## WILL THE PANAMA CANAL PAY?

The Panama Canal will give us marked advantages over our European rivals in reaching the ma-kets of the western part of South and Central America, as well as Australia and the Orient, and it is to these sections that the world is now looking for development of commerce. The imports of western and central South America, now amount to about 100 million of dollars annually, and of that we supply at present but about 15 per cent. When the Panama Canal is opened we will have much better access to that market than any other country of the world, and should be able to increase our share to about 50 per cent. of the imports of that section. The imports of Australia and New Zealand amount to 250 million dollars annually, and of that we supply about 12 per cent., but with more direct communication should increase that share to 25 per cent. The imports of those countries generally known as the Orient amount to over 1 billion dollars annually, and of that we now supply but 6 per cent., but should supply at least 15 per cent., and perhaps 20 per cent. Thus, with a Panama Canal which will give us direct access to these great markets, now amounting to nearly I I-2 billions of dollars, we should increase our exports from the present figure of approximately 100 millions to at least 300 millions, and as that now rapidly developing trade expands, we should be able to increase our share in it .- O. P. Austin, Chief of the Bureau of Statistics, Washington in Cent Per Cent for April.

### The Picture Agent-

Picture agents who impose on the public are again in evidence, and despite repeated warnings, many people allow themselves to be duped by them. When they call at a residence, they represent that they will enlarge a photograph free of cost, but when the picture is party from whom the photograph was secured, the purchase of a frame ranging in price fron \$2.50 to \$9. of a dollar, they refuse to return the original photograph. In this manner and by this threat they invariably compel the customer to rethat the people vehemently protest loug since become threadbare

noon and gazing out of the window at the shooting buds and springing grass, the writer was reminded of the wonders of nature, and then our thoughts very naturally drifted to that which, if we understand rightly the sequence of creation, came next, man, mysterious man. He is the only creature that knows he will die, someone has said, and completed, they demand from the yet he is the only creature that laughs. He is the only creature that manifests joy in his existence. It is hard to understand. Every Unless the agent secures an order for rational man knows that he has no a frame with the advance payment mortgage on tomorrow. It is not his. He may never see it; he may die before dark. Any intelligent hired man will work harder and perform his labor better when he feels that his employer appreciates well doing. **A Most Dangerous Pastime.** Many children may be seen every pleasant day on the streets of Bloomsburg jumping rope. The ambition of the majority of them seems to be to excel in the num-ber of jumps, and they keep at it until their whole strength is gone, and they fall from exhaustion. It is not only hurtful, but extremely dangerous, and parents should for-bid their children indulging in the passtime.

## Cure For Nail Biting-

A mother whose little daughter had the habit of biting her nails had tried numerous unsuccessful device for curing her before she hit upon one which proved eminently effective. This was nothing less than the gift of a manicure set with permispion to use it all she wanted to. As the child learned to polish and trim her nails her joy in them grew apace until pride had quite put to rout the ugly habit which no amount of coaxing or scolding had been able to break up.-Table Talk.

# \$100 Reward, \$100-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medica! fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

# Make Money In California

If you are industrious and capable you can make money there. The big ranches are breaking up into small farms that need more workers to care for the increased product. The towns and cities are prosperous because the country is prosperous. There are great valleys of the richest soil in America waiting for you. If you

have a little capital you can own one of these small farms yourself, or you can rent one on shares and pay for it out of the product in a few years. We will send you descriptive booklets and folders giving full information about the money-making opportunities for every member of the family.

You want to see what the country is really like; you can go there, work a few months, enjoy the delightful climate, the flowers, fruit and scenery, and earn enough to pay your expenses both ways by taking advantage of the

For one-way colonist tickets. Correspondingly reduced rates from almost any point East. The trip is easily and comfortably made via the Rock Island. Two routes—one through New Mexico, the other through Colorado. Through tourist cars—hours quicker than any other line. Double daily tourist service via El Paso —tri-weekly via Colorado. Dining-car service and free reclining chair cars, both routes. The Rock Island has representatives throughout the United States; they are travel experts and can save you money. You can have their assistance in arranging the California trip for the asking.
