Every farmer should be shy of the stove men who are all the time traveling about the country. They charge twice as much as their stoves are worth. Not one farmer out of a dozen but regrets his purchase, if he should be wheedled into buying one of the stoves. The best way is to buy of men at home who are responsible.

The inventor of the cake-walk, a negro minister named John Morris, is dying in the hospital at Mt. Vernon, N. Y. He is upward of 80 years old. He was employed in his youth by President Roosevelt's parents, and visited the President at the White House recently. The inventor of the cake-walk should be remembered.

Jonathan Bachman, a well known resident of town, died of heart disease, early yesterday morning, in the eighty-first year of his age. He is survived by two daughters, Mrs. Phadelia Shollenburger, of Wyoming and Mrs. J. B. Paul, of town, and three sons, D. L. Bachman, of Perth Amboy, N. J. L. F. Bachman, of Wilkes Barre, and Mayberry H. Bachman, of Berwick.

The Fire Board held a meeting Monday evening. The long standing question regarding the numbering of the Good Will and Liberty companies was again taken up. Chief of the Department, G. E. Lewis, stated that it was for the Town Council to say what the numbers shall be and that unless action touching the matter is taken by that body the numbers will remain as they are.

The writer overheard one of our town ladies scolding her husband Sunday afternoon for not going to church and trying to be good. "Oh, I don't know that I would care to be an angel," said he, "I would have trouble getting my clothes over my wings." His wife suggested that she thought what he needed to be worried about most was how he would get his hat on over his horns.

The student body of the Normal School as well as a goodly number of down town people were well entertained in the Auditorium Saturday evening when "Between the Acts" was presented by members of the Philo Society. On Monday photographer Beagle took a picture of those who took part in the play.

A member of Congress is paid a salary of \$5000 a year. But that is not all. He had clerk hire and mileage, and other things that increase his salary. To illustrate, take a St. Louis member. His salary is \$5000 a year; clerk hire \$1200; stationery \$125; mileage \$400; four trips to his home and return to Washington would cost in fare about \$150. Telegrams and express service \$100, and postage \$100 a year. In all \$7000 a year. And yet the members of congress, or some of them, declare that they cannot live on their salaries, and are talking about voting themselves more pay.

The Wheelmen Minstrel rehearsals are progressing nicely. New life has been ejected into the matter and a thoroughly up to date and entertaining performance is assured. There is, as is known, abundant material in the Club, and it will all be impressed into service for this occasion. It is just possible that the boys will be able to spring a surprise on their many friends in a few days. A letter has been written to Hughie Dougherty, the celebrated Minstrel star, and if there is any way to get him, he will be secured. Mr. Dougherty has retired from the stage, and some of the club members are of the opinion that the veteran of minstrelsy will not be adverse to appearing in the forthcoming entertainment.

M. H. Rhoads announces his name this week as a candidate for county treasurer.  J. C. Rutter Jr., has announced as a candidate for re-election to the office of Register and Recorder. In a card which we published last week he frankly states that he is not running because his friends all over the county are demanding it, but because he wants the office. This is sensible. Everybody knows nowadays that candidates run for office because they want the money there is in it, and not merely to gratify the demands of their friends. Mr. Rutter has made a very efficient official.

While entering his home in Conyngham township, Thursday night John Howells was stricken with heart disease and fell to the floor. He was carried into the house, and medical aid was summoned, but before the physician arrived he passed away. He was about sixty-five years of age, and was well and favorably known. A wife and two daughters survive. Interment was made in the Reformed Cemetery at Numidia, on Monday.

The name of George W. Sterner is announced this week as a candidate for County Commissioner. Three years ago he was elected to that office under rather adverse circumstances. He received a large vote at the primary election, and claims that he should have gone on the regular democratic ticket, but under legal construction of the rule providing for one commissioner from the south side, Mr. Sterner was thrown off the ticket, it appearing that he had the minority vote by a very few. The result was that Mr. Sterner's friends put forth their efforts and he was elected, defeating the republican candidate. He has been a member of the executive committee of the State association of County Commissioners for the past three years. As a commissioner he has performed his duties faithfully and conscientiously and if he has made mistakes they have not been intentional ones. He asks now the usual favor of a second term.

The Prize Plow and Intelligent Farmer.
 There are good plows on the market, but the farseeing, intelligent, up-to-date farmer calls for something more than that—he wants the best. At the Fairs last Fall "LeRoy" Plows in every instance were awarded the first prize over all other Plows on the market. If you want a Plow look around, investigate, ask any farmer who has used a "LeRoy" Plow what he thinks of it, compare and suit the Plow to your convenience, not your convenience to the Plow. The "LeRoy" line is complete; you will find just the plow adapted to your needs in the "LeRoy." Sold by H. G. SUPPLEE, Bloomsburg, Pa. E. E. LOW, Lime Ridge, Pa.
