TOWNSHIP HIGH SOHOOLS.

Course of Study Prepared by Superintendent W. W. Evans.

Superintendent Evans, has prepared the following course of study for township High Schools, of which there are five, as follows: Mifflinville, Benton, Orangeville, Fishing Creek and Still-

The course as outlined is as follows: MATHEMATICS.

First year: Algebra, three-fourths of the year; Review Arithmetic onefourth of a year.

Second year: Algebra three fourths of the year; Review Arithmetic, onefourth of a year.

Third year: Plain Geometry; Mensuration.

HISTORY.

First year: General History threefourths of the year; Civil Government, Townships and Counties, one-fourth of a year.

Second year: General history, three fourths of the year: Civil Government, State, one fourth of a year.

Third year: Review U. S. History with related English History, threefourths of the year; Civil Government, Nature, one-fourth of a year.

ENGLISH COMPOSITION, LITERATURE. First year: Study narrative in both English Composition and Literary

Classics. Second year: Study Description. Third year: Study Exposition and the special condition Argumentation. The work in this taken into account. subject will embrace a thorough view

with all the essentials of Rhetoric. SCHENCE.

of Grammar, Spelling and Writing,

First year: Botany one-half year (fall and spring terms; Book keeping one-half year (winter term.)

Second year: Physical Ceography one-half year; Geology one half year. If a suitable text-book can be found an opportunity to study agriculture will be given in those schools where

LATIN.

it is desired.

First year: First Year Latin. Second year: Second Year Latin; Prose Composition. Third year: Cicero; Virgil.

EXPLANATION.

The foregoing course of study has been prepared to serve the following purposes:

1. To provide a definite basis for work in the grades beyond the common branches as taught in village and rural High Schools of Columbia county.

2. To secure a definite promotion in the High Schools throughout the county, thereby lessening the evil teachers.

4. To enable the directors and and sample bottle. parents to know better what our High Schools are accomplishing for their children, and to co-operate with the teachers in the work.

This course of study has been framed primarily for the purpose of meeting the requirements of those young people who have no prospects of ever attending an advanced school away from kome.

good, general education which shall serve as an adequate foundation for a successful career in any vocation.

While it is not the direct aim to prepare students for admission into higher institutions of learning, it will be found that the course provides an excellent preparation for entrance into our State Normal School and with only a few additions it meets the boxes of the oily waste, finding it requirements for entrance into the colleges.

The work as outlined in this course of study meets the requirements of our State law, relating to the establishing of Township High Schools. The maximum amount of extra appropriation to townships maintaining a High School of three years is six hundred dollars, a sum sufficient, with careful management, to maintain such

Esware of Ointments for Catarrh that Contain Mercury

mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly de-rive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces tarrh Cure be sure to get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

opinions of a large number of educators, both at home and abroad, have been carefully embodied in it, and we feel fairly confident that it is adequate to meet the present needs. Experience will no doubt reveal the neces- the slight reduction of twenty per cent. sity for revision, which shall be made by the teachers and Superintendent ive. The beet sugar men seemed to when necessary.

WM. W. EVANS, Co. Supt. of Schools.

We don't question the truthful-ness of the old fling "experience is the best teacher" but we have learned that her rates of tuition are sometimes pretty high.

#### Kidney and Liver Trouble-

(they commonly go together) attack effects of a too frequent change of the rich in their palaces, the poor in their tenements, the lawyer, the To unify the work in the High doctor, the judge, the preacher, the Schools of the county by furnishing woman at her housework, the sailor the basis for a closer and more effi- on the sea. Dr. David Kennedy cient direction and supervision, and prepared his new medicine, Calfor comparing by means of examina- cura Solvent, to cure it, and it does. tion, the results in the different Write to the Cal cura Company, schools.

#### Committed Suicide.

George Herbert, a retired merchant and former councilman of Carbondale, committed suicide last week by shooting himself in the head with a revolver. Two of his properties new naturalization law, which have were inundated by the late flood. He just been discovered by a special was brooding over the possibility of Its aim, therefore, is to provide an opportunity for securing a thoroughly deranged. He viciously assaulted his wife, and then, going upstairs, locked in the law as will limit the right himself in his room and took his life.

#### Hot Journal Season.

the hot journal season is approaching and accidents due to axles burning off are to be expected. The reason adsanced is that tramps rob the axle good material for starting fires, and many journals which have been attended to thus run dry at unexpected times. On a freight train on the D. L. & W. which passed through Bloomsburg Friday, there was a hot journal, the flames of which leaped half way up the car. It must have been discovered by the trainmen as no wrock was recorded.

#### Grapes Are Healthy.

Eat all the grapes you care to. Eat them tearlessly, and the more the better. "This fear of getting appendicitis," saps the Dietic and Hygenic Gazette, "is utterly baseless, since the healthy appendix is protected by a valvular arrangement which prevents even the smallest seeds from entering it. It is only after inflammation has already destroyed its normal protection that any foreign substance can gain access to it. To feel compelled to eschew all seedy berries and fruits feed the whole body. is seriously to curtail one's dietry, and upon the blood and mucous surfaces is entirely unnecessary. In fact, the of the system. In buying Hall's Ca- free and constant use of ripe berries and fruits of all kinds is one of the best preventives of this dangerous disease. Fruit eating prevents or helps to overcome constipation, and constipation is the most prolific cause of appendicitis. All smooth seeds are harmless.

### WASHINGTON.
