BLOOMSBURG, PA.

THURSDAY, JULY 30, 1903.

THE WHEELMEN SURPRISE!

The Friendlies turned the tables on the Wheelmen Tuesday evening. The latter imported White from Berwick for the occasion but the fire laddies didn't appear to have any difficulty in finding him. In the second inning they bumped him for four clean hits in succession which netted three runs. The defeat, however cannot be attributed to White. He should have won but with the ragged support he received victory was out of the question. Sharpless for the Wheelmen played a beautiful game both at the bat and in the field. In one inning he retired the whole side on assists. Coffman too, was on his toes all the time and his throws to first went over on a line. The crowd was the largest since the normal games, and the sport was thoroughly enjoyed. Now the series is a tie each having won a game, and the Wheelmen have posted \$50 that they can win the "rubber". Following is Tuesday's score:

Friendships.....4 0 0 3 0 1-8
Wheelmen.....0 3 3 0 1 00-6
Batteries—Friendship, Savitts and Edgar; Wheelmen, White and Rinker. Hits, Friendship 8, Wheelmen 12. Errors Friendship 7, Wheelmen 8. Umpire Ed Splain.

Mention of Farmers.

The eleventh annual picnic of the Farmers of Columbia and adjoining counties will be held at Grassmere Park Thursday, August 6th, 1903. Hon. Mortimer Whitehead of New Jersey, and James G. McSparran have been engaged and will be on hand to deliver addresses. There is no better place to go for a day's outing. Grassmere Park cannot be surpassed as a picnic ground. It contains about forty acres, surrounded by the famous Fishing Creek, and while there is an abundance of shade, there is also plenty of chance to enjoy the sunshine. A ball ground of about five acres has been laid out joining the grove on the south. There are two never-failing springs of pure cold water situated one on either side of the Park.

Seats and other conveniences have been provided. A merry-go-round will be located on the ground. Two games of base ball, at 10 a. m. and 2 p. m. between the Berwick Rangers and Friendship Fire Company of Bloomsburg. Two good bands have been secured to furnish music for the occasion.

The Bloomsburg and Sullivan railroad will run a special train leaving as follows:

Table with 2 columns: Location and Time. Locations include D. L. & W. depot, Light street, Orangeville, Forta, Zaners, Stillwater, Benton, Edinow, Coles Creek, and Active Grassmere Park.

Passengers from Jamison City take regular trains. Passengers on P. & R. 7:33 a. m. train and on D. L. & W. 8:44 a. m. train will take regular B. & S. train leaving Bloomsburg at 8:50 a. m.

First section special train south will leave Grassmere Park promptly at 4:50 p. m. and run to Bloomsburg without stop to connect with D. L. & W. train north at 6:05 p. m. and with P. & R. train south at 6:30 p. m. Second section will leave Grassmere Park promptly at 5:15 p. m. and make all stops.

Health in Walking.

When all is said and done there is nothing better for most people, old or young, fat or lean, rich or poor, than walking. It can always be made interesting by the simple device of using a watch to time, even if pretty and pleasant walks cannot be found. It is good for all the digestive organs, good for the complexion, good for the temper. It costs nothing and makes nobody ridiculous. It can be graduated to suit all strengths, from that of the delicate woman of fifty-five, who finds a leisurely mile of an afternoon enough for her, to the robust but over-busy man of eight and thirty, who gets up an hour earlier in the morning to put in a fast five miles on the high road, change and rub down, and go to business feeling ten years younger. And best of all it is in the open air.

Social at Stillwater.

The Zion Missionary Society will hold an ice cream Social at the home of Mr. James Geisinger at Stillwater, on Saturday evening Aug. 8th. Proceeds for the Girls School in Sendai, Japan. Excellent music will be furnished by the families of Messrs. Harvey, Miles and Pierce Ash.

The Orchestra consists of ten pieces with organ accompaniment. A pleasant time is anticipated, and all are cordially invited.

COMMITTEE.

MOUREY-HOFFMAN NUPTIALS.

A Very Pretty Church Wedding Solemnized Tuesday Evening.

The Reformed Church, corner of Iron and Third Street, was the scene of a happy event Tuesday evening at six o'clock, when Miss Ella, daughter of Ex-sheriff John Mourey, of Kulp, became the wife of Fred Hoffman of Berwick. The ceremony was performed by the pastor Rev. J. D. Thomas. Miss Mourey made a fair bride. She was gowned with blue voile, trimmed with cream colored lace, and looked her best. The rare taste in dress which she has always had was manifest in her wedding gown. The groom is a popular and trusted employee of the Berwick Store Company, and they will make their home in that town. The bride's many friends in Bloomsburg extend felicitations.

SAW THE SEAL.

A week ago Sunday evening the seal that escaped at Binghamton and came down the Susquehanna River was seen at Towanda. He was going up stream, and was seen the next day at Athens sixteen miles further up. At Towanda seven boats were out trying to catch him. He would come to the surface and flop around until a boat approached him, when he would dive, and come up again fifty or more feet away. Some shots were fired at him but did not take effect. There is a reward of three hundred dollars for his capture. The river bank was lined with people and among those who saw the seal were Miss Marie Funk and Miss Mable Neal of Bloomsburg, who were visiting Mr. and Mrs. E. W. Elwell at the time.

A Court House Wedding.

Justice of the peace Jacoby officiated at a wedding in the Prothonotary's office in the Court House Monday morning. The parties to the nuptial contract were Howard B. Sutliff and Miss Maud Lillian Ennis, both of Wilkes-Barre. The bride was not of age and as her parents reside at Berwick they were obliged to come that far to obtain her father's consent after which they came to Bloomsburg for the legal permit. The bride was quite prepossessing in appearance, stylishly gowned, and the groom was neatly dressed in a becoming suit of black. They made a very nice looking couple. Those who witnessed the ceremony were the bride's parents, Mr. and Mrs. Ennis, Prothonotary Terwilliger, Freeze Quick and H. Mont Smith.

Assault and Battery.

John Hummel of Espy was the defendant in an assault and battery case, before Squire Jacoby yesterday morning. The charge was preferred by J. E. Sweigart, also of Espy. It appears that Hummel and Sweigart are related by marriage. The latter has been drinking heavily of late, and his children have grown afraid of him. Hummel went to the house Monday night to take the children away, Sweigart objected, and during an altercation that followed he was struck several times on the head. The case was settled by the defendant restoring the children and paying the costs. Sweigart, it is claimed is morally unfit to have charge of the children and an application will be made to the Court to have them taken away from them.

Bought Land in Bloomsburg.

Thos. B. Miller, of Wilkes-Barre, agent for the Peoples Encyclopedia, has purchased the vacant lot on the extension of Third Street, from William E. Shaffer, and will build a double brick dwelling on it. Mr. Miller formerly resided in Bloomsburg. He moved from here to Wilkes-Barre, twenty years ago. He has been very successful as a book agent, and has amassed a comfortable fortune in the calling. The sale was made through Guy Jacoby Esq.

A New Press.

An improved Gordon half medium job press, with fountain, throw-off, and steam fixtures all complete, was received at this office on Monday. The first job was done with it on Wednesday afternoon, and it works to perfection, with no more noise than a sewing machine. This makes the sixth job press now in use in this office.

Case Settled.

The Sheriff vendee proceedings of the Conawango Building Loan Association of Warren, Pa., instituted before Squire Jacoby, against Charles Baker, of Catawissa have been amicably adjusted.

The Young Men's Christian Association Makes a Record Year.

The forthcoming Year-Book of the Young Men's Christian Associations covering the working year ending May 1st, will show that the Associations have increased the past year from 1,575 to 1,736. The reports of 1,500 of this number show a membership of 350,455, an increase of 27,231. Of the total 45,035 are boys under sixteen. The active membership is 144,279, an increase of 13,000; and there are 36,306 men serving on the committees of the Associations. The total property owned is \$28,827,886, an increase of \$4,726,000. On this property a debt of but \$4,460,790 rests. There are besides this, 143 building and endowment funds pledged, amounting to \$2,449,137. The Associations spent \$3,583,496 for current expenses last year, an increase of \$412,000. The State Committees spent \$179,159 in supervising and extending Association work, against \$152,109 the previous year. The International Committee expended \$150,574, \$6,000 less than in the preceding year; but for the extension of Association work in foreign lands, the Associations and their friends raised and forwarded \$81,625, an increase of \$26,000. There are now 1,729 men employed as general secretaries and other paid officers, as against 1,612 last year, and there are 205 such positions now vacant awaiting qualified men. The Associations have 739 reading-rooms and expend \$42,109 for periodicals. They have 699 libraries with 544,450 volumes. Courses of educational lectures and practical talks were given by 514 Associations and 399 educational clubs were organized. There were 29,600 students in educational classes who paid \$86,099 in tuition fees. In their religious work, the Associations show an attendance of 3,954,207 at 70,286 religious services and 306 Associations show an attendance of 77,050 at foreign missionary meetings. The number of men and boys in the Bible classes in the city and railroad Association have increased from 25,093 to 31,300. There were 6,510 shop Bible classes and meetings held, or much more than double the preceding year. There were 7,562 men engaged on religious work committees—an increase of twenty per cent. The amount of money spent directly on religious work has increased from \$102,510 to \$126,766. The number of men uniting with the churches from the Associations has increased eleven per cent. There are 634 Associations engaged in physical training; these have 545 gymnasiums and 459 of these enrolled 129,193 men and boys. The daily attendance at the Association is 108,152. Positions were secured for 16,759 men and boys. Women's Auxiliaries are assisting 443 Associations. The Railroad Departments number 195, employ 295 secretaries, have 62,288 members, gave 862,456 baths, their rest-rooms were used 841,179 times; they served 2,373,215 lunches and meals, and circulated 181,645 volumes from their 94 libraries. There are 689 Student Associations; these having 51,000 members. Army and Navy Association work is conducted at 269 points. The Committee has 150 traveling libraries in circulation, furnished 75 tons of reading matter and supplies, gave away 4,000,000 pieces of stationery, and secured the signatures of 1,565 young men to temperance pledges. Fifty-two rooms or buildings are used by these branches by permission of the authorities. At the three Naval Branches in operation the total attendance was 163,135; 77,935 meals were served; 43,210 beds were occupied, and \$121,487 was deposited by sailors for safe keeping with the secretaries. The Colored Men's Department has 34 city and town Associations, and 47 Student Associations. The 576 Associations having Boys' Departments employ 87 boys' secretaries, have a membership of nearly 50,000, have 33,478 different boys using the gymnasiums, and gave 204 educational talks. The 9,775 Bible classes were attended by 118,714, and religious services were attended by 259,000. There were 4589 boys in the 214 summer camps. Associations have been extended in the past year among street railway men, industrial workers, lumbermen, and miners. The year has been an exceptionally prosperous one with the organization.

WANTED - SEVERAL INDUSTRIOUS PERSONS

Weekly cash salary of \$18 and all traveling expenses and hotel bills advanced in cash each week. Experience not essential. Mention reference and enclose self-addressed envelope. THE NATIONAL, 334 Dearborn St., Chicago. 5-11-10-5-30

Don't For Trolley Rides.

Don't offer the very largest bank note you have to the conductor. Don't set your dress suit case on your neighbor's corns. Don't hesitate to ask all necessary questions. Don't be all day in getting off a car, after it stops. Don't stare modest ladies out of countenance. Don't spit anywhere in the car. Don't be too communicative to the conductor. Don't try to get on before alighting passengers are off. Don't bore strangers with weather talk. Don't stand on the platform when seats are plentiful. Don't make disparaging remarks about the stout woman on the end seat. Don't get impatient when the car slows up on grades. Don't get scared when a thunder storm comes up. Don't throw peanut shells all over the floor. Don't get gay with the pretty woman's baby on the next seat. Don't take a dry "smoke" to make the conductor uneasy. Don't give the conductor any, or let him work you, with nickels with holes in them. Don't forget it's poor form to talk boisterously on the cars.

To Enforce Tobacco Law.

Deputy revenue collectors have been notified to rigidly enforce the law prohibiting the sale of plug tobacco from any but stamped boxes after November 1st. The penalty is two years' imprisonment and \$200 fine. The law is aimed at the retailers, who take plug tobacco out of the boxes upon which the proper government stamp has been placed and put it in display cases. The law requires that plug tobacco shall be kept in the stamped box until it is sold to a customer. This is done to prevent dealers from selling tobacco upon which the tax has not been paid. The order will affect all small dealers as it is usually their custom to take the goods from the boxes, cut into five and ten cent plugs and put in display cases.

Night Air is Not Injurious.

One of the bugbears of old time people is night air, and there is very little exaggeration in saying that the superstition against night air has killed more people than the free circulation of it has ever injured. There is an abundance of proof that night air is injurious to no one. On the contrary, people who sleep outdoors under the mere protection of a tent are the healthiest of all people, and the practice has largely gained in popularity of late years, under wider knowledge of hygiene, for people of delicate health to go in camping parties and breath the balsam of night air.

Shade Trees are Protected.

The right of a borough over trees standing within the street lines has been decided in Lycoming county. In Picture Rocks an old church building is being moved, and it became necessary to cut down certain shade trees in order to move the building through the streets. The borough granted the contractors the right to cut the trees. The parties in front of whose property stood the trees in question asked for an injunction restraining the borough from cutting the trees. A temporary injunction was granted, and upon argument this injunction was made permanent. This makes it pretty plain that a borough cannot cut and slash shade trees at their own sweet will.

SEATS FOR 10,000 PEOPLE UNDER WATER-PROOF CANOPIES.

The belief appears to be general that coal will advance in price. One dealer informs us that ten cents a ton will be added next week. Coal dealers agree the supply is about as usual for this season of the year, but say that the demand is a little larger than last year at this time, as some people fear another strike. People who never bought their coal until August or September have their cellars full. A young Oklahoma man went to church with his very best girl. Both were quite handsome and modest. When the collection was being taken the young man explored his pockets, and whispered to the young lady: "I haven't got a cent; I clanged my pants." In the meantime the young lady had been searching her pockets and finding nothing blushed a rosy red as she stammered: "I'm in the same predicament."
