCabe 1, by Maley 3. Base on balls—off White 6. Hit by pitcher—Brader and Lee. Umpire—Sherwood. Time—1.40.

A company has recently bought the logs which composed the cabin in which Lincoln was born, and also those of a cabin in which Jeff Davis spent part of his boyhood, and it was intended to rebuild the cabin at the St. Louis Exposition. By an accident recently these logs got mixed up and cannot be sorted. Now the company is to build a single building of all the logs. What a historical significance there is in this peculiar incident.

An act has been passed and approved, amending the act requiring the burial of deceased veterans at the expense of the county, by increasing the allowance for that purpose to an amount not exceeding \$50, instead of \$35 as heretofore.

That

Tired Feeling

Is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

MEMORIAL DAY.

Orders Issued For Its Observance By the Commander-in-Chief of Grand Army.

General orders, No. 7. Headquarters Grand Army of the Republic, Independence Hall, Philadelphia.

1. The passing days bring us again to Memorial Day, when we garland the resting places of our heroic dead with the flowers of budding spring time and droop above them the flag for whose purity and glory they offered their lives. In days gone by were our comrades in that mighty host, whose daring, doing and dying continued the republic and made possible our present glory and greatness as a nation. In the retrospect of Memorial Day we refresh and renew the memories of the past and intensify the comradeship of the present.

"The good deeds left behind them form a chain to bind them. To those who linger here".

Let us then, comrades, gather at their graves as at an altar and whilst there voice a prayer of thankfulness that our lives have been spared to enjoy the fruitage of their toil and sacrifice.

Let us not forget those who rest beneath the daisy-spangled sod in graves marked "unknown" and who made the sacrifice of giving not only their lives but their name for their country. Strew flowers on the waters in tribute to those of our comrades who sleep peacefully in the gardens of the sea. Let us tell the rising generation of their glorious deeds, and by word and act do our part to continue to the memory of the patriotic dead the reverence of the ever increasing millions living in security and peace in the land saved by the matchless devotion of the Union soldier and sailor. Let our tribute of love, affection and comradeship be characterized by a sincerity and faithfulness that shall render the tribute sacred, and keep Memorial Day devoted to the lofty purpose for which it was designed.

By command of
 THOMAS J. STEWART
 Commander-in-Chief.

JOHN W. SCHALL,
 Adjutant General,

The premium list is to be thoroughly revised. There are many articles in the domestic manufactures out of style and there are many new products in the ladies needlework department. James C. Brown, E. D. Hagenbuch and Henry Deigmiller were appointed delegates to State College in June.

It was voted to contribute the sum of \$35.00 toward the expense of draining the low lands between Seventh and Eighth Streets, which will drain the south west corner of the fair grounds.

Considerable other business was discussed. Every member of the board, eleven in number, was present.

A Definite

Proposition.

We aim to be definite in our advertising; try to have something to say and say it in such a manner that you can understand it.

Advertising space is too expensive to waste in generalities. Those who have goods to buy want to know where they can buy them to the best advantage. We have goods to sell, just the things you want to buy. By making definite statements concerning these goods, the style, the qualities, the prices, we arrest your attention. If investigations follow, then it's up to us to satisfy an old customer or make a new one.
