Neighborly Neighbors

A very choice offering to the imusement seekers of Bloomsburg, is that extremely entertaining comedian, Tom Waters in his new nusical mixture, Neighborly Neighbors. Much that is wholesome in the comedy field has been packed into two hours and a haif of nvigorating fun centering about the actions of some of the cleverest of comedians and comediennes. The action of the play is fast and genuinely funny, never degeneratng into horse-play. It is a laughtble success, as gingery and efferrescent as wine of ten years vintige. A good dose for all dyspeptics, misanthropes, melancholics and others for whom the medicine of wit should be prescribed. Inerpolated, not obtruded are high class specialties, catchy musical numbers and bits of comic extravacance. The chorus girls are tuneful and pleasing. There has been no expense spared to make this one of the leading musical comedies in merica. At the Grand Opera House, Dec. 1st.

Eagles Attended Church.

They Must Carry Cards.

San Jose Demonstrators Must Carry Com mission With Them.

Word has been received by State Zoologist Surface that a man rep resenting himself as an agent of the agricultural department has been going through Northumberland county telling farmers whose orchards are afflicted with the San Lose Scale that they must cut down their trees. This advice has so incensed the people of that county that when W. H. Brinkerhoff, the official inspector and demonstrator of Northumberland, Montour and Schuylkill counties, presented himself he has been turned away. They fear that he is a colleague of the bogus odvice man. State Zoologist Surface said yesterday that the actions of the fraud were defeating the purpoees of the department, which are the detecting of the scale and the treatment of trees that are affected. The inspectors hereafter will carry cards bearing a commission from the agricultral department.

Is Your Stomach Disordered?

If it is, indigestion naturally ensues; the kidneys become clogged with impurities that impuir or stop their secretary functions; the blood is vitlated and actually poisons the whole being. Let this go on to its natural ending and the sure result is—death. The one medicine that will arrest this fatal progress is

Dr. D. Kennedy's Favorite Remedy which stimulates and strengthens the digestive organs, restores the secretory functions and speed-ily casts out the gathered impurities in the organs affected. If you have bad breath, sluggish bowels, pain in the back, discolored skin, nervousness or dis-ziness, you may be certain that your vital organs are sadly out of condition and that

Your Only Wise Course

is a medicine that will cleanse your system of the impurities that clog life channels and restore vigor and health. Medical science proves that diseases, no matter how great a variety, seem to proceed from comparatively few causes. It is for this reason that some single medicines relieve or cure so wide a range of compaints. When a medical preparation acts at once upon the digestive and urinary organs and also

Purifies the Blood

the list of difficulties subject to its control is astonishing. It is conceded that Dr. David Kennedy's Pavorite Remedy is the most effective preparation now in use for all diseases arising from a foul or impure state of the circulation. A persevering use of Dr. David Kennedy's Pavorite Remedy according to directions, will soon relieve and ultimately cure when no other medicine or treatment is of any permanent benefit.

CONAN DOYLE. THE FAMOUS CREATOR OF "SHERLOCK HOLMES." RECEIVES THE HIGHEST PRICE EVER PAID IN AMERICA FOR ANY SERIAL

\$25,000 For Just the Magazine Rights of His Thrilling New Romance, "Sir Nigel"

Exclusively In The Sunday Philadelphia Press

When the most successful novelist of our time, at the zenith of his fame, writes his undoubted masterpiece, the literary event calls for more than passing comment. The eyes of all the world who write, and of all the world who read, become fixed upon the career of Sir Arthur Conan Doyle, Knight by grace of King Edward, and by grace of the people the first story-teller in the world to-day.

No author is better qualified to put forth a volume that will endure as long as English literature is extant than Conan Doyle, and no work will come nearer being the greatest story that the world has ever read than 'sir Niget' for which the astounding price of \$25,000 has been poid, not only for just the American magazine rights, but for the rights for just this publication,

All the critics say that Conan Doyle's fame tests not upon his "Sherlock Holmes" stories but upon his "White Company," a tale of the middle ages. And another "White Com-pany" this thrilling new romance is to be, in which Conan Doyle takes in "Sir Nigel" at the age of twenty-two, just as he is setting forth in life to mend with his sword the fallen fortunes of his noble house and family.

Critics and editors who have been favored with early readings of it say it is unquestionthe greatest h storical romance ever written, and will without doubt be the liter-ary sensation of the year. The first installment begins in the Sunday Magazine section of "The Philadelphia Press," beginning Sunday, December 3. Nowhere else can it be procured in book or other form; therefore it behooves you to leave your order with your newsdealer or carrier to serve you with "The Sunday Press" of that date, Decem-
