

FIVE BODIES UNearthed

Indiana Farmhouse Murders Recalls Famous Bender Case.

THE WIDOW'S VICTIMS

Andrew Heldgren Found Buried on a Farm in Indiana—Woman's Alleged Partner in Crimes Charged With Killing Her and Three Children.

Laporte, Ind., May 7.—Close to the ashes of the home of Mrs. Belle Guinness, who died with her three small children in the burning of the house, the bodies of three men, a woman and a girl were unearthed six miles from here. All five had been murdered and dismembered. Six feet deep were the bodies of two men and a woman, all as yet unidentified, on top of them and separated from them by a mattress was the body of Jennie Olson Guinness, 16 years old, an adopted daughter of Mrs. Guinness, and covered by only eighteen inches of earth was the body of Andrew Heldgren, who came here on January 2, from his home in Aberdeen, S. D. Heldgren cashed a draft for \$3,000, in a Laporte bank about a week after his arrival and the following day disappeared.

The series of murders was revealed as the result of the suspicion of John Heldgren who came here from Aberdeen. Heldgren began a search for his brother, Andrew Heldgren, a month ago, when he found that the statement of Mrs. Guinness was untrue that his brother had started from Laporte for Sweden to visit relatives. Sheriff Butler went to the Guinness farm with Heldgren and the two men had only begun to throw the fresh earth from a mound in the yard when the body of Andrew Heldgren was found.

The sheriff says he believes still other bodies are buried on the farm, and a gang of workmen continued digging by lamplight under his direction. Six special deputy sheriffs are guarding the farm, and digging will begin in the ruins of the farmstead at once. Butler is suspicious that bodies were buried deep in the basement of the house.

Ray Lamphere is under arrest charged with the murder of Mrs. Guinness and her three children, Myrtle, eleven years; Lucy, nine years old, and Phillip, five years old. When the body of the woman was taken from the ruins of the house, the head was missing. One physician said the head had been burned off; another physician expressed the opinion the head had been decapitated, her children murdered and the house set on fire to cover the crime. Lamphere was employed on the Guinness farm, and it was said that he displayed jealousy of Heldgren's friendship for the woman. The prisoner was put through the third degree but he denied that he knew anything about the murders.

Japan Appeals to Chinese.

Tokio, May 6.—Full realization of the serious possibilities of the Chinese boycott seems finally to have impressed itself upon the Tokio government. It reveals its concern by sending secret instructions to the Governors of Kanagawa, Hyogo and Nagasaki provinces, urging them to utilize the influence of the Chinese merchants of Yokohama, Kobe and Nagasaki in an effort to bring pressure upon their fellow countrymen in the agitated districts. The Tokio authorities, acknowledging that their official protests have only served to add fuel to the fire of the Chinese resentment at what they term their national disgrace, now hope to influence the boycotters by an appeal to Chinese exporters resident in Japan, where business is greatly suffering.

War on Black Hand.

Chicago, May 6.—Baron Mayor des Planches, the Italian Ambassador to the United States, arrived in Chicago to investigate the numerous Black Hand outrages charged against certain classes of his countrymen here. Officers of the White Hand Society stated that the Ambassador would remain in the city a week to study the situation. The leading Italian merchants and professional men have been the victims of extortion, blackmail, assassination, and dynamite outrages for months, and all efforts of the Chicago police to check them have been futile.

Disrobed Girls Startle a Town.

Waupaca, Wis., May 6.—Citizens of Bromide, six miles from here, were awakened at daybreak by the arrival of a band of Holy Rollers, who disembarked here from a west-bound train and spent the night walking to the new town. Beating drums and singing they marched to Bromide Springs, where five buxom young women of the band began the ceremonies by disrobing in public and wading into the cold waters, praying at the top of their voices.

SAGAN TO TURN PROTESTANT.

Will Take That Course In Order to Marry Mme. Gould.

Rome, May 7.—It now seems plain enough that the object Prince Helie de Sagan and Mme. Anna Gould had in mind in coming to Rome was to negotiate with the Vatican for an annulment of the Gould-Castellani marriage.

Price Helie has consulted Mr. Lombard, the Consular lawyer

PRINCE HELIE DE SAGAN.

who gave it as his opinion that the Gould-Castellani case did not furnish sufficient elements to warrant the Church granting an annulment, and Prince Helie, forced to take drastic measures, is now determined to leave the Catholic church and turn Protestant. He thus will be able to marry Mme. Gould both civilly and religiously.

To Kidnap Bryan, Jr.

Houston, Tex., May 7.—Pat Crowe, who caused a national sensation eight years ago by kidnapping millionaire Cudahy's child, is again in trouble.

Confessions made by him and alleged accomplices reveal details of a carefully laid plot by Crowe and confederates to abduct William Jennings Bryan, Jr., a sixteen-year-old son of the famous Nebraskan. The boy was to be lured onto a launch and hidden on Manton Island until a ransom for his release was paid. Young Bryan, who had spent several days in Galveston, intended to come to Houston Monday night. The train was due to reach Harrisburg about 9 o'clock in the evening. Young Bryan left Galveston, but suddenly decided to spend a day in fishing at Seabrook, half way between the two places. This delay frustrated the kidnapping plan.

Japanese Cruiser Sunk.

Tokio, May 5.—The cruiser Matsushima of the Japanese training squadron was sunk by an explosion off the Pescadore Islands between the west coast of Formosa and the coast of China. The death list has not been ascertained, but according to the best reports only about fifty-eight out of 300 cadets on board were saved. Capt. Yashiro was among those lost, as were most of the officers. The disaster was caused by the premature explosion of a projectile, which set off a magazine. The cruiser sank immediately, until only her bridge was visible above the water. Boats from other cruisers saved 141 of the crew, including some officers, but the majority of the officers perished. It is feared that the sons of Baron Chida, Vice-Minister of Foreign Affairs, and Field Marshal Oyama who were cadets, are among the lost.

Battleships in Peril.

Monterey, Cal., May 5.—The battleships Illinois and Alabama had a narrow escape from a serious collision. While a northwest gale was sweeping into the harbor the anchor chain of the Illinois parted and the battleship went drifting toward the shore. She headed directly for the Alabama and it looked for a time as if it would be impossible to avert a collision. By heroic work, however, the helmsman of the Illinois managed to steer the drifting ship away, and the only damage done was the tearing away of the port gangway of the Alabama. The Illinois drifted fully 800 yards before her emergency anchors, sent spinning into the white capped waters, finally held.

30 Guests Die in Hotel Fire.

Fort Wayne, Ind., May 5.—Caught on the upper floors of the New Avenue Hotel, a six-story building more than fifty years old, when fire broke out in the hotel, more than a dozen persons were buried to death and thirteen others seriously hurt. Ten bodies have been taken out of the ruins and it is believed that when the death list is completed, it will be found that nearly thirty persons died in the flames. The hotel register was destroyed so there is no way of determining the exact number of those who occupied rooms when the fire was discovered.

"We are now at the point of putting into commercial execution the result of years of toil, thought and experimenting," said Mr. Hunter. GOV. JOHNSON'S VIEWS

Disowns Tammany and Does Not Depend on New York.

A FRIEND OF BRYAN

Says Tariff is Big Issue in Coming Campaign—Our Flag for Canada—Tells Detroit Business Men if They Cross River Stars and Stripes May Follow.

Detroit, May 7.—Tammany and Leader Charles F. Murphy were disclaimed by Governor John A. Johnson of Minnesota in an interview here. He said:

"New York has no connection with my candidacy. My support will have to come from another direction than Wall street. I may say that I have had no relations politically or otherwise with the other side of the Hudson. I have had absolutely nothing to do with Tammany or Murphy. Mr. Bryan and I are good friends. I am not in a fight for the purpose of defeating Mr. Bryan.

"The tariff is the big issue in the coming campaign. The others are subordinate to that. I believe in one legitimate combination of capital, and I do not believe in the destruction of the corporation system. I do not believe in government ownership of railroads. I believe in government regulation but not ownership."

Major William H. Thompson and a committee of thirty prominent men met the Governor at the Michigan Central station and escorted him to

GOV. JOHN A. JOHNSON.

the Hotel Ponchartrain for breakfast. Governor Fred M. Warner, the Republican Governor of Michigan joined the party in an automobile drive about the city. Governor Johnson was entertained at luncheon by the Wholesalers Association, and made a short address. He said:

"The problem of the future is the government of America by Americans. In the working out of this problem I believe we must omit the imaginary line between the United States of America and the Canadian States of America. I can see no reason for the division.

"I believe that the flag bearing the stars and stripes must finally float from Behring Sea to the Gulf of Mexico. The intellectual energy of the country must be directed to the commercial union of the two countries, if to no other.

"If the products of the business men of Detroit went free and unhampered into Canada perhaps the flag would follow them into that country."

C., May 7.—That serious trouble is likely to break out in Panama and that conditions there are far more unsatisfactory to the United States than is generally known was divulged by latest advices to the State Department from Panama. It is owing to these developments that Secretary Taft, in the midst of his political campaign, is on his way to Panama to avert an outbreak.

GETS DIVORCE NAMING NEGRO.

Lawyer of Woman Who Wrote "Darling Harry" Letters Withdraws.

Bridgeport, Conn., May 7.—Counsel for Mrs. Augustina Lord, of this city, unexpectedly announced that she had decided to quit fighting, the divorce suit brought by her husband, Henry Lord, a wealthy young horseman.

Judge Robinson thereupon granted a divorce to Mrs. Lord upon the ground that Mr. Lord had been too friendly with her negro coachman, Harry Cameron.

The moment the case was decided a score of young men who had listened to the sensational testimony given against Mrs. Lord by Lord's servants started in search for Cameron. They made little secret of their intention to drive the negro out of town at the least, and many other young men of the town joined in the search.

For a time it appeared as if trouble might follow the sudden ending of the case, but the searchers couldn't find Cameron.

The collapse of the defence came when Mrs. Lord's attorney Stiles Judson, learned from her that she wrote the "Darling Harry" letters that Mr. Lord says he found in her bureau drawers.

Mrs. Lord didn't want to give in, but was in such a nervous state, however, that her lawyer said he felt compelled to insist upon having her quit the defence.

Churchgoers Cheer Hughes.

New York, May 6.—There was something of a religious spirit about the audience that thronged Carnegie Hall to hear Gov. Hughes and other speakers advocate the passing of laws by the Legislature to regulate race track gambling. The meeting which was under the auspices of the anti-race track gambling campaign managers had on the stage men representing many of the churches of the city.
