WHOLE FAMILY FLOGGED.

Man and Three Women Victims of Virginia Whitecaps.

Roads, Va., April 3.—News has just reached this city of a white-capping affair in Franklin County, near Rooky Mount, Va. A body of masked men visited the home of John W. Eneedy, took the entire family, consisting of Eneedy, his wife, his mother, and his wife's sister, out of their beds, carried them for some distance into the woods, partially stripped the women, and entirely stripped the man, after which all of them were whipped with rawhides until their backs were lacerated.

The victims were then untied and warned that the entire family must leave the county, after which the masked marauders disappeared in the darkness. None of their assailants could be recognized. The family had been unwelcome in the community for some time.

Gave Blood to save wife.

Philadelphia, April 4.—With four quart of her husband's heart's blood surging through her veins, Mrs. Peter Anderson is to-day on the road to recovery after all hope of saving her through ordinary medical skill had vanished.

The unusual operation which was necessary in order to save the life of Mrs. Anderson left the man almost as weak as the woman. It will be several days before Anderson is able to leave his bed.

The blood was literally pumped from the heart of Anderson into the veins of his wife, arteries leading to that organ having been severed.

ROYALTY FOR HARVARD

Kaiser Wants Prince Oscar to Associate With American Boys.

BEGINS IN SEPTEMBER

His Elder brother was first intended for an American Education-Kaiser's admiration for President Roosevelt and Ambassador Tower led to his choice of Harvard.

London, April 4.—The Berlin correspondent of the Daily Mail says that the Kaiser's decision to send his fifth son, Prince Oscar, to Harvard University is a continuation of his Majesty's American policy which began with his despatching his brother, Prince Henry of Prussia to the United States in 1903 and which has been kept up in the meantime by a series of compliments, such as the donation of statues, buying American yachts, the exchange of professors by German and American universities and by conspicuous hospitality to distinguished American visitors.

Nothing definite in regard to Prince Oscar's plans for going to Harvard is known so far as the German Foreign Office or the American Embassy at Berlin. The Kaiser first expressed his intention to educate one of his sons at Harvard at a dinner at the American Embassy last year. He at that time had in mind his fourth son, Prince August Wilhelm, but as that Prince has since become engaged to be married the Kaiser apparently decided that Prince Oscar, who will be 19 years old in July, should be the one to receive the advantage of a thoroughly democratic university training.

It is probable that he will be accompanied by a military adjutant. He will go to America in time for the opening of the next college year in September. He is now an undergraduate of Bonn University.

Two facts determined the Emperor in his choice of Harvard. First, it is the alma mater of President Roosevelt and Ambassador Tower, who is extremely popular at the German court, and secondly, it is the American university which makes a specialty of German subjects.

The Kaiser is said to be anxious that one of his boys shall grow up with one of President Roosevelt's. If Prince Oscar enters Harvard in September he will have Theodore Roosevelt, Jr., as a college mate, while the President's second son, Kermit, may enter the university at the same time.

THE SUIT AGAINST MRS. EDDY

Her Son Says It Was Brought for Her and in Her Behalf.

Deadwood, S. D., April 4.—George Glover, son of Mrs. Mary Baker Eddy, to-day gave out the first signed statement in regard to his suit now pending against his mother's cabinet. It follows: "I have never until the commencement of the present action contemplated any suit or proceedings of any kind in which my mother might have been in any way concerned, nor did I ever employ counsel for any such purpose."

"The insinuation that I was always asking mother for money is utterly unfounded. The thousands of dollars often referred to was sent for the purpose of completing the house. Only once have I asked her for money, and on that occasion she gave it to me willingly, refusing to consider it a loan."

Glover's statement was in answer to charges by Attorney J. P. Wilson of Denver, Glover's former counsel, that the suit against Mrs. Eddy was started to break down the Christian Science Church and secure money to work mines.

Sea Flooding Havana.

Havana, April 3.—A portion of this city along the water front is inundated. Exceedingly high waves are dashing over the seawall outside the harbor, and many streets are flooded.

Taft Bars Mothers-in-Law.

San Francisco, April 3.—Secretary of War Taft has taken a stand with married army officers against their mothers-in-law. The military chief has ruled that a mother-in-law cannot be classed as a member of an officer's family; therefore she must be debarred from riding free on transports plying between this port and the Philippines.

Enforcement of this order is causing much quiet rejoicing in Officers' Row at the Presidio.

GRAVEL CURED

(Philadelphia, Penn., Item.) A healthier, heartier, happier man than John J. Neill, of 2437 North 8th St., Philadelphia, could not be found in a day's search. The fact that he is still alive is a constant wonder to his friends. Several years ago he began to suffer in describable miseries from stone in the bladder. An eminent physician in Philadelphia told him that a surgical operation was necessary. So much did he dread the result, for unsuccessful it meant death, that he put off the evil day as long as possible. While in this frame of mind, he heard of DR. DAVID KENNEDY'S FAVORITE REMEDY. Although disheartened, he bought a bottle of it, and within a month had experienced beneficial results, and before he had finished the third bottle, the gravel was completely dissolved, and his sufferings at an end. Mr. Neill feels that he owes a lasting debt of gratitude to Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and for disorders of the bladder and urinary organs. He says: "It will effect a cure if one is possible." Favorite Remedy is prescribed with unfailing success for rheumatism, dyspepsia, constipation, and nerve troubles in which it has cured many that were considered beyond the aid of medicine. All druggists, \$1.
