

THE COLUMBIAN.

BLOOMSBURG, PA.

THURSDAY, AUGUST 20, 1908.

DEDICATION OF MONUMENT AT FREDERICKSBURG, VA.

Humphreys' Division, Wednesday, November the 11th, 1908.

This monument which is to be unveiled on the 11th day of November next, is being erected by Pennsylvania, under the Act of May 11th, 1905, in commemoration of the charge of Humphreys' Division on Maryes' Heights, Fredericksburg, Va., on the 13th day of December, 1862.

The Commission, known as the Fredericksburg Battlefield Memorial Commission, consists of: D. Watson Rowe, President, Chambersburg, late Lieut. Col. 126 Regt. James M. Clark, Sec'y and Treasurer, New Castle, late Captain G Co., 134 Regt.; Wm. Witherow, Pittsburg, late of E Co., 123 Regt.; Clay W. Evans, St. Clair, late of B Co., 129 Regt.; J. Hunter Miles, Milton, late of B Co., 131 Regt.; Geo. F. Baer, Reading, Philadelphia, late Captain E Co., 133 Regt.

Every honorably discharged survivor of the Eight Regiments constituting Humphreys' Division, in whatever State he may live, in accordance with the provisions of the dedication Act of June 13, 1907, is entitled to free transportation to Fredericksburg and return, from the Rail Road station in Pennsylvania, nearest to his residence.

In order to secure this transportation, which does not include either subsistence, or sleeping or parlor car accommodations, individual application must be made to the Secretary, James M. Clark, New Castle, Pa. This initiative application need contain no information but his desire, name and Post Office address. The rest will follow in due course.

While orders for transportation will not go out before sometime in October, it is important that applications be sent to the Secretary at once, in order that the Rail Roads may have timely notice for the needful ticket arrangements.

Tickets can be secured on the Secretary's order, from November 5th to 11th inclusive, good returning until November 25th inclusive, subject to such stop off privileges, as shall hereafter be provided for.

Upon receipt of the order for transportation, an immediate call should be made upon the ticket agent, that he may have plenty time to remedy any defect in his instructions.

It is expected that arrangements will be effected for the sale of tickets to the family and the family friends, on card order of the Secretary, at a one and one-half cent rate each way.

State Laws.

Concerning the publication of new laws as they are passed by the legislature the Scranton Tribune says:

"If New York can afford the expense for a proceeding that is of so much real benefit to the people, there is no reason why Pennsylvania could not also foot the bill without hardship." We believe that a majority of citizens are in favor of the publicity of the acts of the General Assembly, especially those which are general in their application. Violation of the game and fish laws, the pure food laws, the Department of Health measures and other acts are so frequent through ignorance that the publication of the laws has become a necessity. A few lawyers afraid of losing business through the publication of the laws were responsible for the defeat of the bill in the last Legislature. They ought not to be permitted to defeat a similar bill at the approaching session."

\$100 Reward, \$900.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Will Store Coal During Winter.

Companies Prepare to Forestall a Strike.

Measures calculated to forestall a strike by the anthracite coal mine workers when the three years' wage agreement now in effect expires, April 1, 1909, have been decided upon by the railroad companies.

Huge stocks of coal are to be accumulated as a measure of defense and also, if necessary, for use during any trouble that might arise.

This plan of campaign is little different from that carried on three years ago. At that time fully 10,000,000 tons of anthracite were stored in advance. Now the storage capacity of the big coal companies is materially larger, and it is all likely to be utilized.

Beginning next month the big railroad coal companies intend to operate their collieries on full time. Last month the total output of anthracite coal was 4,540,000 tons, or fully 20 per cent. below normal, and this month production is also running very low, many of the mines working half time.

North'd County's Murder Cases.

The Status of Three Murder Cases.

The three prominent murder cases of Northumberland county are at present in an unsettled state. Attorney Thomas N. Burke of Mt. Carmel, is busily engaged in preparing a defense of Conrad Whyne, who shot and killed his son at Locust Gap last fall during a drunken quarrel. District Attorney Deibler and County Detective Glass are also deeply interested in the case, which will be tried at the September term of criminal court, and are piling up evidence against the accused.

Counsel are preparing to try the Fisher case, having been successful in their appeal to the superior court, which awarded them a new trial. The September term promises to be a busy one and it is expected that the murder cases will take up about one week's time. The case of Stanny Marcavitch, who was given a respite by the governor, will likely be settled finally some time this month.

Army Buys Airship.

After a number of critical tests at Fort Myer, Va., the dirigible balloon constructed by Captain Baldwin has been purchased by the Government for \$5737.50. On Saturday the airship made a flight of more than two hours duration at the average speed of 13.75 miles per hour. This is the first dirigible in which the army has invested.
