THE DAILY'S LIBEL SUIT.

E. B. Tustin Causes the Arrest of Editor Brewington.

On Friday last the Bloomsburg Daily published an article from the New York Times, in which the latter ascribes to Edward B. Tustin an interview in which Tustin is made to call Bloomsburg investors in Nevada Copper a lot of squealers, and that they would not get any of their money back. It also published in the same issue a letter signed by W. S. Fisher of Providence, R. I., stating that he was instrumental in investing a large amount in the stock, and claiming to have abundant evidence to convict somebody of crookedness.

On Monday afternoon Mr. Tustin swore out a warrant for the arrest of Percy Brewington, editor of the Daily, on a charge of criminal libel, and also instituted a civil suit for \$25,000 damages, through his counsel, A. W. Dwy, Esq. Mr. Brewington knew nothing of the publication until it was printed. He waived a hearing and gave bail for appearance at court. He has retained John G. Harman Esq as his counsel.

Ministers Scarce.

Presbyterians Find Young Men Are Favoring a Business Life.

An unsolved problem before the General Assembly of the Presbyterian Church in session at Kansas City, is the scarcity of men for the ministry.

In the discussion some of the speakers blamed state university and other undenominational institutions of learning for turning the thoughts of students from religious to commercial currents.

"With four million Presbyterian communicants," said the Rev. S. W. Sneed, of Pittsburg, chairman of the Board of Education, "we have only 117 in training for the ministry. Many colleges are yielding to the feeling against the ministry by cutting Greek and Latin in curricula as elective courses and many even resent the imputation that they are denominational institutions."

"Fathers and mothers," said Dr. Sneed, "should be taught that it was wrong to take their children to baptism with the mental reservation that they should never enter the ministry."

The Rev. Joseph W. Cochran, of New York, corresponding secretary of the Board of Education, said: "We are getting along with just two-thirds of the supply of ministers that we ought to have. We must either supply untrained men or import them from other denominations."

The Poultry Yard.

The deadly louse is at work. Do not expect the stock to thrive without any green food.

June is a hot month; do not neglect the supply of fresh water.

Look out for rats. Do not allow them to have any hiding places near the coops.

Cut down the quantity of heating food in the ration, such as corn, and feed plenty of green stuff.

If you give your hens plenty of mixed feed, so arranged that they can sort it over, they will balance their own ration.

Placing slatted racks over the water troughs is a good way to keep the festive ducks from wasting their drinking water.

Put everything drinkable into shallow vessels. Fix it so that the chicks can drink and still not get their feet into the water or milk.

Don't be afraid to give the chicks all the sour milk they will eat. Good for them. If there is anything better I have never found it.

Are your chicks bothered with gapes? Well, spade up a portion of the yards each morning and induce the chicks to burrow in the freshly-turned earth, rather than to allow them access to the rotten wood yard, where the trouble lies.

Now is the time when the roosts of most hen houses are more or less alive with the terrible little mites. In kerosene we have a cheap and never-failing remedy. Soak the roosts with it from time to time; or, still better, spray it all over the inside of the building, reaching every crack and crevice. It kills wherever it touches, and the treatment will save much suffering to the poor fowls, and money for the owner.

Just June.

There's a moon not too obtrusive, Sort of misty and delusive, Frequently and opportunely hiding, way beneath the clouds; And a maiden, sweet and pretty, Not too solemn or too witty, Down a country lane a-walking, free from madding, gadding crowds, With a youth, in love almighty, Probably some five-and-twenty; And a heart that's litting "Sweet, oh, I love you!" like a tune. Well, the rest is very simple: Just a sigh or two, a dimple, And a kiss.—Ah, these things happen—happen when the month is June! —From Woman's Home Companion for June.

Methodists Abolish "Presiding Elder" Conference Changes Title to "District Superintendent."

The time-honored title "presiding elder" was abolished on Monday by the adoption of a minority report from the Revision Committee of the Methodist General Conference in session at Baltimore, recommending that the name be changed to "district superintendent," by a vote of 322 ayes to 210 noes. This radical change of terms is the outgrowth of a desire to denote the office more correctly. It has been felt for a long while that since the presiding elder is today in reality a superintendent that this term should be given him since his office is no longer merely sacramental, but administrative.

A resolution indorsing the movement started by the Young Men's Christian Association for the establishment of a mothers' day" to be observed on the second Sunday in May yearly, was tabled.

Hereafter, the conference decided, Methodist Episcopal bishops will be relieved of the duty of passing upon charges of heresy which may be laid against professors in theological seminaries. These complaints, if they come to the bishops, will in the future be turned over to the annual conference, of which the accused is a member if he be a minister, and if a layman, to the pastor of the church to which he belongs.

A report which received careful consideration before it finally was adopted was one going away with the six months' probation system. Under the new rule persons may be received into the church as soon as they are recommended by the official board or by the class leaders' and stewards' meeting with the approval of the pastor.

It was resolved that the changes in the discipline and course of study shall go into effect June 1, 1908.

The Recreation team gave the Cuban Giants a scare on Wednesday afternoon when the score was 3-2 in their favor. But for some errors on the part of the home team the game would have gone against the Giants. A large crowd was present.

The Giants play at Benton today and Shickshinny tomorrow.

Strawberries Canned Without Cooking.

Have your jars perfectly clean and dry, then take equal parts of fresh berries and sugar, and mix and mash thoroughly. To accomplish this, take only a small quantity in a dish at a time, that you may be sure every berry is mashed. Put into the jars, and seal immediately, inverting the jar for a short time before putting away.

The work is easily and quickly done, as there is no heating. My berries canned in this way last summer kept perfectly and have preserved their delicious flavor unimpaired.

Strawberry shortcake equal to that of the summer has been an enjoyment whenever we wished through the winter.—From Woman's Home Companion for June.

Mrs. H. C. Jones is spending a few days with relatives in Benton township.

The Black Diamond train on the Lehigh Valley railroad will be restored on June 14th.

The Craftsman and Wheelmen teams played a game of base ball on Monday afternoon, the score being 13-10 in favor of the latter.

WOMANLY WISDOM.

Back and forth in the rocker,  
Lost in a reverie deep,  
The mother rocked while trying  
To sing the baby to sleep.  
The baby began a-crowling,  
For silent he could not keep;  
And after a while the baby  
Had crowded his mother to sleep.

To free a house of mice, sprinkle red pepper where they are likely to run in it. They will soon leave.

Don't discourage the boy when he comes to you with his cares or troubles. Sympathize with him, and thank God he confides in you.

The sweetest, purest ornament that a woman can wear, and of which she should feel proudest, is the clinging necklace of her baby's arms.

You can make pretty and durable table mats of the bottoms of used grape baskets. Tear off the sides and cover the bottom part with white linen or table oilcloth.

Hang a palm-leaf fan by each bed. It is a comfort to have a breeze at command when you wake in the middle of a sultry night, and the cooler air and the regular motion of fanning often soothes one to sleep.

Some folks are troubled by potatoes turning dark after being boiled, especially at this time of the year. If they are peeled an hour or so before they are cooked, and left to stand in cold water, they will keep nice and white.

Butter may be kept solid in warm weather if put in a bowl that is covered with a plate and set in a pan of cold water. Then fold a towel and lay across the plate with the corners hanging down into the water, and put the pan in a cool, if possible, a drafty place, and the evaporation will keep the butter firm.

This is why his marriage was a failure: He did all the courting before marriage. He never talked his affairs over with his wife. He thought of his wife only as a cheap housekeeper. He never dreamed that a wife deserved praise or compliments. He married an ideal, and was disappointed to find it had flaws. He paid no attention to his personal appearance after marriage. He treated his wife as he would not have dared to treat another woman.
